LOS ANGELES, May 24, 2018 /PRNewswire/ -- Rexford Industrial Realty, Inc. (the "Company" or "Rexford Industrial") (NYSE: REXR), a real estate investment trust focused on owning and operating industrial properties located in Southern California infill markets, today announced the acquisition of two industrial properties for a total investment of \$18.3 million. The acquisitions were funded through a combination of cash on hand and use of Rexford Industrial's existing line of credit.

"These acquisitions continue to demonstrate our ability to source high-quality industrial property investments through off-market transactions at favorable in-place and projected yields within the supply constrained infill Southern California industrial market," stated Howard Schwimmer and Michael Frankel, Co-Chief Executive Officers of the Company. "Utilizing our proprietary originations platform, we were able to structure an off-market transaction to acquire Surveyor Avenue, a state-of-the-art industrial property currently under construction. We also acquired Gateway Circle through an off-market sale / leaseback transaction in a high-demand Orange County submarket. As we progress through 2018, we continue to see favorable opportunities to execute our internal and external growth strategies to enhance cash flow and shareholder value."

The Company acquired 1998 Surveyor Avenue, located in Simi Valley, within the Ventura submarket, for \$10.2 million or \$182 per square foot. The facility, which is under construction and slated for completion in the first quarter of 2019, will consist of a 56,306 square foot, single-tenant industrial building on 2.98 acres of land. The state-of-the-art building will contain 30' minimum clear heights, 5 dock-high loading positions, ESFR fire sprinklers, and 6,000 square feet of high-image office space. The building is situated in a prime location on the corner of Tapo Canyon Road and Los Angeles Avenue and will provide best-in-class, modern functionality in a severely supply constrained submarket. According to CBRE, the vacancy rate in the 63 million square foot Ventura submarket was 2.5% at the end of the first quarter 2018.
