Inpixon Continues Contract Win Momentum With Multi-Year Smart Office App Agreement With Global Social Media Company to Facilitate Office Reopenings

All-in-One App Solves Hybrid Workforce Challenges by Integrating Numerous Workplace Services and Tools into a Unified Employee Experience Solution With Desk Booking, Communications, Meetings, Safety and More

PALO ALTO, Calif., July 7, 2021 /PRNewswire/ -- Inpixon (Nasdaq: INPX), the Indoor Intelligence™ company, today announced that its [smart office app](#), which was added to the Company's product portfolio with the recent acquisition of [The CXApp](#), has been selected by a leading global social media and information sharing company with hundreds of millions of active users worldwide for implementation across dozens of corporate locations. Among other features, the location-aware app allows employees to reserve workspace across thousands of desks, a key capability in enabling the post-pandemic, agile workplace.

Inpixon's smart office app, a purpose-built mobile gateway to the new digital workplace, connects remote, in-office, and in-transit employees while promoting productivity and engagement by providing nearly all of a company's employee-facing information and resources in one place. Through a custom-branded, employee-personalized experience, the app unifies numerous workforce capabilities including desk and conference room booking, an employee directory, company notifications, visitor management, virtual meetings, space utilization analytics, single sign-on, health screenings, surveys, and polls. The comprehensive app will utilize [Inpixon Maps](#) and [Inpixon On-Device Positioning](#) leveraging [Bluetooth low-energy \(BLE\) beacons](#).

"To empower their distributed workforces, many organizations are looking to provide a centralized hub for unified employee experiences to bring connection points to employees and that provide them the ability to manage different types of office scenarios from their personal devices," commented Nadir Ali, CEO of Inpixon. "Our [awarding winning smart office app](#) provides essential tools that assist with workplace re-entry including features such

as blue-dot navigation and automated check-in and check-out for desk and room bookings. We are proud to win this contract, and we believe it exemplifies the rapid adoption of our smart office app by major global organizations. We expect this positive momentum to continue."
