Ceapro to Review Litigation Claims

EDMONTON, ALBERTA -- (MARKET WIRE) -- 06/09/08 -- Ceapro Inc. (TSX VENTURE: CZO) The Company has received notice that its remaining litigation claims against Saskatchewan Government Growth Fund and Saskatchewan Government Growth Fund Management Corporation have been dismissed. Neither the Company nor the Board of Directors has received a copy of the full decision as of yet, and, once received the Board of Directors will meet to discuss such decision and to plan next steps. Until such time, Ceapro will not offer any further comment on this matter.

About Ceapro Inc.

Ceapro Inc. is a Canadian growth-stage biotechnology company whose primary business activities relate to the development and commercialization of organic products for medical, cosmetic and animal health industries using proprietary technology and natural, renewable resources. We will also be applying our technology to become an active participant in the bio-energy sector. We have introduced health and wellness services employing our CeaProve® diagnostic technology. To learn more about Ceapro, visit www.ceapro.com.
