Paychex Releases a Mobile Interface for ExpenseWire

ROCHESTER, N.Y.--(BUSINESS WIRE)-- Paychex, Inc. today released a new mobile interface for ExpenseWire, its leading software-as-a-service (SaaS) application for expense management, offering clients on-the-go access to their expense management process.

ExpenseWire's mobile interface provides clients with anytime, anywhere accessibility to review and analyze expense reports. From the interface, employees can upload receipt images, view expense reports, and check their status. Managers can verify receipts, approve or deny expense reports, view notifications, and enter comments.

"Paychex is committed to helping businesses and their employees achieve optimal success regardless of when or where they work," said Michael Gioja, Paychex senior vice president of information technology, product management, and development. "The ExpenseWire mobile interface, along with the Paychex Mobile smartphone app, demonstrates our commitment to providing businesses with the tools they need, where and when they need them."

The Web-based interface is available on demand and does not require the download of an application. The interface provides an up-to-date experience that does not require maintenance or storage. Users can access the site on their work and/or personal mobile devices hassle-free.

The ExpenseWire mobile interface is available at no cost to ExpenseWire users. To access the mobile interface, users should visit <https://m.expensewire.com> and enter their credentials. To learn more about ExpenseWire, click [here](#).
