## **DMC Global Comments on DynaEnergetics Litigation**

BROOMFIELD, Colo., Jan. 18, 2023 (GLOBE NEWSWIRE) -- DMC Global Inc. (Nasdaq: BOOM) today announced a jury in the US District Court for the Southern District of Texas (Houston) found that Hunting Titan, Inc. and Hunting Energy Services, Inc. did not infringe DynaEnergetics' U.S. Patent No. 10,429,161 ("the '161 Patent"). However, the jury upheld the validity of the '161 Patent.

DynaEnergetics is reviewing the ruling and is considering all of its appellate options. While disappointed with the ruling, management is pleased the jury agreed the patent is valid, recognizing that the intellectual property associated with DynaEnergetics' DynaStage system represents a significant advancement in well perforating technology.

"We have established a leadership position in the global perforating industry based on technological innovation, and we will remain focused on building and expanding our product and intellectual property portfolios," said Ian Grieves, president of DynaEnergetics. "We also intend to take a vigilant and judicious approach to protecting our IP going forward."
