# Central Garden & Pet Company Announces Fiscal 2010 Second Quarter Results

Second Quarter Operating Income and EPS Improve Despite Sales Decline

WALNUT CREEK, Calif.--(BUSINESS WIRE)-- Central Garden & Pet Company (NASDAQ: CENT)(NASDAQ:CENTA) today announced results for its second quarter ended March 27, 2010.

"We have continued to improve our profitability and cash flow for the second quarter," noted William Brown, Chairman and Chief Executive Officer. "Higher gross margins and lower operating expenses more than offset sales declines. Operating margins improved to 13.7 percent for the second quarter 2010 from 12.0 percent for the second quarter last year. Our strong balance sheet, together with the recent completion of our \$400 million senior subordinated note offering, give us the financial resources to invest in brand building activities and new product innovations to support future organic sales growth. We also continue to explore potential acquisitions."

The Company reported net sales of \$442 million in the quarter, a decline of 7 percent compared to \$476 million in the comparable fiscal 2009 period. Branded product sales decreased 10 percent to \$368 million. Sales of other manufacturers' products increased 10 percent to \$74 million. The Company reported operating income of \$60.5 million compared to \$57.2 million in the year ago period. Net interest expense was \$9.8 million compared to \$5.5 million a year ago. Included in interest expense is a \$3.2 million charge related to the Company's recent refinancing. Net income for the quarter was \$31.6 million for the second quarter of 2010 compared to \$33.0 million for the second quarter of 2009. Fully diluted earnings per share rose to \$0.49 from \$0.47 for the year ago period.

Net sales for the Garden Products segment were \$220 million, a decrease of 11 percent from \$248 million in the comparable fiscal 2009 period. Branded product sales declined \$34 million to \$185 million. Sales of other manufacturers' products increased \$6 million to \$35 million. The decrease in Garden Products segment sales was due primarily to lower unit sales and price reductions due to lower commodity costs. Operating income for the Garden Products segment was \$36.8 million, or 16.8 percent of sales, compared to \$36.7 million, or 14.8 percent of sales in the year ago period.

Net sales for the Pet Products segment were \$222 million, a decrease of 3 percent compared to the year ago period. Branded product sales were \$183 million, a decrease of

\$7 million compared to last year. Sales of other manufacturers' products were \$39 million compared to \$38 million last year. Pet sales were lower than the year ago period due primarily to decreased sales of animal health products. The decrease in sales of animal health products was due primarily to a supply issue for one product line, which is expected to continue at a reduced level through our third fiscal quarter. Operating income for the Pet Products segment was \$34.8 million, or 15.6 percent of sales, compared to \$31.9 million, or 13.9 percent of sales, in the year ago period.

For the six months ending March 27, 2010 of fiscal 2010, the Company reported net sales of \$711 million compared to \$769 million in the comparable 2009 period, a decline of 8 percent. Branded products sales decreased 10 percent to \$588 million. Sales of other manufacturers' products increased 5 percent to \$123 million. Operating income for the period was \$61.0 million compared to \$54.5 million in the year ago period. Operating margins increased to 8.6 percent for the six months ended March 27, 2010 from 7.1 percent in the year ago period. Net income for the six months ending March 27, 2010 was \$28.7 million compared to \$26.8 million in the comparable 2009 period. Earnings per diluted share were \$0.43 compared to \$0.38 per share per fully diluted share in the year ago period.
