

# QuickLogic Reports Fiscal 2022 Second Quarter Results

**Secured new eFPGA contract worth approximately \$7 million, the largest to date, with the potential to increase to tens of millions of dollars**

SAN JOSE, Calif., Aug. 16, 2022 /PRNewswire/ -- QuickLogic Corporation (NASDAQ: QUIK) ("QuickLogic" or the "Company"), a developer of ultra-low power multi-core voice enabled SoCs, embedded FPGA IP, and Endpoint AI solutions, today announced its financial results for the second quarter of fiscal 2022, ended July 3, 2022.

## Recent Highlights

- On August 8, 2022, the Company signed an approximately \$7 million customer contract. The Company's deliverables will be due over the course of twelve months. In addition, subject to completion of such deliverables and at the option of the customer, the total contract value could increase to tens of millions of dollars.
- [Introduced the industry's first disaggregated eFPGA-enabled chiplet template solution](#) based on QuickLogic's Australis™ eFPGA IP Generator and chiplet interfaces from eTopus.
- [SensiML deployed an endpoint AI-based vibration sensor](#) to detect anomalies for vacuum pumps and chilling machines used in its manufacturing flow for a large multi-national manufacturer in Asia.
- Second Quarter Fiscal 2022 revenue increased approximately 58% from the same quarter a year ago.
- New product revenue up 148% from the same quarter a year ago.

## Fiscal 2022 Second Quarter Financial Results

Total revenue for the second quarter of fiscal 2022 was \$4.5 million, an increase of 10.9% compared with the first quarter of 2022, and an increase of 57.6% compared with the second quarter of 2021.

New product revenue was approximately \$3.1 million in the second quarter of 2022, a decrease of \$0.3 million, or 9.2%, compared with the first quarter of 2022, and an increase of \$1.9 million, or 148.1%, compared with the second quarter of 2021. The increase in new product revenue from the same period a year ago was primarily due to higher eFPGA IP-related revenue, as well as an increase in smart connectivity product revenue.

Mature product revenue was \$1.4 million in the second quarter of 2022, an increase of

118.3% compared with the first quarter of 2022, and a decrease of 13.0% compared with the second quarter of 2021.

Second quarter 2022 GAAP gross margin was 56.0% compared with 60.1% in the first quarter of 2022, and 50.9% in the second quarter of 2021.

Second quarter 2022 non-GAAP gross margin was 58.6% compared with 61.5% in the first quarter of 2022, and 51.5% in the second quarter of 2021.

Second quarter 2022 GAAP operating expenses were \$3.2 million, compared with \$3.5 million in the first quarter of 2022, and \$3.4 million in the second quarter of 2021.

Second quarter 2022 non-GAAP operating expenses were \$2.8 million, compared with \$3.1 million in the first quarter of 2022, and \$3.3 million in the second quarter of 2021.

Second quarter 2022 GAAP net loss was \$0.5 million, or \$0.04 per share, compared with a net loss of \$1.2 million, or \$0.10 per share, in the first quarter of 2022, and a net loss of \$2.1 million, or \$0.18 per share, in the second quarter of 2021.

Second quarter 2022 non-GAAP net loss was \$47 thousand, or \$0.00 per share, compared with a net loss of \$0.8 million, or \$0.06 per share, in the first quarter of 2022, and a net loss of \$1.9 million, or \$0.16 per share, in the second quarter of 2021.

## **About QuickLogic**

QuickLogic is a fabless semiconductor company that develops low power, multi-core semiconductor platforms and Intellectual Property (IP) for Artificial Intelligence (AI), voice and sensor processing. The solutions include an embedded FPGA IP (eFPGA) for hardware acceleration and pre-processing, and heterogeneous multi-core SoCs that integrate eFPGA with other processors and peripherals. The Analytics Toolkit from the Company's wholly owned subsidiary, SensiML Corporation, completes the end-to-end solution with accurate sensor algorithms using AI technology. The full range of platforms, software tools and eFPGA IP enables the practical and efficient adoption of AI, voice and sensor processing across the multitude of mobile, wearable, hearable, consumer, industrial, edge and endpoint IoT applications. For more information, visit [www.quicklogic.com](http://www.quicklogic.com) and <https://www.quicklogic.com/blog/>.

