Era Group Inc. Reports Third Quarter 2014 Results

HOUSTON, TX -- (Marketwired) -- 11/04/14 -- Era Group Inc. (NYSE: ERA) today reported net income for its third quarter ended September 30, 2014 ("current quarter") of \$4.3 million, or \$0.21 per diluted share, on operating revenues of \$90.5 million. Net income for the quarter ended September 30, 2013 ("prior year quarter") was \$5.2 million, or \$0.26 per diluted share, on operating revenues of \$81.0 million.

Earnings before interest, taxes, depreciation and amortization ("EBITDA") was \$22.4 million in the current quarter compared with \$23.4 million in the prior year quarter. EBITDA adjusted to exclude gains on asset dispositions and special items was \$24.8 million in the current quarter compared with \$22.9 million in the prior year quarter.

Special items in the current quarter comprised a pre-tax charge of \$2.5 million due to the accelerated recognition of previously awarded but deferred compensation awards following the resignation of our former Chief Executive Officer ("CEO"). Special items in the prior year quarter comprised a \$2.0 million charge related to the early termination of operating leases on certain helicopters configured for air medical services.

There were no significant gains on equipment dispositions in the current quarter. Gains on asset dispositions in the prior year quarter were \$2.6 million.

Third Quarter Results

Operating revenues in the current quarter were \$9.5 million, or 12%, higher than the prior year quarter primarily due to improved revenues from our U.S. Gulf of Mexico operations following the resumption of service of our EC225 heavy helicopters and improved cash collections from our Brazilian joint venture.

Operating expenses were \$2.9 million higher in the current quarter primarily due to increased personnel costs resulting from pay scale and benefit adjustments and increased repairs and maintenance, fuel and other expenses primarily related to the resumption of our EC225 helicopter operations.

Administrative and general expenses were \$3.3 million higher in the current quarter primarily due to the accelerated recognition of the former CEO compensation awards noted above and increased compensation costs related to annual stock compensation grants and salary adjustments.

Interest expense was \$0.8 million lower in the current quarter primarily due to increased capitalized interest related to deposits on helicopter orders and a base expansion project.

Derivative losses of \$1.7 million in the current quarter were primarily due to the revaluation

to market of unsettled foreign exchange forward currency contracts.

Nine Months Results

The Company reported net income for the nine months ended September 30, 2014 ("current nine months") of \$13.9 million, or \$0.68 per diluted share, on operating revenues of \$256.5 million compared with net income of \$17.0 million, or \$0.79 per diluted share, on operating revenues of \$223.0 million in the nine months ended September 30, 2013 ("prior nine months").

EBITDA was \$67.3 million in the current nine months compared with \$73.0 million in the prior nine months. EBITDA adjusted to exclude gains on asset dispositions and special items was \$66.1 million in the current nine months compared with \$57.4 million in the prior nine months. During the current nine months, we sold helicopters and related equipment for gains of \$6.1 million compared with \$17.8 million in the prior nine months.

Special items in the current nine months included the accelerated recognition of the former CEO compensation awards noted above and a pre-tax impairment charge of \$2.5 million related to a probable loss of a note receivable. Special items in the prior nine months included the charge related to operating leases for certain air medical helicopters noted above.

Operating revenues were \$33.6 million, or 15%, higher in the current nine months primarily due to improved revenues from activities in the U.S. Gulf of Mexico partially offset by lower revenues from oil and gas activities in Alaska primarily due to lower activity. Operating expenses were \$17.2 million higher due to increased personnel costs and increased repairs and maintenance, fuel and other expenses primarily related to the resumption of our EC225 helicopter operations. Administrative and general expenses were \$6.0 million higher primarily due to the accelerated recognition of the former CEO compensation awards noted above and annual salary adjustments and stock compensation grants.

Sequential Quarter Results

Operating revenues in the current quarter were \$3.9 million, or 5%, higher compared with the second quarter of 2014 ("preceding quarter") primarily due to improved revenues from our oil and gas operations, seasonal flightseeing operations in Alaska and cash collections from our Brazilian joint venture from which we recognize revenue only as cash is received.

Net income for the current quarter was \$4.3 million on operating revenues of \$90.5 million compared with net income of \$5.2 million on operating revenues of \$86.6 million in the preceding quarter. EBITDA was \$22.4 million in the current quarter compared with \$23.1 million in the preceding quarter. EBITDA adjusted to exclude gains on asset dispositions and special items was \$24.8 million in the current quarter compared with \$22.4 million in the preceding quarter.

