National Storage Affiliates Trust Reports First Quarter 2020 Results

GREENWOOD VILLAGE, Colo.--(BUSINESS WIRE)-- National Storage Affiliates Trust ("NSA" or the "Company") (NYSE: NSA) today reported the Company's first quarter 2020 results.

First Quarter 2020 Highlights

- Reported net income of \$15.8 million for the first quarter of 2020, an increase of 21.8% compared to the first quarter of 2019. Reported diluted earnings per share of \$0.06 for the first quarter of 2020, primarily relating to the HLBV method for allocating net income among the various classes of equity.
- Reported core funds from operations ("Core FFO") of \$37.1 million, or \$0.40 per share for the first quarter of 2020, an increase of 8.1% per share compared to the first quarter of 2019.
- Achieved same store net operating income ("NOI") growth of 3.5% for the first quarter of 2020 compared to the same period in 2019, driven by a 3.0% increase in same store total revenues partially offset by a 2.1% increase in same store property operating expenses.
- Acquired 36 wholly-owned self storage properties for \$222.8 million and two joint venture properties totaling \$12.1 million during the first quarter of 2020. Capital sources for the acquisition activity included the issuance of approximately \$7.2 million of OP equity and \$4.5 million of common equity raised under the Company's at the market, or ATM, program at a combined weighted average price of \$32.79 per share/unit, as well as borrowings under the Company's revolving line of credit.
- Closed on the previously announced merger and internalization of the management platform of the Company's largest PRO, SecurCare, on March 31, 2020.

Highlights Subsequent to Quarter-End

- Effective April 1, 2020, Dave Cramer, previously president and chief executive officer of SecurCare, was appointed Executive Vice President and Chief Operating Officer of NSA.
- On April 28, 2020, Kroll Bond Rating Agency affirmed the investment grade issuer rating of BBB for NSA's operating partnership.
- The Company currently has \$129.7 million available for issuance under its ATM program and approximately \$300 million of unused capacity on its revolving line of credit.

Tamara Fischer, President and Chief Executive Officer, commented, "We are very pleased with our first quarter results, and the completion of the internalization of SecurCare as originally scheduled despite the unprecedented economic environment. The impact of the COVID-19 pandemic has focused our efforts on the health and safety of our employees and customers. While social distancing guidelines have resulted in reduced move-in and move-out activity across our portfolio, our offices remain open for customer service through our no-contact leasing procedures. Our business overall remains stable, and we are working with our customers who are suffering economic hardship to help them through this time, resulting in cash collections of approximately 98% of normal levels in April. The downside protection built into our unique PRO structure and our conservative balance sheet leave us well positioned to weather these turbulent economic times with strong cash flow as well as excellent availability on our line of credit, with less than \$40 million of debt maturing from now through 2022."

NSA's Executive Chairman Arlen Nordhagen noted, "I've lived through three previous recessions in the self storage business, and our properties have weathered those storms very well. Overall, the self storage sector has historically proven to be very resilient and less affected than many other real estate sectors during economic downturns, and we think this will be no exception. The benefits of our PRO structure and our limited exposure to the largest metropolitan cities should serve us particularly well through the economic crisis created by the COVID-19 pandemic. On the other hand, the speed and magnitude of the economic stress affecting our customers and communities is unlike anything we have ever seen, and the current environment has required an unprecedented change in consumer behavior. Throughout this turbulent time, we remain committed to our core values of integrity, accountability, compassion and humility as we do our very best for NSA's customers, employees and investors."

COVID-19 Update

Given the state of emergency and "stay at home" mandates across a majority of the states where NSA operates self storage facilities, the associated unprecedented decline in economic activity and significant spike in unemployment, the Company's business has been impacted as follows:

- The Company's stores are open despite state of emergency declarations and stay at home orders, as storage is considered an essential business.
- Same store move-in volume decreased approximately 28% in April, compared to the same period in 2019.
- Same store move-out volume decreased approximately 28% in April, compared to the same period in 2019.
- Same store period-end occupancy was 87.1% as of April 30, 2020, which was unchanged compared to March 31, 2020 and a decrease of approximately 140 basis points compared to April 30, 2019.
- There are state level restrictions on price increases, auctions and implementation of late fees under many state of emergency orders; the Company is abiding by all state and local restrictions and has temporarily suspended in-place customer rent increases.

