U.S. Federal Court Grants Preliminary Injunction Against Laidlaw & Company and its Principals Matthew Eitner and James Ahern

Relmada Therapeutics Victorious in Obtaining Preliminary Injunction to Prevent Laidlaw's Continued Dissemination of False and Misleading Statements

NEW YORK, Dec. 23, 2015 /PRNewswire/ -- Relmada Therapeutics, Inc. (OTCQB: RLMD) ("Relmada" or the "Company"), a clinical-stage company developing novel therapies for the treatment of chronic pain, announced that following a hearing, the U.S. District Court for the District of Nevada granted Relmada's request and granted a Preliminary Injunction against Laidlaw & Company (UK) Ltd. and its principals, Matthew Eitner and James Ahern. The Court Order enjoins Laidlaw and Messrs. Eitner and Ahern from "continuing to disseminate false and misleading proxy materials."

As previously announced, the Court first issued a temporary restraining order and an associated injunction against Laidlaw and Messrs. Eitner and Ahern on December 10, 2015. The Court Order issued follows the previously announced lawsuit that Relmada filed against Laidlaw and Messrs. Eitner and Ahern as a result of their dissemination of materially false and misleading information in Laidlaw's attempt to take effective control of Relmada.

"We are pleased that the Court has again granted an injunction and prevented Laidlaw from disseminating its false and misleading proxy materials," said Sergio Traversa, Chief Executive Officer of Relmada. "The Relmada Board has acted, and will continue to act, in the best interests of Relmada and all of its stockholders. In contrast, the actions of Laidlaw and its principals make clear to us that their interests are very different from all other Relmada stockholders."

The Relmada Board of Directors and management team have built a robust product portfolio with a multi-pronged development plan that is delivering results – with significant value creation opportunities possible in the next 12 to 24 months. For example, Relmada recently reported positive study results for BuTab for the treatment of both chronic pain and opioid dependence indications, which represents a multi-billion dollar market opportunity, as well as the successful completion of its multiple ascending dose study with d-Methadone for neuropathic pain. Relmada's highly qualified Board has the experience necessary to continue this positive momentum and is committed to serving the interests of Relmada and ALL of its stockholders.

Time is short. The 2015 Annual Meeting of Relmada Stockholders will be held on December 30, 2015. Relmada urges stockholders to follow the unanimous recommendation of the Relmada Board and vote "FOR" Relmada's director nominees – Shreeram Agharkar and

Maged Shenouda – on the WHITE proxy card today.

The Court Order will be made available on Form 8-K, which will be filed with the Securities and Exchange Commission.

About Relmada Therapeutics, Inc.

Relmada Therapeutics is a clinical-stage, publicly traded specialty pharmaceutical company developing novel versions of proven drug products together with new chemical entities that potentially address areas of high unmet medical need in the treatment of pain. The Company has a diversified portfolio of four lead products at various stages of development including d-Methadone (REL-1017) its N-methyl-D-aspartate (NMDA) receptor antagonist for neuropathic pain; topical mepivacaine (REL-1021), its orphan drug designated topical formulation of the local anesthetic mepivacaine; oral buprenorphine (REL-1028) its oral dosage form of the opioid analgesic buprenorphine; and LevoCap ER (REL-1015), its abuse resistant, sustained release dosage form of the opioid analgesic levorphanol. The Company's product development efforts are guided by the internationally recognized scientific expertise of its research team. The Company's approach is expected to reduce clinical development risks and costs while potentially delivering valuable products in areas of high unmet medical needs.
