Concrete Pumping Holdings Reports Robust First Quarter 2023 Results

Double-Digit Revenue Growth Drive Record First Quarter

DENVER, March 09, 2023 (GLOBE NEWSWIRE) -- Concrete Pumping Holdings, Inc. (Nasdaq: BBCP) (the "Company" or "CPH"), a leading provider of concrete pumping and waste management services in the U.S. and U.K., reported financial results for the first quarter ended January 31, 2023.

First Quarter Fiscal Year 2023 Highlights vs. First Quarter of Fiscal Year 2022 (where applicable)

- Revenue increased 10% to \$93.6 million compared to \$85.4 million.
- Gross profit increased 7% to \$36.5 million compared to \$34.1 million.
- Income from operations increased 27% to \$9.4 million compared to \$7.4 million.
- Net income increased to \$6.5 million compared to \$1.2 million.
- Net income attributable to common shareholders increased to \$6.0 million or \$0.11 per diluted share, compared to \$0.7 million or \$0.01 per diluted share.
- Adjusted EBITDA¹ increased 7% to \$25.0 million compared to \$23.3 million, with Adjusted EBITDA margin¹ at 26.8% compared to 27.3%.
- Amounts outstanding under debt agreements were \$425.2 million with net debt¹ of \$421.2 million. Total available liquidity was \$110.2 million as of January 31, 2023, compared to \$111.2 million as of October 31, 2022.

Management Commentary

"The strength of our business was once again on display in our first quarter," said Bruce Young, CEO of Concrete Pumping Holdings. "Double-digit top and bottom-line growth, and expansion in every segment, drove another record quarter. Within our U.S. concrete pumping business, we continued to expand market share in the commercial and infrastructure end markets. Eco-Pan had an especially strong quarter with a 32% increase in revenue as we continued to leverage the organic growth in our operations network supported by our expanded salesforce. In the U.K., we delivered organic revenue improvement as the region continues to benefit from commercial and infrastructure development.

"In February, we continued to execute upon our M&A strategy to enhance our geographic footprint by acquiring the assets of Cherokee Pumping, Inc. and Cherokee Materials, LLC, both headquartered in Atlanta, Georgia for \$6.3 million. We believe that these acquisitions fit our criteria of high-returning capital investments that will position us well to expand revenue and margins over time.

“As we look to the future, we anticipate continued strength in the commercial and infrastructure end markets, while also proactively seeking opportunities in the residential end market given uncertain macroeconomic conditions. The focus remains on maximizing shareholder value by leveraging our unique operational capabilities, high-value service offering, and opportunistic, accretive M&A.”

1 Adjusted EBITDA, Adjusted EBITDA margin and net debt are financial measures that are not calculated in accordance with Generally Accepted Accounting Principles in the United States (“GAAP”). See “Non-GAAP Financial Measures” below for a discussion of the non-GAAP financial measures used in this release and a reconciliation to their most comparable GAAP measures. As of the first quarter of fiscal 2023, adjusted EBITDA no longer includes an add-back for director costs and public company expenses.

First Quarter Fiscal Year 2023 Financial Results

Revenue in the first quarter of fiscal year 2023 increased 10% to \$93.6 million compared to \$85.4 million in the first quarter of fiscal year 2022. The increase was attributable to strong growth across each of the Company’s segments as a result of organic growth from some regionally higher volumes and improved pricing, as well as the acquisition of Coastal Carolina Pumping in August 2022.

Gross profit in the first quarter of fiscal year 2023 increased 7% to \$36.5 million compared to \$34.1 million in the prior year quarter. Gross margin was 39.0% compared to 39.9% in the prior year quarter as higher input costs, particularly in diesel fuel and the severe winter weather impacts on operating leverage, more than offset price improvements.

Excluding amortization of intangible assets of \$4.8 million, depreciation expense of \$0.6 million and stock-based compensation expense of \$1.1 million, G&A expenses were \$20.5 million (21.9% of revenue) for the fiscal 2023 first quarter, up \$1.6 million from \$18.9 million (22.2% of revenue) for fiscal 2022 first quarter. The increase was primarily due to higher (1) labor costs from recent acquisitions and (2) legal and accounting costs that were partially offset by fluctuations in the GBP.

During the three-month period ended January 31, 2023, the Company recognized a \$4.6 million gain on the fair value remeasurement of its liability-classified warrants. There was no change in the fair value remeasurement of its liability-classified warrants during the first quarter of fiscal 2022. The changes in the fair value remeasurement of the public warrants for all periods presented are primarily driven by changes in the public trading price of the warrants during the respective periods.

Net income increased to \$6.5 million compared to \$1.2 million. Net income attributable to common shareholders in the first quarter of fiscal year 2022 increased to \$6.0 million, or \$0.11 per diluted share, compared to net income attributable to common shareholders of \$0.7 million, or \$0.01 per diluted share, in the prior year quarter.