Fleet Update

During the current quarter, the Company's capital expenditures were \$11.8 million, which consisted primarily of deposits on future helicopter deliveries and a base expansion project. The Company records helicopter acquisitions in property and equipment and places

helicopters in service once all completion work has been finalized and the helicopters are ready for use. The Company placed one new AW139 medium helicopter into service in July 2014 that had been delivered in the second quarter of 2014.

Following an extended global suspension of EC225 helicopter operations, we phased our EC225 helicopters in the U.S. Gulf of Mexico back into service during the prior year quarter. Thereafter, our oil and gas operations in the U.S. Gulf of Mexico benefited from the availability of both our EC225 helicopters and the medium helicopters that were previously servicing EC225 helicopter contracts during the extended suspension. As a result, the rate of increase in oil and gas revenues in the U.S. Gulf of Mexico compared to prior year periods is expected to continue to decelerate in the fourth quarter of fiscal year 2014.

The current spare capacity for our medium helicopters is higher than in recent periods. Spare helicopters include our helicopters other than those under customer contracts, undergoing maintenance or dedicated for charter activity. We are participating in several competitive bids to place some or all of the existing and forecasted spare medium helicopters on contract. If we are not successful in securing sufficient new projects, we may experience a decline in the near-term utilization of our medium helicopters that may impact our near-term financial results. In addition, we may sell certain helicopters on an opportunistic basis consistent with our stated strategy.

Lake Palma Sale

Effective July 24, 2014, the Company sold its 51% interest in Lake Palma, S.L. ("Lake Palma") for a purchase price of \$9.3 million to its joint venture partner, Fumicacion Aerea Andaluza S.A. ("FAASA"), including a gain of \$1.5 million, net of taxes. In connection with the transaction, the Company assigned debt obligations of \$2.9 million to FAASA, and the balance of the purchase price was funded in cash.

Capital Commitments

The Company's unfunded capital commitments as of September 30, 2014 consisted primarily of orders for helicopters and totaled \$290.1 million, of which \$67.5 million is payable during 2014 with the balance payable through 2017. The Company also had \$2.2 million of deposits paid on options not yet exercised. The Company may terminate \$136.0 million of its total commitments (inclusive of deposits paid on options not yet exercised) without further liability other than liquidated damages of \$9.0 million in the aggregate.

Included in these capital commitments are agreements to purchase ten AW189 heavy helicopters, four S92 heavy helicopters and five AW169 light twin helicopters. The AW189 helicopters are scheduled to be delivered beginning in late 2014 through 2017. The S92 helicopters are scheduled to be delivered in late 2015 through 2017. Delivery dates for the AW169 helicopters have yet to be determined. In addition, the Company had outstanding options to purchase up to an additional ten AW189 helicopters, five S92 helicopters and three AW139 helicopters. If these options are exercised, the helicopters would be scheduled for delivery beginning in 2015 through 2018.

Liquidity

As of September 30, 2014, the Company had \$40.4 million in cash balances and remaining

availability under its senior secured revolving credit facility of \$244.3 million.

Conference Call

Management will conduct a conference call starting at 10:00 a.m. ET (9:00 a.m. CT) on Wednesday, November 5, 2014, to review the results for the third quarter ended September 30, 2014. The conference call can be accessed as follows:

All callers will need to reference the access code 26226060

Within the U.S.: Operator Assisted Toll-Free Dial-In Number: (866) 607-0535

Outside the U.S.: Operator Assisted International Dial-In Number: (832) 445-1827

Replay

A telephone replay will be available through November 19, 2014 and may be accessed by calling (855) 859-2056 for domestic callers or (404) 537-3406 for international callers. An audio replay will also be available on the Company's website at www.eragroupinc.com shortly after the call and will be accessible for approximately 90 days.

About Era Group

Era Group is one of the largest helicopter operators in the world and the longest serving helicopter transport operator in the U.S. In addition to servicing its U.S. customers, Era Group also provides helicopters and related services to third-party helicopter operators and customers in other countries, including Brazil, India, Norway, Spain, Sweden, and the United Kingdom. Era Group's helicopters are primarily used to transport personnel to, from and between offshore installations, drilling rigs and platforms.

