Rexford Industrial Acquires Industrial Properties for \$110.6 Million

- 464,000 Square Feet of Logistics Property Plus Storage Yard Acquired in Prime Infill Southern California Markets -

- 2020 Acquisitions Total \$1.12 Billion -

LOS ANGELES, Dec. 17, 2020 /PRNewswire/ -- Rexford Industrial Realty, Inc. (the "Company" or "Rexford Industrial") (NYSE: REXR), a real estate investment trust focused on creating value by investing in and operating industrial properties located in Southern California infill markets, today announced the acquisition of a six-building industrial portfolio for \$93.8 million and the acquisition of an industrial outdoor storage yard for \$16.8 million. The acquisitions were funded using cash on hand.

"We continue to leverage our proprietary, research-driven originations platform to source attractive off-market investment opportunities in the high-demand, low-supply Southern California infill industrial market," stated Howard Schwimmer and Michael Frankel, Co-Chief Executive Officers of the Company. "Acquired from its long-time owners and original developers, the Vernon portfolio acquisition demonstrates the strength of our local relationships and off-market sourcing advantage. This irreplaceable portfolio, located in close proximity to downtown Los Angeles, serves last-mile logistics demand providing an opportunity to proactively drive rent growth over time. Separately, acquired at an attractive land basis, Greenstone Avenue provides highly-sought-after industrial outdoor storage within a dense infill location. Year-to-date we have completed over \$1.1 billion of acquisitions, including \$771 million in the fourth quarter. Looking ahead, we believe Rexford Industrial is exceptionally well-positioned to execute on our internal and external growth strategies focused on creating long-term shareholder value."

The Company acquired through an off-market transaction a six-building industrial portfolio in Vernon, within the LA – Central submarket, for \$93.8 million, or \$202 per square foot. The portfolio comprises single- and multi-tenant buildings containing 464,415 square feet on 20.93 acres of land, featuring 20'-30' clear heights with extensive dock-high loading. The properties are 100% leased at rents estimated to be approximately 28% below current market rates, and are ideally positioned to serve last-mile distribution and logistics needs in the center of Greater Los Angeles, the nation's largest metropolitan statistical area (MSA). The initial unlevered yield on total investment is approximately 4.5% and is expected to grow as in-place rents are increased to higher market rates. According to CBRE, the vacancy rate in the 290 million square foot LA – Central submarket was 2.6% at the end of the third quarter 2020.

The portfolio properties are located in Vernon at 1921-1931 E 27th Street (35,000 square feet); 2011-2025 E 27th Street (40,437 square feet); 2031-2099 E 27th Street (98,389 square feet); 2034-2040 E 27th Street (126,563 square feet); 2750 S Alameda Street (63,318 square feet); and 2800-2840 S Alameda Street (100,708 square feet).

The Company also acquired 12211 Greenstone Avenue, located in Santa Fe Springs within the LA – Mid-Counties submarket, for \$16.8 million, or \$77 per land square foot. The five-acre industrial outdoor storage yard was developed in 2019 and is currently leased to a high quality, national tenant at a rent estimated to be approximately 23% below current market rates. The initial unlevered yield on investment is approximately 4%. According to CBRE, the vacancy rate in the 112 million square foot LA – Mid Counties submarket was 2.2% at the end of the third quarter 2020.
