WALNUT CREEK, Calif.--(BUSINESS WIRE)--Dec. 7, 2005--Central Garden & Pet Company (Nasdaq:CENT) today announced fourth quarter and full year results for its fiscal year ended September 24, 2005 and a \$100 million share repurchase program.

Net sales for fiscal 2005 were \$1.4 billion, an increase of 9% from \$1.3 billion in fiscal 2004. Net income for the year increased 30% to \$53.8 million from \$41.3 million in the prior year. Depreciation and amortization for the year was \$19.6 million compared to \$18.5 million in the prior year.

For the fourth quarter of fiscal 2005 the Company reported net sales of \$323 million, up 4% from \$311 million in the comparable 2004 period. Net income for the quarter increased 29% to \$6.7 million from \$5.2 million in the year ago period. Diluted earnings per share increased 24% to \$0.31 from \$0.25 in the year ago period. Branded product sales increased 7% while sales of other manufacturers' products declined 6%. Depreciation and amortization for the quarter was \$5.4 million compared to \$4.9 million in the year ago period. The fourth quarter of fiscal 2005 results include a one-time benefit of \$1.5 million related to a deferred tax adjustment, litigation expense of approximately \$3 million and Sarbanes-Oxley compliance costs of approximately \$3 million.

"Our commitment to investing in our business resulted in solid demand for our branded products throughout the fiscal year," noted Glenn Novotny, President and Chief Executive Officer. "We are pleased to see consumers approach their traditional spending patterns for their homes and pets, following the slow down in spending in the fourth quarter."

The Company announced Board of Director authorization to repurchase up to \$100 million of its common stock. Mr. Novotny commented, "Central is committed to a balanced approach of disciplined, strategic acquisitions and periodic share repurchases to minimize the dilutive

impact of employee stock options."

The Company reiterated its fiscal 2006 guidance. Net sales for the year are projected to be between \$1.45 billion and \$1.47 billion. Operating income is expected to be between \$116 million and \$119 million including the net impact of \$4 million in costs associated with its previously announced consolidation of its manufacturing and distribution facilities. Net income is expected to be between approximately \$63 million and \$65 million including the profit acceleration program. The corresponding earnings per fully diluted share is expected to be between \$2.80 and \$2.90. These projected results do not include the impact from any future acquisitions.

As previously disclosed, the Company accelerated its plans to achieve a 10% operating margin by fiscal 2008. In fiscal 2006, the Company expects to incur consolidation costs associated with this program of approximately \$7 million. Benefits associated with this program are expected to be approximately \$3 million resulting in a net cost of approximately \$4 million for the fiscal year. The Company anticipates this consolidation program will contribute an additional \$7 million of operating profits in fiscal 2007 ramping up to \$9 million per year starting in fiscal 2008.

The Company will discuss its fourth quarter and full year fiscal 2005 results on a conference call today at 4:30 p.m. EST.
