Alkaline88

Sprouts to Carry Alkaline88® Eco-Friendly Aluminum Bottles Nationwide

- Existing major account, Sprouts expands product lineup to now include 500-ml aluminum bottles
- Alkaline88® aluminum bottles are now available in all 362 Sprouts locations

SCOTTSDALE, Ariz.--(BUSINESS WIRE)-- The Alkaline Water Company Inc. (NASDAQ and CSE: WTER) (the "Company") is a producer of premium bottled alkaline water, flavor-infused waters, and CBD infused products sold under the brand names Alkaline88®, A88 Infused™, and A88CBD™, respectively. Today, the Company announces that its refillable, resealable, and 100% recyclable aluminum bottles are now available nationwide in all Sprouts Farmers Market locations.

“We are thrilled to announce that our in-demand aluminum bottles are now available at one of the nation’s leading grocery chains,” stated Ricky Wright, President and CEO of The Alkaline Water Company. “With our bulk offering deeply entrenched at Sprouts, our team has done a great job of growing our single-serve brands at this retailer as we continue to innovate and expand our product lines. This leading natural food chain has been a highly valued and growing partner since 2014 and now carries four of our SKUs, including gallons, 1.5-liters, 700-ml, and our aluminums. The availability of our environmentally friendly aluminum bottles in late June at KeHE helped to facilitate our product placement at Sprouts. We expect our aluminum bottles to be a hit with their customer base, which is primarily made up of consumers seeking all-natural and healthy lifestyles. As a Company, we remain committed to a more renewable future and are excited to see new orders for our truly sustainable packaging.”

About Sprouts Farmers Market

The Alkaline Water Company

Founded in 2012, The Alkaline Water Company (NASDAQ and CSE: WTER) is headquartered in Scottsdale, Arizona. Its flagship product, Alkaline88®, is a leading premier alkaline water brand available in bulk and single-serve sizes along with eco-friendly aluminum packaging options. With its innovative, state-of-the-art proprietary electrolysis process, Alkaline88® delivers perfect 8.8 pH balanced alkaline drinking water with trace minerals and electrolytes and boasts our trademarked label 'Clean Beverage.' Quickly being recognized as a growing lifestyle brand, Alkaline88® launched A88 Infused™ in 2019 to meet consumer demand for flavor-infused products. A88 Infused™ flavored water is available in six unique all-natural flavors, with new flavors coming soon. Additionally, in 2020, the Company launched A88 Infused Beverage Division Inc., which includes the Company's CBD water and flavor-infused water. For the Company's topical and ingestible offerings, A88 Infused Products Inc. includes both the Company's lab-tested full-spectrum hemp salves, balms, lotions, essential oils, and bath salts, along with broad-spectrum hemp, powder packs, oil tinctures, capsules, and gummies.

Notice Regarding Forward-Looking Statements

This news release contains "forward-looking statements." Statements in this news release that are not purely historical are forward-looking statements and include any statements regarding beliefs, plans, expectations or intentions regarding the future. Such forward-looking statements include, among other things, the following: that the Company expects its aluminum bottles to be a hit with Sprouts Farmers Market's customer base; and that the Company remains committed to a more renewable future.

The material assumptions supporting these forward-looking statements include, among others, that the demand for the Company's products will continue to significantly grow; that the past production capacity of the Company's co-packing facilities can be maintained or increased; that there will be increased production capacity through implementation of new production facilities, new co-packers and new technology; that there will be an increase in number of products available for sale to retailers and consumers; that there will be an expansion in geographical areas by national retailers carrying the Company's products; that there will be an expansion into new national and regional grocery retailers; that there will be an expansion into new e-commerce, home delivery, convenience, and healthy food channels; that there will not be interruptions on production of the Company's products; that there will not be a recall of products due to unintended contamination or other adverse

events relating to the Company's products; and that the Company will be able to obtain additional capital to meet the Company's growing demand and satisfy the capital expenditure requirements needed to increase production and support sales activity. Actual results could differ from those projected in any forward-looking statements due to numerous factors. Such factors include, among others, governmental regulations being implemented regarding the production and sale of alkaline water or any other products, including products containing hemp/CBD; the fact that consumers may not embrace and purchase any of the Company's CBD-infused products; the fact that the Company may not be permitted by the FDA or other regulatory authority to market or sell any of its CBD-infused products; additional competitors selling alkaline water and enhanced water products in bulk containers reducing the Company's sales; the fact that the Company does not own or operate any of its production facilities and that co-packers may not renew current agreements and/or not satisfy increased production quotas; the fact that the Company has a limited number of suppliers of its unique bulk bottles; the potential for supply-chain interruption due to factors beyond the Company's control; the fact that there may be a recall of products due to unintended contamination; the inherent uncertainties associated with operating as an early stage company; changes in customer demand and the fact that consumers may not embrace enhanced water products as expected or at all; the extent to which the Company is successful in gaining new long-term relationships with new retailers and retaining existing relationships with retailers; the Company's ability to raise the additional funding that it will need to continue to pursue its business, planned capital expansion and sales activity; and competition in the industry in which the Company operates and market conditions. These forward-looking statements are made as of the date of this news release, and the Company assumes no obligation to update the forward-looking statements, or to update the reasons why actual results could differ from those projected in the forward-looking statements, except as required by applicable law, including the securities laws of the United States and Canada. Although the Company believes that any beliefs, plans, expectations and intentions contained in this news release are reasonable, there can be no assurance that any such beliefs, plans, expectations or intentions will prove to be accurate. Readers should consult all of the information set forth herein and should also refer to the risk factors disclosure outlined in the reports and other documents the Company files with the SEC, available at www.sec.gov, and on the SEDAR, available at www.sedar.com.
