“Oragenics is moving forward on a number of fronts, including our collaboration with [Intrexon](#) on novel lantibiotics and our Evora line of oral probiotics for humans and pets,” states Dr. Bonfiglio, President and CEO, Oragenics, Inc. “The OneMedForum enables Oragenics to share our strategy and growth potential

with top institutional investors, business development executives and key opinion leaders in high growth medical technology, health care and life science industries.”

About Oragenics, Inc.

Oragenics, Inc. is focused on becoming the world leader in novel antibiotics against infectious disease and probiotics for oral health for humans and pets. Oragenics, Inc. has established an exclusive worldwide channel collaboration for lantibiotics, a novel class of broad spectrum antibiotics, with Intrexon Corporation Inc., a synthetic biology company. The collaboration will allow Oragenics access to Intrexon's proprietary technologies with the idea of accelerating the development of much needed new antibiotics that will work against resistant strains of bacteria. Oragenics also develops, markets and sells proprietary probiotics specifically designed to enhance oral health for humans and pets, under the brand names [Evora](#) and [ProBiora](#) in over 13 countries worldwide.
