See end of press release for footnote explanations

Huntsman Corporation (NYSE: HUN) today reported second quarter 2012 results with revenues of \$2,914 million and adjusted EBITDA of \$365 million.

Peter R. Huntsman, our President and CEO, commented:

*"I am pleased with our second quarter results. We experienced a solid second quarter, particularly in the quality of our earnings. Net income, adjusted EBITDA, and adjusted diluted income all increased compared to the prior year."*

*More than 40% of our adjusted EBITDA was derived from our Polyurethanes business, which experienced double digit growth globally for our MDI products. Margins in that business improved as well.*

*We have yet to realize the majority of benefits from our restructuring efforts. We expect the annual EBITDA benefit above our current run rate will exceed \$150 million when completed by the end of 2013.*

*We will continue to make every effort possible to drive shareholder value."*

## **Segment Analysis for 2Q12 Compared to 2Q11**

### *Polyurethanes*

The increase in revenues in our Polyurethanes division for the three months ended June 30, 2012 compared to the same period in 2011 was due to higher sales volumes partially offset by lower average selling prices. MDI sales volumes increased as a result of improved demand in all regions and across most major markets. PO/MTBE sales volumes increased due to strong demand. PO/MTBE average selling prices decreased primarily in response to lower raw material costs, partially offset by an increase in MDI average selling prices. The increase in adjusted EBITDA was primarily due to higher contribution margins and higher sales volumes.

### *Performance Products*

The decrease in revenues in our Performance Products division for the three months ended June 30, 2012 compared to the same period in 2011 was due to lower average selling prices and lower sales volumes. Average selling prices decreased primarily in response to lower raw material costs and the strength of the U.S. dollar against major international currencies. Sales volumes decreased primarily due to lower demand across most markets and a greater shift to tolling arrangements. The decrease in adjusted EBITDA was primarily due to lower contribution margins, most notably in amines, lower sales volumes and the approximate \$5 million impact from an unplanned outage at our ethylene oxide facility.

### *Advanced Materials*

The decrease in revenues in our Advanced Materials division for the three months ended June 30, 2012 compared to the same period in 2011 was primarily due to lower average selling prices partially offset by higher sales volumes. Average selling prices decreased primarily in response to lower raw material costs, competitive market pressure and the strength of the U.S. dollar against major international currencies. Sales volumes increased across most regions, primarily due to strong demand in our base resins business in the Americas and India, while sales volumes in the Asia Pacific region decreased due to lower demand in the wind energy and electrical engineering markets. The decrease in adjusted EBITDA was primarily due to lower contribution margins due in part to the change in sales mix from increased base resin sales volumes. Lower contribution margins were partially offset by lower selling, general and administrative costs as a result of recent restructuring efforts.

### *Textile Effects*

The decrease in revenues in our Textile Effects division for the three months ended June 30, 2012 compared to the same period in 2011 was primarily due to lower average selling prices partially offset by higher sales volumes. Average selling prices decreased primarily due to the strength of the U.S. dollar against major international currencies and sales mix. Sales volumes increased due to increased market share in key markets, specifically Asia. The increase in adjusted EBITDA was primarily due to higher sales volumes and lower manufacturing costs as a result of recent restructuring efforts.

### *Pigments*

The decrease in revenues in our Pigments division for the three months ended June 30, 2012 compared to the same period in 2011 was due to lower sales volumes partially offset by higher average selling prices. Sales volumes decreased primarily due to lower global demand and continued customer destocking, particularly in the Asia Pacific region. Average selling prices increased in all regions of the world primarily as a result of higher raw material costs partially offset by the strength of the U.S. dollar against major international currencies. The increase in adjusted EBITDA was primarily due to higher contribution margins partially offset by lower sales volumes.

### *Corporate, LIFO and Other*

Adjusted EBITDA from Corporate, LIFO and other increased by \$20 million to a loss of \$43 million for the three months ended June 30, 2012 compared to a loss of \$63 million for the same period in 2011. The increase in adjusted EBITDA was primarily the result of a \$20 million decrease in LIFO inventory valuation expense (\$9 million of income in 2012 compared to \$11 million of expense in 2011).

## **Liquidity, Capital Resources and Outstanding Debt**

As of June 30, 2012, we had \$1,098 million of combined cash and unused borrowing capacity compared to \$1,043 million at December 31, 2011. For the three months ended June 30, 2012, our primary net working capital increased by \$104 million.

Total capital expenditures for the three months ended June 30, 2012 were \$82 million. We expect to spend approximately \$425 million on capital expenditures in 2012 which approximates our annual depreciation and amortization.

