

Duos Technologies Group Awarded Contract for Major Hospital Center Digital Surveillance System

Utilizes Centraco Platform for Enhanced Situational Awareness; Important Mission Critical Component of Safety and Security

JACKSONVILLE, FL -- (Marketwired) -- 08/11/15 -- Duos Technologies Group(OTCQB: DUOT), a provider of intelligent security analytical technology solutions, has been awarded a contract to provide a state of the art digital surveillance system for a major Florida-based hospital. The system will be based on the Company's proprietary centraco™ Command and Control platform. The award includes deployment of digital video surveillance and emergency contact systems and will provide security operators with enhanced situational awareness through a single user interface. centraco™ is a powerful enterprise level command and control management platform which incorporates the traditional "Physical Security Information Management" ("PSIM") functionality with a comprehensive Enterprise Information System ("EIS") software suite.

"Our centraco™ application will allow safety and security operators to access the system, both locally and remotely, through a single user interface with an extensive integrated alarm reporting engine," stated Felix Krupczynski, EVP & GM for Duos Technologies Group. "It will also provide flexibility and scalability to the end user's monitoring capabilities and functionality as they continue to expand operations."

Gianni Arcaini, Chairman and CEO of Duos Technologies Group, stated, "This contract award once again validates our technology as an important mission critical component of safety and security within the healthcare sector, a significant industry focus for us and a testament of the platform's flexibility and capability."

Duos Technologies Group, Inc.

Duos Technologies Group, Inc. (OTCQB: DUOT), based in Jacksonville, FL, provides intelligent security analytical technology solutions with a strong portfolio of intellectual property. The Company's core competencies include advanced intelligent technologies that are delivered through its proprietary integrated enterprise command and control platform, centraco™. The Company provides its broad range of technology solutions with an emphasis on mission critical security, inspection and operations within the rail, utilities, petrochemical, healthcare, and hospitality sectors.
