Lightbridge CEO Seth Grae to Participate at the 2021 Atlantic Council Global Energy Forum

RESTON, Va., Jan. 13, 2021 (GLOBE NEWSWIRE) -- Lightbridge Corporation (NASDAQ: LTBR), an advanced nuclear fuel technology company, today announced that Seth Grae, President & Chief Executive Officer of Lightbridge Corporation, will participate in a panel discussion on *Nuclear Beyond Power: Hydrogen, Heat, and Desalination* at the prestigious 2021 Atlantic Council Global Energy Forum on Wednesday, January 20, 2021, at 10:00 a.m. Abu Dhabi time (1 a.m. ET). The Forum will be livestreamed on the Atlantic Council's YouTube page, at <https://www.youtube.com/channel/UCw0y9zO1RXI6uEzoKbbnxTQ>

The Atlantic Council Global Energy Forum is the premiere international gathering of government, industry, and thought leaders to set the energy agenda for the year. Now in its fifth year, the Forum, which has previously been held in person in Abu Dhabi, has emerged as the go-to energy conference to discuss the geopolitical and market issues confronting the energy industry in the coming year, develop new partnerships, and demonstrate thought leadership on global energy trends. The 2021 Forum will have a special focus on the post-pandemic energy system, emerging net-zero carbon goals, the role of the Middle East in the energy transition, and US energy and foreign policy priorities in the Biden administration.

About Lightbridge Corporation

Lightbridge (NASDAQ: LTBR) is an advanced nuclear fuel technology development company based in Reston, Virginia, United States. The Company is developing Lightbridge Fuel™, a proprietary next-generation nuclear fuel technology for current and future reactors, which significantly enhances the economics, safety, and proliferation resistance of nuclear power. Lightbridge invented, patented, and has independently validated its technology, with goals of preventing climate change and enhancing national security. The Company has assembled a world-class development team. Four large electric utilities that generate about half of America's nuclear power advise Lightbridge on fuel development and deployment. The Company plans to operate under a licensing and royalty model and based on the increased power generated by Lightbridge-designed fuel, expects to offer high ROI for operators of existing and new reactors. Forward Looking Statements

With the exception of historical matters, the matters discussed in this news release are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including statements regarding the timing and outcome of research and development activities, other steps to commercialize Lightbridge Fuel™ and future governmental support and funding for nuclear energy. These statements are based on current expectations on the date of this news release and involve a number of risks and uncertainties that may cause actual results to differ significantly from such estimates. The risks include, but are not limited to: the Company's ability to commercialize its nuclear fuel technology; the degree of market adoption of the Company's product and service offerings; market competition; dependence on strategic partners; demand for fuel for nuclear reactors; the Company's ability to manage its business effectively in a rapidly evolving market; changes in the political environment; risks associated with the further spread of COVID-19, including the ultimate impact of COVID-19 on people, economies, and the Company's ability to access capital markets; the outcome of the arbitration with the Company's former joint venture partner and dissolution of the Enfission joint venture; as well as other factors described in Lightbridge's filings with the U.S. Securities and Exchange Commission. Lightbridge does not assume any obligation to update or revise any such forward-looking statements, whether as the result of new developments or otherwise, except as required by law. Readers are cautioned not to put undue reliance on forward-looking statements.

A further description of risks and uncertainties can be found in Lightbridge's Annual Report on Form 10-K for the fiscal year ended December 31, 2019 and in its subsequent reports on Form 10-Q, including in the sections thereof captioned "Risk Factors" and "Forward-Looking Information and Factors That May Affect Future Results", as well as in its subsequent reports on Form 8-K, all of which are filed with the U.S. Securities and Exchange Commission and available at <http://www.sec.gov/> and www.ltbridge.com.
