Titan Pharmaceuticals to Present at Rodman & Renshaw 16th Annual Global Investment Conference

SOUTH SAN FRANCISCO, CA -- (Marketwired) -- 09/03/14 -- Titan Pharmaceuticals, Inc. (OTCBB: TTNP), a specialty pharmaceutical company developing proprietary therapeutics for the treatment of opioid dependence, Parkinson's Disease, and other serious medical disorders, today announced that Titan President Sunil Bhonsle will present at the Rodman & Renshaw 16th Annual Global Investor Conference at the New York Palace Hotel in New York City on Sept. 10 from 9:35-10 a.m. The presentation will take place in the Kennedy II Salon.

About Titan Pharmaceuticals
Titan Pharmaceuticals Inc. (OTCBB: TTNP), based in South San Francisco, CA, is a specialty pharmaceutical company developing proprietary therapeutics primarily for the treatment of serious medical disorders. The company's lead product candidate is Probuphine®, a novel and long-acting formulation of buprenorphine for the long-term maintenance treatment of opioid dependence. Probuphine employs Titan's proprietary drug delivery system ProNeura™, which is capable of delivering sustained, consistent levels of medication for six months or longer. Titan has granted North American commercial rights for Probuphine to Braeburn Pharmaceuticals. If approved, Probuphine would be the first and only commercialized treatment of opioid dependence to provide continuous, around-the-clock blood levels of buprenorphine for six months following a single procedure. The ProNeura technology has the potential to be used in developing products for treating other chronic conditions, such as Parkinson's Disease, where maintaining consistent blood levels of a dopamine agonist may benefit the patient and improve medical outcomes.
