# SCYNEXIS, Inc. Reports Full Year 2014 Financial Results

RESEARCH TRIANGLE PARK, N.C., March 30, 2015 (GLOBE NEWSWIRE) -- Drug discovery and development company SCYNEXIS, Inc. (Nasdaq:SCYX) today reported financial results for the year ended December 31, 2014.

"This year was an important year for us in the evolution of the Company, as we successfully accessed the public markets and secured the resources necessary to further advance the clinical development of SCY-078 for the treatment of invasive fungal infections," said Yves J. Ribeill, Ph.D., President and Chief Executive Officer at SCYNEXIS. "I look forward now to smoothly transitioning Marco Taglietti into the role of CEO, and providing continued support as we work to bring SCY-078 to patients with life-threatening fungal infections caused by drug resistant pathogens."

## 2014-Present Corporate Highlights

- Successfully completed an initial public offering, selling 6.2 million shares of common stock at a price of \$10.00 per share, providing net proceeds of \$40 million after payment of offering commissions and expenses and repayment of a \$15 million credit facility;
- Added relevant new expertise to the Board of Directors through the appointment of directors Steven C. Gilman, Ph.D., Guy Macdonald and Marco Taglietti, M.D.;
- Announced Marco Taglietti as SCYNEXIS' new Chief Executive Officer, to be effective April 1, 2015, with Yves Ribeill, Ph.D., remaining as Company President and a member of the Board of Directors;
- Entered into a license agreement granting Waterstone Pharmaceutical Limited exclusive worldwide rights to develop and commercialize SCY-635 for the treatment of viral diseases in humans;
- Received both fast track and qualified infectious disease product designation from the Food and Drug Administration for the oral formulation of SCY-078 for the treatment of patients with invasive fungal disorders allowing the Company to have priority review and an additional five years of market exclusivity in the U.S. for SCY-078.

## Recent SCY-078 Update

- First patient was enrolled in March 2015 in the Phase 2 study of SCY-078 for the treatment of invasive fungal infections;
- Protocol amendments are being prepared to both enhance and expedite recruitment, and following implementation of these amendments, SCYNEXIS expects to have top-line study results in the first half of 2016 as planned;
- SCYNEXIS is also developing an IV formulation of SCY-078, with IND-enabling studies ongoing to support a Phase 1 study of the IV formulation planned to begin in the second half of 2015.

## Full Year 2014 Financial Results

SCYNEXIS reported a net loss of \$4.2 million, or \$2.69 per diluted common share, for the full year 2014, compared to a net loss of \$30.5 million, or \$139.47 per diluted common share, for the full year 2013.<sup>1</sup>

Research and development expenses increased to \$8.3 million in 2014, compared to \$4.4 million in 2013. The increase of \$3.9 million was primarily due to increased costs associated with the SCY-078 Phase 2 clinical trial and the preclinical development of intravenous SCY-078.

Cash and cash equivalents totaled \$32.2 million as of December 31, 2014.
