

Q3 2021 Earnings

November 10, 2021

Disclaimer

Use of Non-GAAP Financial Measures

Some of the financial information and data contained in this presentation, such as adjusted revenue, adjusted gross profit and adjusted net income, have not been prepared in accordance with United States generally accepted accounting principles (“GAAP”). MoneyLion management uses these non-GAAP measures for various purposes, including as measures of performance and as a basis for strategic planning and forecasting. MoneyLion believes these non-GAAP measures of financial results provide relevant and useful information to management and investors regarding certain financial and business trends relating to MoneyLion’s results of operations. MoneyLion’s method of determining these non-GAAP measures may be different from other companies’ methods and, therefore, may not be comparable to those used by other companies and MoneyLion does not recommend the sole use of these non-GAAP measures to assess its financial performance. MoneyLion management does not consider these non-GAAP measures in isolation or as an alternative to financial measures determined in accordance with GAAP. The principal limitation of these non-GAAP financial measures is that they exclude significant expenses and income that are required by GAAP to be recorded in MoneyLion’s financial statements. In addition, they are subject to inherent limitations as they reflect the exercise of judgments by management about which expense and income are excluded or included in determining these non-GAAP financial measures. In order to compensate for these limitations, management presents non-GAAP financial measures in connection with GAAP results. You should review MoneyLion’s financial statements, which are included in MoneyLion’s 10-Q, and not rely on any single financial measure to evaluate MoneyLion’s business. To the extent that forward-looking non-GAAP financial measures are provided, they are presented on a non-GAAP basis without reconciliations of such forward-looking non-GAAP measures, due to the inherent difficulty in forecasting and quantifying certain amounts that are necessary for such reconciliation, which could be material based on historical adjustments.

Forward-Looking Statements

The information in this press release includes “forward-looking statements” within the meaning of the “safe harbor” provisions of the United States Private Securities Litigation Reform Act of 1995. Forward-looking statements may be identified by the use of words such as “estimate,” “plan,” “project,” “forecast,” “intend,” “will,” “expect,” “anticipate,” “believe,” “seek,” “target” or other similar expressions that predict or indicate future events or trends or that are not statements of historical matters. These forward-looking statements include, but are not limited to, statements regarding estimates and forecasts of financial and performance metrics and expectations and timing related to potential benefits, terms and timing of the transaction. These statements are based on various assumptions, whether or not identified in this press release, and on the current expectations of MoneyLion’s management and are not predictions of actual performance.

Actual events and circumstances are difficult or impossible to predict and will differ from assumptions. Many actual events and circumstances are beyond the control of MoneyLion. These forward-looking statements are subject to a number of risks and uncertainties, including changes in domestic and foreign business, market, financial, political and legal conditions; failure to realize the anticipated benefits of the proposed business combination; risks relating to the uncertainty of the projected financial information with respect to MoneyLion; future global, regional or local economic and market conditions; the development, effects and enforcement of laws and regulations; MoneyLion’s ability to manage future growth; MoneyLion’s ability to develop new products and solutions, bring them to market in a timely manner, and make enhancements to its platform; the effects of competition on MoneyLion’s future business; or, the outcome of any potential litigation, government and regulatory proceedings, investigations and inquiries. If any of these risks materialize or our assumptions prove incorrect, actual results could differ materially from the results implied by these forward-looking statements. There may be additional risks that MoneyLion presently knows or that MoneyLion currently believes are immaterial that could also cause actual results to differ from those contained in the forward-looking statements. In addition, forward-looking statements reflect MoneyLion’s expectations, plans or forecasts of future events and views as of the date of this press release. MoneyLion anticipates that subsequent events and developments will cause its assessments to change. However, while MoneyLion may elect to update these forward-looking statements at some point in the future, MoneyLion specifically disclaims any obligation to do so. These forward-looking statements should not be relied upon as representing MoneyLion’s assessments as of any date subsequent to the date of this press release. Accordingly, undue reliance should not be placed upon the forward-looking statements.

We are MoneyLion

MoneyLion is empowering hardworking Americans to take control of their financial lives through powerful products that make it easier to borrow, save, invest and earn.

Our vision is to become a daily destination.

Note: Adjusted revenue and adjusted gross profit are non-GAAP measures. See the Appendix for a reconciliation of these measures to their nearest GAAP equivalents. See “Footnotes” section for detailed footnotes and definitions.

Conclusion

- Fortified balance sheet following successful business combination provides us ample resources to realize our strategic vision
- Accelerating user growth of our “all in one” financial platform demonstrates strong product market fit, with additional cross sell and ARPU expansion opportunities
- High confidence in ability to scale marketing budgets while continuing to deliver efficient CAC and payback periods
- Strong data advantage allows us to aggregate consumer needs and goals and deliver a differentiated Marketplace strategy
- World class management team and Board of Directors in place

Thank You

Footnotes

- (1) Adjusted Revenue is a non-GAAP measure and is defined as total net revenue plus amortization of loan origination costs less provision for loss on membership receivables and provision for loss on fees receivables and revenue derived from phased out products.
- (2) Adjusted Gross Profit is a non-GAAP measure and is defined as total net revenue less directly attributable operating expenses, revenue derived from phased out products and non-operating income.
- (3) Total Customers is the cumulative number of customers that have opened at least one account, including banking, membership, secured personal loan, Instacash advance, managed investment account, cryptocurrency account or affiliate product.
- (4) Total Originations is the dollar volume of the secured personal loans originated and Instacash advances funded within the stated period.
- (5) Total products is the total number of products that our total customers have opened including banking, membership subscription, secured personal loan, Instacash advance, managed investment account, cryptocurrency account, affiliate product, or signed up for our financial tracking services (with either credit tracking enabled or external linked accounts), whether or not the customer is still registered for the product. If a customer has funded multiple secured personal loans or Instacash advances, it is only counted once for each product type.
- (6) Adjusted Net Income (Loss) is a non-GAAP measure and is defined as net income (loss) plus change in fair value of warrants, change in fair value of convertible notes and one-time expenses.
- (7) Provision as a % of Originations is defined as provision for loss on finance receivables for the period divided by total originations for the period.
