# Duos Technologies IT Services Division Receives Major Contract Award

## Contract Scope Includes Audit of up to 30 Domestic Data Centers of International Mobile Operator

JACKSONVILLE, FL -- (Marketwired) -- 02/11/16 --

Duos Technologies Group, Inc. (OTCQB: DUOT), a provider of intelligent security analytical technology solutions, announced today that it has been awarded a new contract by one of its strategic partners to provide data center audit services for an international mobile telecommunications operator. The project is anticipated to be completed in the 4<sup>th</sup> Quarter of 2016. The services will be delivered by Duos Technologies' IT Infrastructure Services Division utilizing its patented data center audit methodology and a module of its proprietary centraco™ system.

"Our data collection and analysis methodologies deliver measurable intelligence on large data center infrastructures, and effectively establishes accurate awareness of our customer's rapidly expanding IT assets," said Joe Coschera, Duos Technologies Group Senior VP of IT Services. Utilizing a patented process and mobile audit software solution, Duos can insure timely completion and accurate deliverables to its clients. "We have successfully completed IT asset inventory audits for many Fortune 500 and Fortune 100 companies in hundreds of data centers with accuracy levels exceeding 99%," he went on to say.

Duos Technologies Group, IT infrastructure services division focuses on bringing products and services to support the largest Data Centers with their DCIM implementations. The division has delivered data collection and audit services via its partners for most of the major telco operators. Adrian Goldfarb, CFO of Duos Technologies Group, has corporate responsibility for the IT infrastructure services division. "Our plan is to significantly enhance our audit services by introducing innovative technologies later this year, which will increase the speed and accuracy data center audits can be accomplished," he commented.
