# **DMC Global Announces James O'Leary is Appointed as Permanent President & CEO After Leading Company on an Interim Basis**

BROOMFIELD, Colo., June 23, 2025 (GLOBE NEWSWIRE) -- DMC Global Inc. (Nasdaq: BOOM) today announced that James O'Leary has agreed to serve as permanent president and CEO, in addition to his role as executive chairman. Mr. O'Leary has served as DMC's interim president and chief executive officer since November 29, 2024.

"I'm excited to continue working with the many loyal, hardworking DMC associates around the world on behalf of our stakeholders," Mr. O'Leary said. "When I took over in November of last year, our key objective was to deleverage DMC's balance sheet and restore our capital structure to optimal health. These remain our highest priorities in the near and medium term as we look ahead to a potential acquisition of the 40% stake in Arcadia Products, LLC not presently owned by DMC.

"Despite an economic environment that has grown increasingly volatile and challenging, we are focused on growing free cash flow and expanding margins at our core operations. Recent stabilization across our portfolio after a difficult 2024 is largely attributable to the efforts of our teams across the company. I appreciate our associates' continued contributions and look forward to working with them to advance DMC's key objectives going forward."

Mr. O'Leary has four decades of executive leadership and capital markets experience, with deep expertise in building, building products and industrial manufacturing. He serves on the board of Builders FirstSource, Inc., the largest U.S. supplier of building products and services to the new residential and remodeling markets. Previously, Mr. O'Leary was chairman of BMC Stock Holdings, Inc. prior to its 2021 merger with Builders FirstSource. He also served as chairman and CEO of Kaydon Corporation, a publicly traded manufacturer of highly engineered industrial products, which was successfully sold to a strategic industry peer. He has extensive experience serving as an advisor, executive and director of private-equity owned industrial and building products businesses.
