LOS ANGELES, Oct. 31, 2017 /PRNewswire/ -- Rexford Industrial Realty, Inc. (the "Company" or "Rexford Industrial") (NYSE: REXR), a real estate investment trust ("REIT") that specializes in acquiring, owning and operating industrial properties located in Southern California infill markets, today announced financial results for the third quarter of 2017.

Third Quarter 2017 Financial and Operational Highlights:

- Net income attributable to common stockholders of \$0.01 per diluted share for the quarter ended September 30, 2017, compared to \$0.03 per diluted share last year.
- Core FFO of \$0.25 per diluted share for the quarter ended September 30, 2017, compared to \$0.22 per diluted share last year, which represents an increase of 13.6% year-over-year.
- Total third quarter rental revenues of \$43.2 million, which represents an increase of 31.2% year-over-year. Property Net Operating Income (NOI) of \$32.0 million, which represents an increase of 33.5% year-over-year.
- Same Property Portfolio NOI increased 9.8% in the third quarter of 2017 compared to the third quarter of 2016, driven by a 7.7% increase in Same Property Portfolio total rental revenue and a 2.2% increase in Same Property Portfolio operating expenses. Same Property Portfolio Cash NOI increased 11.3% compared to the third quarter of 2016.
- Signed new and renewal leases totaling 1,293,057 rentable square feet. Rental rates on new and renewal leases were 26.3% higher than prior rents on a GAAP basis and 16.7% higher on a cash basis.
- Stabilized Same Property Portfolio occupancy was 96.9%, which represents an increase of 40 basis points year-over-year. Same Property Portfolio occupancy, inclusive of assets in value-add repositioning, was 95.2%, which represents an increase of 220 basis points year-over-year.
- At September 30, 2017, the consolidated portfolio including repositioning assets was 94.1% leased and 92.9% occupied, which represents an increase in occupancy of 320 basis points year-over-year. At September 30, 2017, the consolidated portfolio, excluding repositioning assets aggregating approximately 0.8 million rentable square feet, was 98.0% leased and 97.2% occupied.
- During the third quarter of 2017, the Company acquired seven industrial properties for a total purchase price of \$293.2 million.

"We are very proud of our third quarter results, which included a 9.8% increase in Same Property NOI and 1.3 million square feet of new and renewal leases signed, which exceeded our previous quarterly record. Further, these leases were signed at impressive GAAP and cash releasing spreads of 26.3% and 16.7%, respectively, which demonstrates the depth of demand for our high-quality properties within the thriving infill Southern California industrial market," stated Michael Frankel and Howard Schwimmer, Co-Chief Executive Officers of the Company. "During the quarter, we acquired \$293.2 million of core and value-add industrial properties in our severely supply constrained infill submarkets, and we recently delivered and leased up 317,000 square feet of repositioned space at attractive returns. As we look ahead, we believe we are well positioned to continue to leverage our strong balance sheet, our talented team and tremendous market opportunity as we work to maximize portfolio and shareholder value in the largest and most supply-constrained industrial market in the country."

Financial Results:

The Company reported net income attributable to common stockholders of \$0.6 million, or \$0.01 per diluted share, for the three months ended September 30, 2017, as compared to net income attributable to common stockholders of \$2.3 million, or \$0.03 per diluted share, for the three months ended September 30, 2016.

The Company reported net income attributable to common stockholders of \$22.6 million, or \$0.33 per diluted share, for the nine months ended September 30, 2017, as compared to net income attributable to common stockholders of \$15.9 million, or \$0.26 per diluted share, for the nine months ended September 30, 2016. Net income for the nine months ended September 30, 2017, included \$19.2 million of gains on sale of real estate, as compared to \$11.6 million for the nine months ended September 30, 2016.

The Company reported Company share of Core FFO of \$18.0 million, or \$0.25 per diluted share of common stock, for the three months ended September 30, 2017, as compared to Company share of Core FFO of \$14.2 million, or \$0.22 per diluted share of common stock, for the three months ended September 30, 2016. Adjusting for net non-core expenses and reimbursements (\$16

thousand reported during the third quarter of 2017 and \$0.4 million reported during the third quarter of 2016), Company share of FFO was \$18.0 million, or \$0.25 per diluted share of common stock, as compared to Company share of FFO of \$13.9 million, or \$0.21 per diluted share of common stock, for the three months ended September 30, 2016.

The Company reported Company share of Core FFO of \$49.0 million, or \$0.71 per diluted share of common stock, for the nine months ended September 30, 2017, as compared to Company share of Core FFO of \$40.1 million, or \$0.65 per diluted share of common stock, for the nine months ended September 30, 2016. Adjusting for net non-core expenses and reimbursements (\$0.4 million reported during the first nine months of 2017 and \$0.8 million during the first nine months of 2016), Company share of FFO was \$48.6 million, or \$0.70 per diluted share of common stock, as compared to Company share of FFO of \$39.3 million, or \$0.63 per diluted share of common stock, for the nine months ended September 30, 2016.

