Interested parties can access the live and archived webcast on the [News/Events](#) page of the Investors section of KORU Medical's website at www.korumedical.com

About KORU Medical Systems

KORU Medical develops, manufactures, and commercializes innovative and patient-centric subcutaneous infusion solutions that improve quality of life for patients around the world. The Freedom Syringe Infusion System (the "Freedom System") currently includes the Freedom60[®] and FreedomEDGE[®] Syringe Infusion Drivers, Precision Flow Rate Tubing[™] and High-Flo Subcutaneous Safety Needle Sets[™]. The Freedom System, which received its first FDA clearance in 1994, is used for self-administration in the home by the patient and/or delivery in an ambulatory infusion center by a healthcare professional. Through its Pharma Services and Clinical Trials business, KORU Medical provides products for use by biopharmaceutical companies in feasibility/clinical trials during the drug development process and, as needed, is capable of customizing the Freedom System for clinical and commercial use across multiple drug categories.
