Intellinetics Announces New Release of YellowFolder

Enhanced Capture and Collaboration Capabilities Accelerate and Expand Digital Transformation in K-12 Schools

COLUMBUS, OH, Dec. 05, 2022 (GLOBE NEWSWIRE) -- Intellinetics, Inc. ([NYSE American: INLX](#)), a digital transformation solutions provider, announces the latest version of its K-12 purpose-built YellowFolder records management product with new and enhanced features for user experience, document scanning, and collaboration to further increase the productivity and ROI for existing customers and accelerate the acquisition of new K-12 school districts making the move from paper to digital and beyond.

"We pride ourselves in listening to our customers, looking at new ways to improve our processes and products while providing world-class service, this release furthers these important goals," stated Ryan Bell, Chief Technology Officer, Intellinetics K-12 Division. "With the addition of more efficient and innovative ways to onboard and share students and faculty records, we are empowering educators to get the most out of their digitization efforts and focus more on other business priorities such as staff shortages and budget constraints."

"We continue to be confident in our focus on the K-12 industry as a key market, and the expansion of the YellowFolder feature set supports our goals to increase quality of our products and services in that market," stated [James F. DeSocio](#), President & CEO of Intellinetics. "Our K-12 division, led by a team of education veterans, develop and deliver solutions specifically designed for school districts including cloud-based records management software, digital forms, business process outsourcing, and document scanning services. We believe by leveraging our people, technology, and partnerships to solve some of K-12's biggest challenges, we will continue to expand our market share."

Some of the highlights of YellowFolder:

New Scan & Upload Tools: New user interface with a simple process to associate a person or persons to scanned documents with scanning now supported on Mac and PC using TWAIN compatible local scanners.

Enhanced YellowFolder Upload Dashboard: Shows Uploads in Process, Information Required, Verification Required and Uploads in Complete status expandable showing batches with documents using local system file names.

Improved Collaboration: The viewing, sharing, and downloading of an entire Student's Records can be done in just a few mouse clicks.