For the three months ended September 30, 2017, the Company's Same Property Portfolio GAAP NOI increased 9.8% compared to the third quarter of 2016, driven by a 7.7% increase in Same Property Portfolio total rental revenue and a 2.2% increase in Same Property Portfolio expenses. Same Property Portfolio Cash NOI increased 11.3% compared to the third quarter of 2016.

Operating Results:

In the third quarter of 2017, the Company signed 127 new and renewal leases totaling 1,293,057 rentable square feet. Average rental rates on comparable new and renewal leases were up 26.3% on a GAAP basis and up 16.7% on a cash basis. The Company signed 61 new leases for 678,882 rentable square feet, with GAAP rents up 33.6% compared to the prior in-place leases. The Company signed 66 renewal leases for 614,175 rentable square feet, with GAAP rents up 21.2% compared to the prior in-place leases. For the 61 new leases, cash rents were up 21.4%, and for the 66 renewal leases, cash rents were up 13.4%, compared to the ending cash rents for the prior leases.

The Company has included in a supplemental information package the detailed results and operating statistics that reflect the activities of the Company for the three months ended September 30, 2017. See below for information regarding the supplemental information package.

Transaction Activity:

In the third quarter 2017, the Company completed seven acquisitions, for an aggregate purchase price of \$293.2 million, as detailed below.

In July 2017, the Company acquired 3002-3072 Inland Empire Boulevard, a 100% leased four building ten-tenant industrial property containing 218,407 square feet on 10.82 acres, located in the Inland Empire West submarket, for \$26.9 million, or approximately \$123 per square foot.

In July 2017, the Company acquired 17000 Kingsview Avenue, a 100% leased two-tenant industrial building containing 100,121 square feet on 3.93 acres, located in the South Bay submarket, for approximately \$14.0 million, or approximately \$140 per square foot.

In July 2017, the Company acquired Rancho Pacifica Park, a 99% leased six building industrial complex containing approximately 1.17 million square feet on 56.01 acres, located in the South Bay submarket, for \$210.5 million, or approximately \$180 per square foot.

In July 2017, the Company acquired 11190 White Birch Drive, a 100% leased single-tenant industrial property containing 201,035 square feet on 9.27 acres, located in the Inland Empire West submarket, for approximately \$19.8 million, or approximately \$99 per square foot.

In July 2017, the Company acquired 4832-4850 Azusa Canyon Road, a 100% leased two-tenant industrial property containing 87,421 square feet on 3.5 acres, located in the San Gabriel Valley submarket, for approximately \$14.6 million, or approximately \$166 per square foot.

In September 2017, the Company acquired 1825 South Soto Street, a 100% leased industrial property containing 25,040 square feet on 1.03 acres, located in the Central Los Angeles submarket, for approximately \$3.5 million, or approximately \$139 per square foot.

In September 2017, the Company acquired 19402 South Susana Road, a 100% leased single-tenant industrial property containing 74,000 square feet of paved land with a 15,433 square foot building, located in the South Bay submarket, for approximately \$3.9 million, or approximately \$255 per square foot.

Balance Sheet:

In July 2017, the Company issued through a private placement \$125.0 million of 10-year senior guaranteed notes carrying a fixed annual interest rate of 3.93%. The net proceeds from the issuance of the notes were used to finance the acquisition of Rancho Pacifica Park.

As of September 30, 2017, the Company had \$667.0 million of outstanding debt, with an average interest rate of 3.346% and an average term-to-maturity of 5.9 years. As of September 30, 2017, approximately \$392 million, or 59%, of the Company's outstanding debt was fixed-rate with an average interest rate of 3.83% and an average term-to-maturity of 6.6 years. The remaining \$275 million, or 41%, of the Company's outstanding debt was floating-rate, with an average interest rate of LIBOR + 1.43% and an average term-to-maturity of 4.9 years. During 2016, the Company executed two interest rate swaps to hedge \$225 million of its remaining floating-rate debt beginning in 2018 when the swaps become effective. If these two interest rate swaps were effective as of September 30, 2017, the Company's debt would be 93% fixed and 7% variable.

In September 2017, the Company launched a new ATM program with a total capacity of \$300 million, having exhausted the previous \$125 million and \$150 million ATM programs earlier this year. The Company issued an aggregate of 6,805,820 shares of common

stock during the quarter ended September 30, 2017. The shares were issued at a weighted average price of \$29.09 per share, providing gross proceeds of approximately \$198.0 million and net proceeds of approximately \$195.0 million. As of September 30, 2017, the new program had approximately \$256.6 million of remaining capacity.