2020 Guidance

Given the heightened level of uncertainty in the Company's operations due to the

unprecedented growth in unemployment combined with a lack of clarity as to when the COVID-19 pandemic will materially subside, the Company is withdrawing its full-year 2020 guidance, which was included in its February 24, 2020 earnings release. The Company will evaluate reinstating 2020 guidance as it gains greater clarity regarding the aforementioned items.

(1) Non-GAAP financial measures, including FFO, Core FFO and NOI, are defined in the Glossary in the supplemental financial information and, where appropriate, reconciliations of these measures and other non-GAAP financial measures to their most directly comparable GAAP measures are included in the Schedules to this press release and in the supplemental financial information.

Net income increased \$2.8 million for the first quarter of 2020 as compared to the same period in 2019. The increase primarily resulted from additional NOI generated from the 73 wholly-owned self storage properties acquired between April 1, 2019 and March 31, 2020 and same store NOI growth, partially offset by increases in depreciation and amortization and interest expense.

The increases in FFO and Core FFO for the first quarter of 2020 were primarily the result of incremental NOI from properties acquired between April 1, 2019 and March 31, 2020 and same store NOI growth, partially offset by higher interest expense and increases in distributions to subordinated performance unitholders.

Same Store Operating Results (500 Stores)

(\$ in thousands, except per square foot data)	Three Months Ended March 31,		
	2020	2019	Growth
Total revenues	\$84,516	\$82,018	3.0 %
Property operating expenses	25,738	25,219	2.1 %

Net Operating Income (NOI)	\$58,778	\$56,799	3.5 %

Average Occupancy	87.2%	87.5%	(0.3)%
Average Annualized Rental Revenue Per Occupied Square Foot	\$ 12.34	\$ 11.98	3.0 %

Year-over-year same store total revenues increased 3.0% for the first quarter of 2020 as compared to the same period in 2019. The increase was driven primarily by a 3.0% increase in average annualized rental revenue per occupied square foot partially offset by a 30 basis point decrease in average occupancy. Markets which generated above portfolio average same store total revenue growth include: Riverside-San Bernardino, Atlanta, and Las Vegas. Markets which generated below portfolio average same store total revenue growth include: Portland, Dallas and Los Angeles.

Year-over-year same store property operating expenses increased 2.1% for the first quarter of 2020 as compared to the same period in 2019. The increase primarily resulted from increases in personnel costs, partially offset by decreases in utilities expenses.

Investment Activity

On March 31, 2020, NSA closed on the previously announced merger and internalization of SecurCare, the Company's largest PRO. As part of the internalization, NSA offered employment to most of SecurCare's employees to continue managing SecurCare's managed portfolio under the brand SecurCare as members of NSA's existing property management platform. As a result of the merger, NSA will no longer pay any fees or reimbursements to SecurCare and distributions on the series of subordinated performance units related to SecurCare's managed portfolio were discontinued.

In connection with the merger and the concurrent merger of DLAN Corporation, NSA issued a total of 8,105,192 common shares to the former shareholders of SecurCare and DLAN Corporation. NSA subsequently retired 1,118,193 OP units and DownREIT OP units and 2,001,441 subordinated performance units that had been held by SecurCare and DLAN Corporation.

In addition to the mergers, NSA acquired 36 wholly-owned self storage properties located across seven states consisting of approximately 1.8 million rentable square feet configured in approximately 13,600 storage units during the first quarter of 2020. Total consideration for these acquisitions of \$222.8 million included approximately \$214.6 million of net cash, the issuance of approximately \$5.4 million of OP units, \$0.8 million of subordinated performance units, \$1.0 million of LTIP units and the assumption of approximately \$1.0 million of other working capital liabilities.

During the first quarter of 2020, NSA's 2016 Joint Venture invested in two self storage properties for \$12.1 million, comprising less than 0.1 million rentable square feet, configured in approximately 500 storage units.

Common Share Dividends

On February 20, 2020, NSA's Board of Trustees declared a quarterly cash dividend of \$0.33 per common share, which was paid on March 31, 2020 to shareholders of record as of March 13, 2020.

