# Forward Looking Statements

This presentation includes “forward-looking statements.” Forward-looking statements include statements concerning our plans, objectives, goals, strategies, future events, future revenues or performance, capital expenditures, plans or intentions relating to acquisitions, our competitive strengths and weaknesses, our business strategy and the trends we anticipate in the industries in which we operate and other information that is not historical information. There are a number of risks and uncertainties that could cause our actual results to differ materially from the forward-looking statements contained in this presentation, which are described in Central’s filings with the SEC. Central undertakes no obligation to publicly update these forward-looking statements to reflect new information, subsequent events or otherwise, except as required by law.

This presentation contains certain non-GAAP financial measures. For a reconciliation of GAAP to non-GAAP financial measures, please see the Reconciliation of GAAP to non-GAAP in the Appendix of this presentation or in our most recent Form 10-K and Form 10-Q.