Guidance

The Company is updating its full year 2017 guidance for Company share of Core FFO to a range of \$0.94 to \$0.96 per diluted share of common stock. This Core FFO guidance refers only to the Company's in-place portfolio as of October 31, 2017, and does not include any assumptions for acquisitions, dispositions or balance sheet activities that may or may not occur later during the year. Full year guidance assumes the following: year-end Same Property Portfolio occupancy within a range of 95% to 96%, year-end Stabilized Same Property Portfolio occupancy within a range of 97% to 98%, Same Property Portfolio NOI growth for the year of 7.5% to 8.5% and general and administrative expenses of \$21.3 million to \$21.7 million.

The Company does not provide a reconciliation for its guidance range of Core FFO per diluted share to net income attributable to common stockholders per diluted share, the most directly comparable forward-looking GAAP financial measure, because it is impractical to provide a meaningful or accurate estimation of reconciling items and the information is not available without unreasonable effort. This is due to the inherent difficulty of forecasting the timing and/or amount of various items that would impact net income attributable to common stockholders per diluted share, including, for example, acquisition costs, gains on sales of depreciable real estate and other items that have not yet occurred and are out of the Company's control. For the same reasons, the Company is unable to address the probable significance of the unavailable information and believes that providing a reconciliation for its guidance range of Core FFO per diluted share would imply a degree of precision as to its forward-looking net income attributable to common stockholders per diluted share that would be confusing or misleading to investors.

Dividends:

On October 30, 2017, the Board of Directors declared a dividend of \$0.145 per share for the fourth quarter of 2017, payable in cash on January 15, 2018, to common stockholders and common unit holders of record as of December 29, 2017.

On October 30, 2017, the Board of Directors also declared a cash dividend of \$0.36719 per share payable to its Series A Cumulative Redeemable Preferred stockholders, payable in cash on December 29, 2017, to stockholders of record as of December 15, 2017.

Forward Looking Statements:

This press release may contain forward-looking statements within the meaning of the federal securities laws, which are based on current expectations, forecasts and assumptions that involve risks and uncertainties that could cause actual outcomes and results to differ materially. Forward-looking statements relate to expectations, beliefs, projections, future plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts. In some cases, you can identify forward-looking statements by the use of forward-looking terminology such as "may," "will," "should," "expects," "intends," "plans," "anticipates," "believes," "estimates," "predicts," or "potential" or the negative of these words and phrases or similar words or phrases which are predictions of or indicate future events or trends and which do not relate solely to historical matters. While forward-looking statements reflect the Company's good faith beliefs, assumptions and expectations, they are not guarantees of future performance. For a further discussion of these and other factors that could cause the Company's future results to differ materially from any forward-looking statements, see the reports and other filings by the Company with the U.S. Securities and Exchange Commission, including the Company's Annual Report on Form 10-K for the year ended December 31, 2016, and subsequent filings with the Securities and Exchange Commission. The Company disclaims any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, of new information, data or methods, future events or other changes.

Definitions / Discussion of Non-GAAP Financial Measures:

Funds from Operations (FFO): We calculate FFO in accordance with the standards established by the National Association of Real Estate Investment Trusts ("NAREIT"). FFO represents net income (loss) (computed in accordance with GAAP), excluding gains (or losses) from sales of depreciable operating property, impairment losses, real estate related depreciation and amortization (excluding amortization of deferred financing costs) and after adjustments for unconsolidated partnerships and joint ventures. Management uses

FFO as a supplemental performance measure because, in excluding real estate related depreciation and amortization, gains and losses from property dispositions, other than temporary impairments of unconsolidated real estate entities, and impairment on our investment in real estate, it provides a performance measure that, when compared year over year, captures trends in occupancy rates, rental rates and operating costs. We also believe that, as a widely recognized measure of performance used by other REITs, FFO may be used by investors as a basis to compare our operating performance with that of other REITs. However, because FFO excludes depreciation and amortization and captures neither the changes in the value of our properties that result from use or market conditions nor the level of capital expenditures and leasing commissions necessary to maintain the operating performance of our properties, all of which have real economic effects and could materially impact our results from operations, the utility of FFO as a measure of our performance is limited. Other equity REITs may not calculate or interpret FFO in accordance with the NAREIT definition as we do, and, accordingly, our FFO may not be comparable to such other REITs' FFO. FFO should not be used as a measure of our liquidity, and is not indicative of funds available for our cash needs, including our ability to pay dividends. FFO should be considered only as a supplement to net income computed in accordance with GAAP as a measure of our performance. A reconciliation of net income, the nearest GAAP equivalent, to FFO is set forth below.

