Rexford Industrial Acquires Industrial Property for \$13.0 Million

– Leased Buildings with Value-Add Play in Inland Empire West Submarket –

– Year-to-Date Acquisition Volume Exceeds \$209 Million –

LOS ANGELES--(BUSINESS WIRE)-- Rexford Industrial Realty, Inc. (the “Company” or “Rexford Industrial”) (NYSE:REXR), a real estate investment trust focused on owning and operating industrial properties located in Southern California infill markets, today announced the acquisition of 601-605 S. Milliken Ave, located in Ontario, California, for \$13.0 million, or approximately \$101 per square foot. The acquisition was completed with cash on hand and borrowings under the Company’s line of credit.

“With this transaction, we are contributing high-demand, institutional-quality product to our portfolio, with an opportunity to enhance cash flow and value by increasing below market rents as leases roll,” stated Howard Schwimmer and Michael Frankel, Co-Chief Executive Officers of the Company. “We believe this property, which is immediately adjacent to and positioned near other Rexford-owned projects, extends the Company’s operational efficiency and regional competitive advantage, particularly as supply remains scarce and is diminishing while demand continues to accelerate within Rexford’s target Southern California submarkets.”

601-605 S. Milliken Ave. is comprised of three buildings containing 128,322 square feet on 7.32 acres of land in Ontario, California. The buildings are 96% leased to multiple tenants and sit immediately adjacent to Ontario Airport Business Park and one block east of Dupont Business Center, which are both Rexford-owned projects. The Company intends to execute a value-add modernization and capital improvement plan, focusing on functional space enhancements as below-market leases roll in order to maximize rents and value over time. According to CBRE, the vacancy rate in the 267 million square foot Inland Empire West submarket was 2.1% at the end of the third quarter 2015.