QuickLogic uses its website ([www.quicklogic.com](http://www.quicklogic.com)), the company blog

(<https://www.quicklogic.com/blog/>), corporate Twitter account (@QuickLogic\_Corp), Facebook page (<https://www.facebook.com/QuickLogic>), and LinkedIn page (<https://www.linkedin.com/company/13512/>) as channels of distribution of information about its products, its planned financial and other announcements, its attendance at upcoming investor and industry conferences, and other matters. Such information may be deemed material information, and QuickLogic may use these channels to comply with its disclosure obligations under Regulation FD. Therefore, investors should monitor the Company's website and its social media accounts in addition to following the Company's press releases, SEC filings, public conference calls, and webcasts.

## **Non-GAAP Financial Measures**

QuickLogic reports financial information in accordance with United States Generally Accepted Accounting Principles, or U.S. GAAP, but believes that non-GAAP financial measures are helpful in evaluating its operating results and comparing its performance to comparable companies. Accordingly, the Company excludes certain charges related to stock-based compensation, restructuring, the effect of the write-off of long-lived assets and the tax effect on other comprehensive income in calculating non-GAAP (i) loss from operations, (ii) net loss, (iii) net loss per share, and (iv) gross margin percentage. The Company provides this non-GAAP information to enable investors to evaluate its operating results in a manner similar to how the Company analyzes its operating results and to provide consistency and comparability with similar companies in the Company's industry.

Management uses the non-GAAP measures, which exclude gains, losses and other charges that are considered by management to be outside of the Company's core operating results, internally to evaluate its operating performance against results in prior periods and its operating plans and forecasts. In addition, the non-GAAP measures are used to plan for the Company's future periods and serve as a basis for the allocation of the Company's resources, management of operations and the measurement of profit-dependent cash and equity compensation paid to employees and executive officers.

Investors should note, however, that the non-GAAP financial measures used by QuickLogic may not be the same non-GAAP financial measures, and may not be calculated in the same manner, as that of other companies. QuickLogic does not itself, nor does it suggest that investors should, consider such non-GAAP financial measures alone or as a substitute for financial information prepared in accordance with U.S. GAAP. A reconciliation of U.S. GAAP financial measures to non-GAAP financial measures is included in the financial statements portion of this press release. Investors are encouraged to review the related U.S. GAAP financial measures and the reconciliation of non-GAAP financial measures with their most directly comparable U.S. GAAP financial measures.

## **Forward Looking Statements**

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements include, without limitation, expectations regarding our future business, and actual results may differ due to a variety of factors including: delays in the market acceptance of the Company's new products; the ability to convert design opportunities into customer revenue; our ability to replace revenue from end-of-life products; the level and timing of customer design activity; the market acceptance of our customers' products; the risk that new orders may not result in

future revenue; our ability to introduce and produce new products based on advanced wafer technology on a timely basis; our ability to adequately market the low power, competitive pricing and short time-to-market of our new products; intense competition by competitors; our ability to hire and retain qualified personnel; our ability to capitalize on synergies with our subsidiary SensiML Corporation; changes in product demand or supply; general economic conditions; political events, international trade disputes, natural disasters and other business interruptions that could disrupt supply or delivery of, or demand for, the Company's products; the unpredictable and ongoing impact of the COVID-19 pandemic; and changes in tax rates and exposure to additional tax liabilities. These and other potential factors and uncertainties that could cause actual results to differ materially from the results contemplated or implied are described in more detail in the Company's public reports filed with the Securities and Exchange Commission (the "SEC"), including the risks discussed in the "Risk Factors" section in the Company's Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and in the Company's prior press releases, which are available on the Company's Investor Relations website at <http://ir.quicklogic.com/>, and on the SEC website at [www.sec.gov](http://www.sec.gov). In addition, please note that the date of this press release is August 16, 2022, and any forward-looking statements contained herein are based on assumptions that we believe to be reasonable as of this date. We undertake no obligation to update these statements as a result of new information or future events.
