

ServisFirst Bancshares, Inc. Reports Third Quarter 2008 Earnings

BIRMINGHAM, Ala.--(BUSINESS WIRE)--

ServisFirst Bancshares, Inc. today reported earnings for the quarter ending September 30, 2008.

THIRD QUARTER 2008 HIGHLIGHTS:

- -- Quarterly Net Income increases 39% year/year
- -- Quarterly Deposit growth of 27% year/year, with no brokered deposits
- -- Dothan Regional Office opened in 3rd Quarter
- -- \$15 million Trust Preferred Securities issue closed in 3rd Quarter
- -- ServisFirst Bank Tier 2 Capital exceeds \$100 million

Thomas A. Broughton III stated, "We are pleased to report on our continued strong financial performance at a time when many of the large banks and savings and loans in our industry are under stress due to low quality investment portfolios plus concentrations in residential construction and development. Many businesses and professionals are evaluating their banking relationships due to continued consolidation in the financial industry and personnel turnover in many banks while ServisFirst Bank has attracted new clients due to our financial stability and strong relationships with existing and new clients."

Bud Foshee stated, "Our margins have remained consistent and the liquidity of ServisFirst remains in the very top of our peer group, with over \$300 million of liquidity. We have a very strong balance sheet, with no impaired investments and no brokered deposits. In addition, ServisFirst has no material coastal exposure and no exposure in the Atlanta metropolitan area and our asset quality compares favorably with our public bank peers."

Ronald DeVane, a former senior SouthTrust executive, opened the Dothan Regional office during the 3rd quarter. Thomas A. Broughton III stated, "We are pleased that Ronald chose to join ServisFirst heading our Dothan expansion in lieu of opening a de novo bank, a continuing validation of our business model that has proven successful in our other three regions. The timing of our Dothan opening could not have been better with the early results in obtaining new relationships exceeding expectations."

As previously announced, a \$15 million Trust Preferred issue closed in the 3rd quarter, which enhances our capital without the dilution of the sale of additional common shares. This issue boosted the Tier 2 bank capital to over \$100 million, a record for ServisFirst Bank.
