Amtech to Participate in The Benchmark Company 14th Annual Discovery One-on-One Investor Conference

TEMPE, Ariz.--(BUSINESS WIRE)-- Amtech Systems, Inc. ("Amtech") (NASDAQ: ASYS), a manufacturer of equipment and consumables enabling AI semiconductor device packaging and advanced substrate fabrication, today announced its participation in The Benchmark Company 14th Annual Discovery One-on-One Investor Conference on Thursday, December 4, 2025, in New York City.

The investor presentation to be referenced during the conference will be made available within the investor relations section of Amtech's website on the morning of the event. To access the presentation, please [click here](#). Amtech Chief Executive Officer Bob Daigle will be participating in the conference and will address the Company's investment thesis, including:

- Demand for equipment supporting AI applications, particularly reflow ovens used in advanced semiconductor packaging
- The benefits of previously implemented structural and operational cost reductions leading to increased cash levels and elimination of debt
- Driving further efficiency gains and cost optimization across all operations, positioning the Company to expand margins and generate more consistent profitability going forward

The conference connects emerging growth and dynamic publicly traded companies with institutional and individual investors in a one-on-one meeting format. To schedule a one-on-one meeting with Amtech, please [click here](#) to register for the conference, submit the request with your Benchmark representative or reach out to Amtech's investor relations representative Jordan Darrow of Darrow Associates using the contact information provided in this press release.

Founded in 1988 and headquartered in New York City, The Benchmark Company is an institutionally focused, research-driven firm offering sales trading, investment banking, strategic advisory services, and equity research.

About Amtech Systems, Inc.

Amtech Systems, Inc. (NASDAQ: ASYS) provides equipment, consumables and services for AI semiconductor device packaging and advanced wafer substrate fabrication. Our products include advanced packaging and electronics assembly equipment for applications such as AI GPUs and advanced automotive electronics. Consumable and other solutions are used in fabricating semiconductor devices, such as silicon carbide (SiC) and silicon (Si) power devices, digital and analog devices, power electronic packages, advanced semiconductor

packages and electronic assemblies. We sell these products to semiconductor device and module manufacturers worldwide, particularly in Asia, North America and Europe. To learn more about Amtech, please visit our website at <https://www.amtechsystems.com>.

Cautionary Note Regarding Forward-Looking Statements

Certain information contained in this press release is forward-looking in nature. All statements in this press release, or made by management of Amtech Systems, Inc. and its subsidiaries ("Amtech"), other than statements of historical fact, are hereby identified as "forward-looking statements" (as such term is defined in Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, and the Private Securities Litigation Reform Act of 1995). The forward-looking statements in this press release relate only to events or information as of the date on which the statements are made in this press release. Examples of forward-looking statements include statements regarding Amtech's future financial results, delivering profitable growth, creating long-term value for our shareholders, long term future prospects, operating results, business strategies, projected costs, the optimization and reduction of structural costs, products under development, competitive positions, plans and objectives of Amtech and its management for future operations, efforts to improve operational efficiencies and effectiveness and profitably grow our revenue, and enhancements to our technologies and expansion of our product portfolio. In some cases, forward-looking statements can be identified by terminology such as "may," "plan," "anticipate," "seek," "will," "expect," "intend," "estimate," "believe," "continue," "predict," "potential," "project," "should," "would," "could", "likely," "future," "target," "forecast," "goal," "observe," and "strategy" or the negative of these terms or other comparable terminology used in this press release or by our management, which are intended to identify such forward-looking statements. These statements are not guarantees of future performance and involve risks, uncertainties and assumptions that are difficult to predict. The Form 10-K that Amtech filed with the Securities and Exchange Commission (the "SEC") for the year-ended September 30, 2024, listed various important factors that could affect the Company's future operating results and financial condition and could cause actual results to differ materially from historical results and expectations based on forward-looking statements made in this document or elsewhere by Amtech or on its behalf. These factors can be found under the heading "Risk Factors" in the Form 10-K and in our subsequently filed Quarterly Reports on Form 10-Qs, and investors should refer to them. Because it is not possible to predict or identify all such factors, any such list cannot be considered a complete set of all potential risks or uncertainties. Except as required by law, we undertake no obligation to publicly update forward-looking statements, whether as a result of new information, future events, or otherwise.

Amtech Systems may use its website (www.amtechsystems.com), investor relations page (<https://www.amtechsystems.com/investors>), and LinkedIn page (<https://www.linkedin.com/company/amtechsystems>) to disclose material non-public information and for complying with its disclosure obligations under Regulation FD. Accordingly, investors and other interested parties should monitor these sites, in addition to following Amtech Systems press releases, Securities and Exchange Commission (SEC) filings, public conference calls and public presentations/webcasts.