This release includes "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Such forward-looking statements concerning management's expectations, strategic objectives, business prospects, anticipated performance and financial condition and other similar matters involve known and unknown risks, uncertainties and other important factors that could cause the actual results, performance or achievements of results to differ materially from any future results, performance or achievements discussed or implied by such forward-looking statements. Such risks, uncertainties and other important factors include, among others, the Company's dependence on, and the cyclical nature of, the offshore oil and gas industry; the Company's dependence on oil and gas exploration and development activity in the areas where the Company operates; fluctuations in worldwide prices of and demand for oil and natural gas; the ability to successfully expand into other geographic and helicopter service markets; the impact of increased U.S. and foreign government regulation and legislation, including potential government implemented moratoriums on drilling activities; the requirement to engage in competitive processes or expend significant resources with no guaranty of recoupment; inherent risks in operating helicopters; the failure to maintain an acceptable safety record; the grounding of all or a portion of our fleet for extended periods of time or indefinitely; reduction or cancellation of services for government agencies; reliance on a small number of helicopter manufacturers and suppliers; political instability, governmental action, war, acts of terrorism and changes in

the economic condition in any foreign country where the Company does business, which may result in expropriation, nationalization, confiscation or deprivation of our assets or result in claims of a force majeure situation; declines in the global economy and financial markets; foreign currency exposure and exchange controls; credit risk exposure; the ongoing need to replace aging helicopters; the Company's reliance on the secondary used helicopter market to dispose of older helicopters; the Company's reliance on a small number of customers; allocation of risk between the Company and its customers; liability, legal fees and costs in connection with providing emergency response services; risks associated with the Company's debt structure; operational and financial difficulties of the Company's joint ventures and partners; conflict with the other owners of the Company's non-wholly owned subsidiaries and other equity investees; adverse results of legal proceedings; adverse weather conditions and seasonality; adequacy of insurance coverage; the attraction and retention of qualified personnel; restrictions on the amount of foreign ownership of the Company's common stock; the effect of the Spin-off, including the ability of the Company to recognize the expected benefits from the Spin-off and the Company's dependence on SEACOR's performance under various agreements; and various other matters and factors, many of which are beyond the Company's control. In addition, these statements constitute Era Group's cautionary statements under the Private Securities Litigation Reform Act of 1995. It is not possible to predict or identify all such factors. Consequently, the foregoing should not be considered a complete discussion of all potential risks or uncertainties. The words "estimate," "project," "intend," "believe," "plan" and similar expressions are intended to identify forward-looking statements. Forward-looking statements speak only as of the date of the document in which they are made. Era Group disclaims any obligation or undertaking to provide any updates or revisions to any forward-looking statement to reflect any change in Era Group's expectations or any change in events, conditions or circumstances on which the forward-looking statement is based. The forward-looking statements in this release should be evaluated together with the many uncertainties that affect the Company's businesses, particularly those mentioned under "Risk Factors" in Era Group's Annual Report on Form 10-K for the year ended December 31, 2013, in Era Group's subsequent Quarterly Reports on Form 10-Q and in Era Group's periodic reporting on Form 8-K (if any), which are incorporated by reference.

Our management uses EBITDA and Adjusted EBITDA to assess the performance and operating results of our business. EBITDA is defined as Earnings before Interest (includes interest income and interest expense), Taxes, Depreciation and Amortization. Adjusted EBITDA is defined as EBITDA further adjusted for SEACOR Management Fees and certain other items that occur during the reported period. We include EBITDA and Adjusted EBITDA to provide investors with a supplemental measure of our operating performance. Neither EBITDA nor Adjusted EBITDA is a recognized term under generally accepted accounting principles in the U.S. ("GAAP"). Accordingly, they should not be used as an indicator of, or an alternative to, net income as a measure of operating performance. In addition, EBITDA and Adjusted EBITDA are not intended to be measures of free cash flow available for management's discretionary use, as they do not consider certain cash requirements, such as debt service requirements. Because the definitions of EBITDA and Adjusted EBITDA (or similar measures) may vary among companies and industries, they may not be comparable to other similarly titled measures used by other companies.

The following table provides a reconciliation of Net Income, the most directly comparable GAAP measure, to EBITDA and Adjusted EBITDA (in thousands).

	<i>Three Months Ended</i>				
	<i>Sep 30, 2014</i>	<i>Jun 30, 2014</i>	<i>Mar 31, 2014</i>	<i>Dec 31, 2013</i>	<i>Sep 30, 2013</i>
Net Income	\$ 4,311	\$ 5,196	\$ 4,374	\$ 1,677	\$ 5,088
