Transaction Information

Ceragon Networks Ltd. (NASDAQ: CRNT), a leading solutions provider of end-to-end wireless connectivity, has completed the acquisition of End 2 End Technologies, LLC, a U.S. systems integration and software development company that serves Private Networks, primarily in the Energy and Utilities markets.

End 2 End Technologies adds unique expertise in providing radio frequency communications, both in broadband and narrowband advanced network infrastructure solutions. It specializes in the design and implementation of core voice and data networks, including traditional routing and switching technologies, in addition to advanced security, wireless, mobility, and optical networks.

Roth Capital Partners served as financial advisor to Ceragon.

About Ceragon Networks Ltd.

Ceragon (NASDAQ: CRNT) is the global innovator and leading solutions provider of end-to-end wireless connectivity, specializing in transport, access, and AI-powered managed & professional services. Through our commitment to excellence, we empower customers to elevate operational efficiency and enrich the quality of experience for their end users.

Our customers include service providers, utilities, public safety organizations, government agencies, energy companies, and more, who rely on our wireless expertise and cutting-edge solutions for 5G & 4G broadband wireless connectivity, mission-critical services, and an array of

applications that harness our ultra-high reliability and speed. Ceragon solutions are deployed by more than 600 service providers, as well as more than 1,600 private network owners, in more than 130 countries. Through our innovative, end-to-end solutions, covering hardware, software, and managed & professional services, we enable our customers to embrace the future of wireless technology with confidence, shaping the next generation of connectivity and service delivery. Ceragon delivers extremely reliable, fast to deploy, high-capacity wireless solutions for a wide range of communication network use cases, optimized to lower TCO through minimal use of spectrum, power, real estate, and labor resources - driving simple, quick, and cost-effective network modernization and positioning Ceragon as a leading solutions provider for the “connectivity everywhere” era.
