Weave Partners with Affirm to Expand Payment Options for Patients

New partnership integrates Affirm's pay-over-time options with Weave's patient experience platform

LEHI, Utah--(BUSINESS WIRE)-- [Weave](#) (NYSE: WEAV), a leading all-in-one experience platform for small and medium-sized healthcare businesses, today announced a new partnership with [Affirm](#) (NASDAQ: AFRM), the payment network that empowers consumers and helps merchants drive growth. Now available to thousands of Weave's customers, this collaboration provides flexible payment options for eligible patients, making it easier for them to access and afford the care they need.

By partnering with Affirm, Weave customers can offer their patients pay-over-time financing with as low as 0% APR. Affirm is directly integrated with Weave payments, so patients can apply to pay with Affirm in a matter of seconds, and spread out their payments over time, easing the burden of upfront costs and providing an additional payment option for dental, optometry, veterinary, or medical practices. This partnership will not only benefit patients but also allow healthcare practices to receive payments quicker than before.

"Collecting payments is one of the most important parts of the patient's journey. A smooth and efficient payment process can help to create a positive patient experience, build trust, and encourage repeat business, which is why we are excited to partner with Affirm," said Branden Neish, Chief Product & Technology Officer of Weave. "By providing more flexible and affordable payment options, we are empowering patients to take control of their healthcare and ensuring that cost doesn't prevent them from receiving the care they need."

By expanding the payment options available to patients, Weave and Affirm aim to remove barriers to care and ensure everyone has access to the healthcare services they need. The partnership reflects the shared commitment of both companies to make patients' payment experience more seamless and revolutionize the way healthcare practices handle payments.

"By partnering with Weave, thousands of healthcare practices can now seamlessly add Affirm's transparent and flexible payment options at checkout," said Wayne Pommen, Chief Revenue Officer of Affirm. "Patients are eager to pay over time without junk fees, late fees, or compounding interest, and now these businesses can address that demand."