Core Funds from Operations (Core FFO): We calculate Core FFO by adjusting FFO to exclude the impact of certain items that we do not consider reflective of our core revenue or expense streams. These adjustments consist of acquisition expenses and legal fee reimbursements related to prior litigation. For more information on prior litigation, see Item 3. Legal Proceedings in our 2014 Annual Report on Form 10-K. Management believes that Core FFO is a useful supplemental measure as it provides a more meaningful and consistent comparison of operating performance and allows investors to more easily compare the Company's operating results. Because certain of these adjustments have a real economic impact on our financial condition and results from operations, the utility of Core FFO as a measure of our performance is limited. Other REITs may not calculate Core FFO in a consistent manner. Accordingly, our Core FFO may not be comparable to other REITs' Core FFO. Core FFO should be considered only as a supplement to net income computed in accordance with GAAP as a measure of our performance. A reconciliation of FFO to Core FFO is set forth below.

Net Operating Income (NOI): NOI is a non-GAAP measure, which includes the revenue and expense directly attributable to our real estate properties. NOI is calculated as total revenue from real estate operations including i) rental income, ii) tenant reimbursements and iii) other income less property expenses (before interest expense, depreciation and amortization). We use NOI as a supplemental performance measure because, in excluding real estate depreciation and amortization expense and gains (or losses) from property dispositions, it provides a performance measure that, when compared year over year, captures trends in occupancy rates, rental rates and operating costs. We also believe that NOI will be useful to investors as a basis to compare our operating performance with that of other REITs. However, because NOI excludes depreciation and amortization expense and captures neither the changes in the value of our properties that result from use or market conditions, nor the level of capital expenditures and leasing commissions necessary to maintain the operating performance of our properties (all of which have real economic effect and could materially impact our results from operations), the utility of NOI as a measure of our performance is limited. Other equity REITs may not calculate NOI in a similar manner and, accordingly, our NOI may not be comparable to such other REITs' NOI. Accordingly, NOI should be considered only as a supplement to net income as a measure of our performance. NOI should not be used as a measure of our liquidity, nor is it indicative of funds available to fund our cash needs.

NOI should not be used as a substitute for cash flow from operating activities in accordance with GAAP. We use NOI to help evaluate the performance of the Company as a whole, as well as the performance of our Same Property Portfolio. A calculation of NOI for our Same Property Portfolio, as well as a reconciliation of net income to NOI for our Same Property Portfolio, is set forth below.

Cash NOI: Cash NOI is a non-GAAP measure, which we calculate by adding or subtracting from NOI i) fair value lease revenue and ii) straight-line rent adjustments. We use Cash NOI, together with NOI, as a supplemental performance measure. Cash NOI should not be used as a measure of our liquidity, nor is it indicative of funds available to fund our cash needs. Cash NOI should not be used as a substitute for cash flow from operating activities computed in accordance with GAAP. We use Cash NOI to help evaluate the performance of the Company as a whole, as well as the performance of our Same Property Portfolio. A calculation of Cash NOI for our Same Property Portfolio, as well as a reconciliation of net income to Cash NOI for our Same Property Portfolio, is set forth below.

Same Property Portfolio: Our Same Property Portfolio is a subset of our consolidated portfolio and includes properties that were wholly-owned by us as of January 1, 2016, and still owned by us as of September 30, 2017. Therefore, we excluded from our Same Properties Portfolio any properties that were acquired or sold during the period from January 1, 2016 through September 30, 2017. The Company's computation of same property performance may not be comparable to other REITs.

Stabilized Same Property Portfolio: Our Stabilized Same Property Portfolio represents the properties included in our Same Property Portfolio, adjusted to exclude space at properties that were in various stages of repositioning (defined below) or lease-up in connection with or following a completed repositioning. As of September 30, 2017, the difference between our Same Property Portfolio and our Stabilized Same Property Portfolio is space aggregating 190,158 rentable square feet at three of our properties that were in various stages of repositioning or lease-up.

Properties and Space Under Repositioning: Typically defined as properties or units where a significant amount of space is held vacant in order to implement capital improvements that improve the functionality (not including basic refurbishments, i.e., paint and carpet), cash flow and value of that space. We define a significant amount of space in a building as the lower of (i) 20,000 square feet of space or (ii) 50% of a building's square footage. Typically, we would include properties or space where the repositioning and lease-up time frame is estimated to be greater than six months. A repositioning is considered complete once the investment is fully or nearly fully deployed and the property is marketable for leasing. We consider a property to be stabilized once it reaches 95% occupancy.
