MEDIA ALERT: Equinix to participate in ITW 2019

REDWOOD CITY, Calif., June 13, 2019 /PRNewswire/ -- Equinix, Inc. (Nasdaq: EQIX), the global interconnection and data center company, today announced its participation in the upcoming International Telecom Week (ITW) 2019 conference, taking place June 23-26 at the Marriott Marquis in Atlanta. ITW is the world's largest gathering of the global wholesale telecommunications community.

The activities at ITW'19 are focused on empowering businesses' digital transformation and better connecting customers to end users, as well as learning how to use colocation centers to leverage the benefits of edge computing and networking.

Forward-Looking Statements

This press release contains forward-looking statements that involve risks and uncertainties. Actual results may differ materially from expectations discussed in such forward-looking statements. Factors that might cause such differences include, but are not limited to, the challenges of acquiring, operating and constructing IBX data centers and developing, deploying and delivering Equinix products and solutions; unanticipated costs or difficulties relating to the integration of companies we have acquired or will acquire into Equinix; a failure to receive significant revenues from customers in recently built out or acquired data centers; a failure to complete any financing arrangements contemplated from time to time; competition from existing and new competitors; the ability to generate sufficient cash flow or otherwise obtain funds to repay new or outstanding indebtedness; the loss or decline in business from our key customers; risks related to our taxation as a REIT; and other risks described from time to time in Equinix filings with the Securities and Exchange Commission. In particular, see recent Equinix quarterly and annual reports filed with the Securities and Exchange Commission, copies of which are available upon request from Equinix. Equinix does not assume any obligation to update the forward-looking information contained in this press release.