## **Income Taxes**

During the three months ended June 30, 2012 we recorded income tax expense of \$65 million. Our adjusted effective income tax rate for the three months ended June 30, 2012 was approximately 33%. We expect our long term effective income tax rate to be approximately 30 - 35%. During the three months ended June 30, 2012, we paid \$57 million in cash for income taxes.

## **Conference Call Information**

We will hold a conference call to discuss our second quarter 2012 financial results on Wednesday, August 1, 2012 at 10:00 a.m. ET.

Call-in numbers for the conference call:

U.S. participants (888) 679 - 8033  
 International participants (617) 213 - 4846  
 Passcode 14225591

In order to facilitate the registration process, you may use the following link to pre-register for the conference call. Callers who pre-register will be given a unique PIN to gain immediate access to the call and bypass the live operator. You may pre-register at any time, including up to and after the call start time. To pre-register, please go to:

<https://www.theconferencingservice.com/prereg/key.process?key=PQPRTEDXQ>

## Webcast Information

The conference call will be available via webcast and can be accessed from the investor relations portion of the company's website at [huntsman.com](http://huntsman.com).

## Replay Information

The conference call will be available for replay beginning August 1, 2012 and ending August 8, 2012.

## Call-in numbers for the replay:

**U.S. participants** (888) 286 - 8010  
 International participants (617) 801 - 6888  
 Replay code 64509445

#### Footnotes

- (1) We use EBITDA and adjusted EBITDA to measure the operating performance of our business. We provide adjusted net income because we feel it provides meaningful insight for the investment community into the performance of our business. We believe that net income (loss) attributable to Huntsman Corporation is the performance measure calculated and presented in accordance with generally accepted accounting principles in the U.S. ("GAAP") that is most directly comparable to EBITDA, adjusted EBITDA and adjusted net income. Additional information with respect to our use of each of these financial measures follows:

EBITDA is defined as net income (loss) attributable to Huntsman Corporation before interest, income taxes, and depreciation and amortization. EBITDA as used herein is not necessarily comparable to other similarly titled measures of other companies. The reconciliation of EBITDA to net income (loss) attributable to Huntsman Corporation is set forth in Table 5 above.

Adjusted EBITDA is computed by eliminating the following from EBITDA: EBITDA from discontinued operations; restructuring, impairment, plant closing and transition costs (credits); income and expense associated with the terminated merger and related litigation; acquisition expenses; certain legal settlements and related expenses; loss on early extinguishment of debt; gain on consolidation of a variable interest entity; extraordinary (gain) loss on the acquisition of a business; and loss (gain) on disposition of businesses/assets. The reconciliation of adjusted EBITDA to EBITDA is set forth in Table 4 above.

Adjusted net income (loss) is computed by eliminating the after tax impact of the following items from net income (loss) attributable to Huntsman Corporation: loss (income) from discontinued operations; restructuring, impairment, plant closing and transition costs (credits); income and expense associated with the terminated merger and related litigation; discount amortization on settlement financing associated with the terminated merger; acquisition expenses; certain legal settlements and related expenses; loss on early extinguishment of debt; gain on consolidation of a variable interest entity; extraordinary (gain) loss on the acquisition of a business; and loss (gain) on disposition of businesses/assets. We do not adjust for changes in tax valuation allowances because we do not believe it provides more meaningful information than is provided under GAAP. The reconciliation of adjusted net income (loss) to net income (loss) attributable to Huntsman Corporation common stockholders is set forth in Table 4 above.

- (2) During the first quarter 2010 we closed our Australian styrenics operations, results from this business are treated as discontinued operations.

#### *About Huntsman:*

*Huntsman is a global manufacturer and marketer of differentiated chemicals. Our operating companies manufacture products for a variety of global industries, including chemicals, plastics, automotive, aviation, textiles, footwear, paints and coatings, construction, technology, agriculture, health care, detergent, personal care, furniture, appliances and packaging. Originally known for pioneering innovations in packaging and, later, for rapid and*

*integrated growth in petrochemicals, Huntsman has approximately 12,000 employees and operates from multiple locations worldwide. The Company had 2011 revenues of over \$11 billion. For more information about Huntsman, please visit the company's website at [www.huntsman.com](http://www.huntsman.com).*

*Forward-Looking Statements:*

*Statements in this release that are not historical are forward-looking statements. These statements are based on management's current beliefs and expectations. The forward-looking statements in this release are subject to uncertainty and changes in circumstances and involve risks and uncertainties that may affect the company's operations, markets, products, services, prices and other factors as discussed in the Huntsman companies' filings with the U.S. Securities and Exchange Commission. Significant risks and uncertainties may relate to, but are not limited to, financial, economic, competitive, environmental, political, legal, regulatory and technological factors. The company assumes no obligation to provide revisions to any forward-looking statements should circumstances change, except as otherwise required by applicable laws.*