Adjusted EBITDA in the first quarter of fiscal year 2022 increased 7% to \$25.0 million compared to \$23.3 million in the prior year quarter. Adjusted EBITDA margin declined slightly to 26.8% compared to 27.3% in the prior year quarter.

Liquidity

On January 31, 2023, the Company had debt outstanding of \$425.2 million, net debt of \$421.2 million and total available liquidity of \$110.2 million.

Segment Results

U.S. Concrete Pumping. Revenue in the first quarter of fiscal year 2023 increased 7% to \$67.2 million compared to \$63.1 million in the prior year quarter. The increase was primarily due to revenue contribution in the first quarter of 2023 from the Coastal acquisition. Net loss in the first quarter of fiscal year 2023 was \$1.1 million compared to a net loss of \$0.7 million in the prior year quarter. Adjusted EBITDA increased 1% to \$14.7 million in the first quarter of fiscal year 2023 compared to \$14.5 million in the prior year quarter.

U.K. Operations. Revenue in the first quarter of fiscal year 2023 increased 6% to \$12.7 million compared to \$12.0 million in the prior year quarter. Excluding the impact from foreign currency translation, revenue was up 18% year-over-year. The increase in revenue was primarily attributable to rate per job increases across the region. Net loss in the first quarter of fiscal year 2023 improved to \$0.1 million compared to a net loss of \$0.2 million in the prior year quarter. Adjusted EBITDA was \$3.2 million in the first quarter of fiscal year 2023 compared to \$3.3 million in the prior year quarter.

U.S. Concrete Waste Management Services. Revenue in the first quarter of fiscal year 2023 increased 32% to \$13.8 million compared to \$10.5 million in the prior year quarter. The increase was primarily due to organic growth and pricing improvements. Net income in the first quarter of fiscal year 2023 increased 61% to \$2.8 million compared to \$1.7 million in the prior year quarter. Adjusted EBITDA in the first quarter of fiscal year 2023 increased 33% to \$6.5 million compared to \$4.9 million in the prior year quarter.

Fiscal Year 2023 Outlook

The Company continues to expect fiscal year 2023 revenue to range between \$420.0 million to \$445.0 million, Adjusted EBITDA to range between \$125.0 million to \$135.0 million, and free cash flow² to range between \$65.0 million and \$75.0 million.

² Free cash flow is defined as Adjusted EBITDA less net replacement capital expenditures less cash paid for interest.

Conference Call

The Company will hold a conference call today at 5:00 p.m. Eastern time to discuss its first quarter 2023 results.

Date: Thursday, March 9, 2023

Time: 5:00 p.m. Eastern time (3:00 p.m. Mountain time)

Toll-free dial-in number: 1-877-407-9039

International dial-in number: 1-201-689-8470

Conference ID: 13736571

Please call the conference telephone number 5-10 minutes prior to the start time. An operator will register your name and organization. If you have any difficulty connecting with the conference call, please contact Gateway Investor Relations at 1-949-574-3860.

The conference call will be broadcast live and available for replay at (https://viaid.webcasts.com/starthere.jsp?ei=1599863&tp_key=1493e5eef1) and via the investor relations section of the Company's website at www.concretepumpingholdings.com.

A replay of the conference call will be available after 8:00 p.m. Eastern time on the same day through March 15, 2023.

Toll-free replay number: 1-844-512-2921

International replay number: 1-412-317-6671

Replay ID: 13736571

About Concrete Pumping Holdings

Concrete Pumping Holdings is the leading provider of concrete pumping services and concrete waste management services in the fragmented U.S. and U.K. markets, primarily operating under what we believe are the only established, national brands in both geographies – Brundage-Bone for concrete pumping in the U.S., Camfaud in the U.K., and Eco-Pan for waste management services in both the U.S. and U.K. The Company's large fleet of specialized pumping equipment and trained operators position it to deliver concrete placement solutions that facilitate labor cost savings to customers, shorten concrete placement times, enhance worksite safety and improve construction quality. Highly complementary to its core concrete pumping service, Eco-Pan seeks to provide a full-service, cost-effective, regulatory-compliant solution to manage environmental issues caused by concrete washout. As of January 31, 2023, the Company provided concrete pumping services in the U.S. from a footprint of approximately 100 branch locations across approximately 20 states, concrete pumping services in the U.K. from approximately 30 branch locations, and route-based concrete waste management services from 18 operating locations in the U.S. and 1 shared location in the U.K. For more information, please visit www.concretepumpingholdings.com or the Company's brand websites at www.brundagebone.com, www.camfaud.co.uk, or www.eco-pan.com.

