

Inpixon Reports First Quarter 2023 Financial Results and Provides Business Update

Completed the Spin-off of Workplace Experience Business Line on March 14

Conference Call to be Held Today at 4:30 p.m. Eastern Time

PALO ALTO, Calif., May 15, 2023 /PRNewswire/ -- Inpixon® (Nasdaq: INPX), the Indoor Intelligence® company, today provided a business update and reported financial results for the first quarter ended March 31, 2023.

"The spinoff of the workplace experience business line was our most significant accomplishment in the first guarter of this year," commented Nadir Ali, CEO of Inpixon. "This transaction was a key focus for the company throughout the last several months and demonstrates our commitment to increasing value for shareholders. At the same time, for the remainder of our business, we were also able to achieve a 17% increase in revenue to \$3.1 million for the first guarter of 2023 as compared to the same period of last year, while effectively reducing our operating expenses as compared to the same period of last year. We have reallocated resources and streamlined our operations to focus on the growth of our real-time location system (RTLS) business line. RTLS enables customers to digitally track the real-time location and movement of physical things throughout large facilities and delivers actionable data that can seamlessly integrate into third-party systems, such as automated workflows or asset and supply chain management solutions. Through our solution, customers are able to locate, learn, and leverage information to make more informed business decisions. We remain committed to innovation and to providing a fullstack RTLS solution that supports a multitude of use cases and industries. In addition, the negotiation and diligence process with respect to a potential transaction for the remainder of our business continues to advance. We look forward to providing further updates as that process continues.

"Overall, we have maintained a solid balance sheet with over \$15 million in cash and cash equivalents as of March 31, 2023. We believe we are well positioned to solidify our leadership position within the RTLS industry, and we look forward to further executing on our business initiatives," concluded Mr. Ali.

Financial Results

Revenues for the three months ended March 31, 2023 were \$3.1 million compared to \$2.6 million for the comparable period in the prior year for an increase of approximately \$0.5 million, or approximately 17%. This increase is primarily attributable to the increase in Indoor Intelligence sales from the Aware and RTLS component product lines. Gross profit for the three months ended March 31, 2023, was \$2.3 million compared to a gross profit of \$1.9 million for the comparable period in the prior year, representing an increase of 25%. The gross profit margin for the three months ended March 31, 2023, was 75% compared to 70% for the three months ended March 31, 2022. This increase in gross profit margin is due to the sales mix during the period. Operating expenses for the three months ended March 31, 2023, were \$10.5 million and \$11.1 million for the comparable period ended March 31, 2022. This decrease of \$0.6 million is primarily attributable to lower compensation, professional fees and legal expense in the three months ended March 31, 2023. Net loss from continuing operations for the three months ended March 31, 2023, was \$12.3 million compared to \$10.8 million for the comparable period in the prior year. This increase in loss of approximately \$1.5 million was primarily attributable to a deferred tax provision expense of approximately \$2.5 million offset by higher gross profit of approximately \$0.5 million and lower operating expenses of approximately \$0.6 million.

Non-GAAP Adjusted EBITDA for the three months ended March 31, 2023, was a loss of \$7.7 million compared to a loss of \$8.8 million for the prior year period. Non-GAAP Adjusted EBITDA is defined as net income or loss before interest, provision for income taxes, depreciation, and amortization plus adjustments for other income or expense items, non-recurring items and non-cash items including stock-based compensation.

Proforma non-GAAP net loss per basic and diluted common sharefor the three months ended March 31, 2023, was a loss of \$1.01 per share compared to a loss of \$4.79 per share for the prior year period. Non-GAAP net loss per share is defined as net loss per basic and diluted share adjusted for non-cash items including stock-based compensation, amortization of intangibles and one-time charges and other adjustments including transaction costs, provision for unrealized loss on equity securities, and acquisition costs.

In accordance with applicable accounting guidance, the results of the workplace experience business line are presented as discontinued operations in the Consolidated Statements of Income and, as such, have been excluded from both continuing operations and segment results for all periods presented prior to the completion of the CXApp Spin-off. The Consolidated Statements of Cash Flows are presented on a consolidated basis for both continuing operations and discontinued operations. Please refer to the quarterly report on Form 10-Q for the quarterly period ended March 31, 2023 to be filed with the SEC for additional information.

Safe Harbor Statement

All statements in this release that are not based on historical fact are "forward-looking" statements" within the meaning of the Private Securities Litigation Reform Act of 1995 and the provisions of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. While management has based any forward-looking statements included in this release on its current expectations, the information on which such expectations were based may change. These forward-looking statements rely on a number of assumptions concerning future events and are subject to a number of risks, uncertainties and other factors, many of which are outside of the control of Inpixon and its subsidiaries, which could cause actual results to materially differ from such statements. Such risks, uncertainties, and other factors include, but are not limited to, the fluctuation of economic conditions, the impact of COVID-19, global conflicts, inflation and other global events on Inpixon's results of operations and global supply chain constraints, the anticipated benefits of the spin-off of the Workplace Experience business line may not be achieved, Inpixon's ability to integrate the products and business from acquisitions into its existing business, the performance of management and employees, the regulatory landscape as it relates to privacy regulations and their applicability to Inpixon's technology, Inpixon's ability to maintain compliance with Nasdag's continued listing requirements, the ability to obtain financing if needed, competition, general economic conditions and other factors that are detailed in Inpixon's periodic and current reports available for review at sec.gov. Furthermore, Inpixon operates in a highly competitive and rapidly changing environment where new and unanticipated risks may arise. Accordingly, investors should not place any reliance on forward-looking statements as a prediction of actual results. Inpixon disclaims any intention to, and undertakes no obligation to, update or revise forward-looking

statements.

Non-GAAP Financial Measures

Management believes that certain financial measures not in accordance with generally accepted accounting principles in the United States ("GAAP") are useful measures of operations. EBIDTA, Adjusted EBITDA and pro forma net loss per share are non-GAAP measures. Inpixon defines "EBITDA" as net income (loss) before interest, provision for (benefit from) income taxes, and depreciation and amortization. Management uses Adjusted EBITDA as a metric for which it manages the business, and Inpixon defines "Adjusted EBITDA" as EBITDA plus adjustments for other income or expense items, non-recurring items and non-cash items. Inpixon defines "pro forma net loss per share" as GAAP net loss per share adjusted for stock-based compensation, amortization of intangibles and one-time charges unrealized gains/losses from equity securities and transaction costs.

Management provides Adjusted EBITDA and pro forma net loss per share measures so that investors will have the same financial information that management uses, which may assist investors in assessing Inpixon's performance on a period-over-period basis. Adjusted EBITDA or pro forma net loss per share is not a measure of financial performance under GAAP, and should not be considered an alternative to net income (loss) or any other measure of performance under GAAP, or to cash flows from operating, investing or financing activities as an indicator of cash flows or as a measure of liquidity. Adjusted EBITDA and pro forma net loss per share have limitations as analytical tools and should not be considered either in isolation or as a substitute for analysis of Inpixon's results as reported under GAAP.

For more information on our non-GAAP financial measures and a reconciliation of GAAP to non-GAAP measures, please see the "Reconciliation of Non-GAAP Financial Measures" table accompanying this press release.