Supplemental Financial Information

The full text of this earnings release and supplemental financial information, including certain financial information referenced in this release, are available on NSA's website at <http://ir.nationalstorageaffiliates.com/quarterly-reporting> and as exhibit 99.1 to the Company's Form 8-K furnished to the SEC on May 11, 2020.

Non-GAAP Financial Measures & Glossary

This press release contains certain non-GAAP financial measures. These non-GAAP measures are presented because NSA's management believes these measures help investors understand NSA's business, performance and ability to earn and distribute cash to its shareholders by providing perspectives not immediately apparent from net income (loss). These measures are also frequently used by securities analysts, investors and other interested parties. The presentations of FFO, Core FFO and NOI in this press release are not intended to be considered in isolation or as a substitute for, or superior to, the financial information prepared and presented in accordance with GAAP. In addition, NSA's method of calculating these measures may be different from methods used by other companies, and, accordingly, may not be comparable to similar measures as calculated by other companies that do not use the same methodology as NSA. These measures, and other words and phrases used herein, are defined in the Glossary in the supplemental financial information and, where appropriate, reconciliations of these measures and other non-GAAP financial measures to their most directly comparable GAAP measures are included in the Schedules to this press release and in the supplemental financial information.

Core FFO per share and unit	\$ 0.40	\$ 0.37

(1) Amounts represent distributions declared for subordinated performance unitholders and DownREIT subordinated performance unitholders for the periods presented.

(2) NSA combines OP units and DownREIT OP units with common shares because, after the applicable lock-out periods, OP units in the Company's operating partnership are redeemable for cash or, at NSA's option, exchangeable for common shares on a one-for-one basis and DownREIT OP units are also redeemable for cash or, at NSA's option, exchangeable for OP units in the Company's operating partnership on a one-for-one basis, subject to certain adjustments in each case. Subordinated performance units, DownREIT subordinated performance units and LTIP units may also, under certain circumstances, be convertible into or exchangeable for common shares (or other units that are convertible into or exchangeable for common shares). See footnote⁽³⁾ for additional discussion of subordinated performance units, DownREIT subordinated performance units, and LTIP units in the calculation of FFO and Core FFO per share and unit.

Reconciliation of Earnings (Loss) Per Share - Diluted to FFO and Core FFO Per Share and Unit

(in thousands, except per share and unit amounts) (unaudited)

	Three Months Ended March 31,

Earnings (loss) per share - diluted	\$ 0.06	\$ 0.08
Impact of the difference in weighted average number of shares ⁽³⁾	(0.02)	(0.03)
Impact of GAAP accounting for noncontrolling interest, two-class method and treasury stock method ⁽⁴⁾	0.09	0.07
Add real estate depreciation and amortization	0.31	0.27
Add Company's share of unconsolidated real estate venture real estate depreciation and amortization	0.04	0.06
FFO attributable to subordinated performance unitholders	(0.09)	(0.08)
FFO per share and unit	0.39	0.37
Add acquisition costs	0.01	—
Core FFO per share and unit	\$ 0.40	\$ 0.37

(3) Adjustment accounts for the difference between the weighted average number of shares used to calculate diluted earnings per share and the weighted average number of shares used to calculate FFO and Core FFO per share and unit. Diluted earnings per share is calculated using the two-class method for the company's restricted common shares and the treasury stock method for certain unvested LTIP units, and assumes the conversion of vested LTIP units into OP units on a one-for-one basis and the hypothetical conversion of subordinated performance units, and DownREIT subordinated performance units into OP units, even though such units may only be convertible into OP units (i) after a lock-out period and (ii) upon certain events or conditions. For additional information about the conversion of subordinated performance units and DownREIT subordinated performance units into OP units, see Note 10 to the Company's most recent Annual Report on Form 10-K, filed with the Securities and Exchange Commission. The computation of weighted average shares and units for FFO and Core FFO per share and unit includes all restricted common shares and LTIP units that participate in distributions and excludes all subordinated performance units and DownREIT subordinated performance units because their effect has been accounted for through the allocation of FFO to the related unitholders based on distributions declared.

(4) Represents the effect of adjusting the numerator to consolidated net income (loss) prior to GAAP allocations for noncontrolling interests, after deducting preferred share and unit distributions, and before the application of the two-class method and treasury stock method, as described in footnote⁽³⁾.
