Intellinetics to Participate at 2023 MSBO Annual Conference & Exhibit Show

Helping school districts mitigate ransomware attacks and improve records request compliance.

COLUMBUS, Ohio--(BUSINESS WIRE)-- Intellinetics, Inc. ([NYSE American: INLX](#)), a digital transformation solutions provider, today announced that it is exhibiting at the [Michigan School Business Officials \(MSBO\) Annual Conference & Exhibit Show](#) taking place at the Amway Grand Plaza and DeVos Place in Grand Rapids, MI from April 25-27, 2023.

The company will be presenting its K-12 focused solutions to increase school districts' cybersecurity resiliency, improve FERPA/HIPAA compliance, and manage FOIA requests. Intellinetics industry professionals will be hosting conference attendees at booth #340 and showcasing YellowFolder, a cloud-based records management system specifically built for K-12 schools for the secure storage, retrieval, and management of the district's student, special education, employee, and administrative records.

The 84th Annual MSBO Conference is the most comprehensive professional development opportunity for school business officials in Michigan and is a chance to gain industry knowledge, network with peers, hear inspirational speakers, and view dynamic exhibits and technologies which are impacting the future of K-12 education.

"We're excited to again be exhibiting at MSBO and connect with Michigan's school districts to continue to strengthen our relationships in this key market," stated [James F. DeSocio](#), President & CEO of Intellinetics. "Each year we find opportunity for great conversations with school business leaders who are looking to take their digital transformation to the next level. Now more than ever, cyber criminals are targeting our nation's education system and increased cybersecurity demands add strain to school districts that are already doing so much. Our solutions are specifically designed to address K-12's biggest challenges that far too often significantly impact a school's ability to carry out its educational mission while protecting sensitive school, student, and personnel data."