Forward-Looking Statements

This press release includes "forward-looking statements" within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995. The Company's actual results may differ from expectations, estimates and projections and consequently, you should not rely on these forward-looking statements as predictions of future events. Words such as "expect," "estimate," "project," "budget," "forecast," "anticipate," "intend," "plan," "may," "will," "could," "should," "believes," "predicts," "potential," "continue," "outlook" and similar expressions are intended to identify such forward-looking statements. These forward-looking statements include, without limitation, the Company's expectations with respect to future performance, including the Company's fiscal year 2023 outlook. These forward-looking statements involve significant risks and uncertainties that could cause actual results to differ materially from expected results. Most of these factors are outside the Company's control and are difficult to predict. Factors that may cause such differences include, but are not limited to: the adverse impact of recent inflationary pressures, global economic conditions and developments related to these conditions, such as fluctuations in fuel costs and the ongoing war in Ukraine and the COVID-19 pandemic, on our business; the outcome of any legal proceedings or demand letters that may be instituted against or sent to the Company or its subsidiaries; the ability of the Company to grow and manage growth

profitably and retain its key employees; the ability to complete targeted acquisitions and to realize the expected benefits from completed acquisitions; changes in applicable laws or regulations; the possibility that the Company may be adversely affected by other economic, business, and/or competitive factors; and other risks and uncertainties indicated from time to time in the Company's filings with the Securities and Exchange Commission, including the risk factors in the Company's latest Annual Report on Form 10-K and Quarterly Reports on Form 10-Q and Form 10-Q/A. The Company cautions that the foregoing list of factors is not exclusive. The Company cautions readers not to place undue reliance upon any forward-looking statements, which speak only as of the date made. The Company does not undertake or accept any obligation or undertaking to release publicly any updates or revisions to any forward-looking statements to reflect any change in its expectations or any change in events, conditions or circumstances on which any such statement is based.

Non-GAAP Financial Measures

Adjusted EBITDA is a financial measure that is not calculated in accordance with Generally Accepted Accounting Principles in the United States ("GAAP"). The Company believes that this non-GAAP financial measure provides useful information to management and investors regarding certain financial and business trends relating to the Company's financial condition and results of operations. The Company's management also uses this non-GAAP financial measure to compare the Company's performance to that of prior periods for trend analyses, determining incentive compensation and for budgeting and planning purposes. Adjusted EBITDA is also used in quarterly and annual financial reports prepared for the Company's board of directors. The Company believes that this non-GAAP measure provides an additional tool for investors to use in evaluating the Company's ongoing operating results and in comparing the Company's financial results with competitors who also present similar non-GAAP financial measures.

Adjusted EBITDA is defined as net income calculated in accordance with GAAP plus interest expense, income taxes, depreciation, amortization, transaction expenses, loss on debt extinguishment, stock-based compensation, other income, net, and other adjustments. Other adjustments includes the adjustment for warrant liabilities revaluation, restructuring costs, extraordinary expenses and gain/loss on currency transactions. As of the first quarter of fiscal 2023, we have modified the method in which adjusted EBITDA is calculated by no longer including an add-back for director costs and public company expenses. Adjusted EBITDA in the first quarter of fiscal 2022 is restated by \$0.7 million for these expenses to reflect this change. Adjusted EBITDA margin is defined as Adjusted EBITDA divided by total revenue for the period presented. See below for a reconciliation of Adjusted EBITDA to net income (loss) calculated in accordance with GAAP.

Net debt is calculated as all amounts outstanding under debt agreements (currently this includes the Company's term loan and revolving line of credit balances, excluding any offsets for capitalized deferred financing costs) measured in accordance with GAAP less cash. Cash is subtracted from the GAAP measure because it could be used to reduce the Company's debt obligations. A limitation associated with using net debt is that it subtracts cash and therefore may imply that there is less Company debt than the most comparable GAAP measure indicates. CPH believes this non-GAAP measure provides useful information to management and investors in order to monitor the Company's leverage and evaluate the Company's consolidated balance sheet. See "Non-GAAP Measures (Reconciliation of Net

Debt)” below for a reconciliation of Net Debt to amounts outstanding under debt agreements calculated in accordance with GAAP.

Free cash flow is defined as Adjusted EBITDA less net replacement capital expenditures and cash paid for interest. This measure is not a substitute for cash flow from operations and does not represent the residual cash flow available for discretionary expenditures, since certain non-discretionary expenditures, such as debt servicing payments, are not deducted from the measure. CPH believes this non-GAAP measure provides useful information to management and investors in order to monitor and evaluate the cash flow yield of the business.

The financial statement tables that accompany this press release include a reconciliation of Adjusted EBITDA and net debt to the applicable most comparable U.S. GAAP financial measure. However, the Company has not reconciled the forward-looking Adjusted EBITDA guidance range and free cash flow range included in this press release to the most directly comparable forward-looking GAAP measures because this cannot be done without unreasonable effort due to the lack of predictability regarding the various reconciling items such as provision for income taxes and depreciation and amortization.

Current and prospective investors should review the Company’s audited annual and unaudited interim financial statements, which are filed with the U.S. Securities and Exchange Commission, and not rely on any single financial measure to evaluate the Company’s business. Other companies may calculate Adjusted EBITDA, net debt and free cash flow differently and therefore these measures may not be directly comparable to similarly titled measures of other companies.
