Rexford Industrial Announces Acquisition of Industrial Property for \$14.5 Million

– 100% Triple Net Leased Cold Storage Facility in Central Los Angeles –

– Year-to-Date Acquisition Volume Surpasses \$111 Million –

LOS ANGELES--(BUSINESS WIRE)-- Rexford Industrial Realty, Inc. (the “Company” or “Rexford Industrial”) (NYSE:REXR), a real estate investment trust focused on owning and operating industrial properties located in Southern California infill markets, today announced that it has acquired a 78,280 square foot industrial building in Huntington Park, California, for \$14.5 million, or approximately \$185 per square foot. The acquisition was funded with cash on hand and borrowings under the company’s credit facility.

“This acquisition fully demonstrates the power of our platform to uncover attractive off-market investments in prime locations that are expected to generate accretive returns for our shareholders,” said Howard Schwimmer and Michael Frankel, Co-Chief Executive Officers of the Company. “We negotiated a purchase of this premier cold storage facility from the owner / occupier seeking to monetize their investment. Concurrently, we consummated a lease with a new tenant for the entire space under a new, 10-year triple net lease. The property represents a best-in-class facility, with clear heights and cooling efficiency superior to competing product in a supply-constrained market, from-which we expect to produce strong, stable cash flows going forward.”

This 78,280 square foot cold storage facility is located at 6700 S. Alameda Street, in Huntington Park. It is a modern, high-efficiency cooler / freezer building constructed in 2008 with 43’ clear heights, which are rare in this market, providing significantly more cubic feet of storage than competitive facilities typically offering 24’ to 36’ clear heights. The seller transferred the existing client warehousing contracts to the new tenant, which is operating the facility under a new, 10-year triple net lease. The property is just south of the City of Vernon and offers easy access to the 110, 710, 10 and 105 Freeways. According to CBRE, the vacancy rate in the 285 million square foot LA-Central submarket stood at 2.0% at the end of the first quarter of 2015.
