Rexford Industrial Acquires Industrial Property For \$14.0 Million; Sells Property For \$9.6 Million

- Fully Leased Investment in Prime SoCal Infill Industrial Market -**
- Disposition Harvests Premium Value from Non-Core Property -**
- 2019 Acquisitions Total \$970.7 Million -**

LOS ANGELES, Jan. 7, 2020 /PRNewswire/ -- Rexford Industrial Realty, Inc. (the "Company" or "Rexford Industrial") (NYSE: REXR), a real estate investment trust focused on creating value by investing in and operating industrial properties located in Southern California infill markets, today announced the acquisition of an industrial property for \$14.0 million and the disposition of an industrial property for \$9.6 million. The acquisition was funded using cash-on-hand and disposition proceeds. The transactions were completed during the fourth quarter of 2019.

"This acquisition represents another example of Rexford's ability to source accretive, off-market investment opportunities in Southern California's highly-sought-after infill industrial markets," stated Howard Schwimmer and Michael Frankel, Co-Chief Executive Officers of the Company. "The Company acquired Euclid Street through an off-market sale-leaseback transaction at a favorable in-place yield with the potential for future value-add repositioning. The Company also sold Eastman Business Park, capitalizing upon a strong market and favorable pricing to dispose of this non-core asset located in Ventura County. We are pleased with the quality of our 2019 transaction activity, having completed \$971 million of acquisitions comprising 5.4 million square feet of industrial property within Southern California infill markets along with \$33.6 million of dispositions comprising 182,000 square feet for the year. Looking forward, the Company is well-positioned to capitalize upon its low-leverage balance sheet and an active, proprietary investment pipeline within prime high-demand, low-supply Southern California infill industrial markets to deliver shareholder value."

The Company acquired 18250 Euclid Street, located in Fountain Valley within the Orange County – West submarket, for \$14.0 million, or \$223 per square foot. The property comprises a single-tenant industrial building containing 62,838 square feet on 3.54 acres of land and was acquired through an off-market, sale-leaseback transaction. The high-image, low coverage property provides immediate access to the 405 freeway with future value-add potential for enhanced last-mile industrial distribution use or for a higher-value non-industrial use. According to CBRE, the vacancy rate in the 41.6 million square foot Orange County – West submarket was 2.0% at the end of the third quarter 2019.

The Company sold Eastman Business Park, located at 2350-2380 Eastman Avenue in Oxnard, within the Ventura County submarket, for \$9.6 million, or \$173 per square foot. The Company had acquired the property for approximately \$6.0 million in 2014 as part of a larger property portfolio acquisition. Proceeds from the disposition were recycled in a tax deferred 1031 exchange to fund a portion of the Euclid Street acquisition.
