# Japan's Patent Office Grants Tecogen a Patent for its Ultera Emissions Technology

WALTHAM, Mass., June 21, 2018 (GLOBE NEWSWIRE) -- [Tecogen Inc.](#) (NASDAQ:TGEN), a clean energy company providing ultra-efficient, clean, natural gas powered on-site power, heating and cooling equipment, has obtained patent protection in Japan for its Ultera emissions technology. This patent gives Tecogen exclusive control over the Ultera technology in Japan and augments the Company's Ultera patent portfolio. Tecogen also recently obtained an allowance of its patent application for the technology from the European Patent Office.

Research on the Ultera emissions technology has demonstrated significant emissions reductions in stationary engines, gas powered vehicles, and fork trucks. It has also been identified as meeting California's Best Available Technology (BACT) for stationary non-emergency engines.

"The expansion of our intellectual property protection for the Ultera emissions control technology to include Japan strengthens our position as we continue to optimize the technology and consider opportunities for commercialization of the technology in Japan, United States, and elsewhere," stated Robert Panora, President of the Company.

## About Tecogen

[Tecogen Inc.](#) designs, manufactures, sells, installs, and maintains high efficiency, ultra-clean, cogeneration products including natural gas engine-driven combined heat and power, air conditioning systems, and high-efficiency water heaters for residential, commercial, recreational and industrial use. The company is known for cost efficient, environmentally friendly and reliable products for energy production that, through patented technology, nearly eliminate criteria pollutants and significantly reduce a customer's carbon footprint.

In business for over 35 years, Tecogen has shipped more than 3,000 units, supported by an established network of engineering, sales, and service personnel across the United States. Tecogen, InVerde, InVerde e+, Ilios, Tecochill, and Ultera are registered or pending trademarks of Tecogen Inc.

## Forward Looking Statements

This press release contains "forward-looking statements" which may describe strategies, goals, outlooks or other non-historical matters, or projected revenues, income, returns or other financial measures, that may include words such as "believe," "expect," "anticipate," "intend," "plan," "estimate," "project," "target," "potential," "will," "should," "could," "likely," or "may" and similar expressions intended to identify forward-looking statements. These

statements are only predictions and involve known and unknown risks, uncertainties, and other factors that may cause our actual results to differ materially from those expressed or implied by such forward-looking statements. Given these uncertainties, you should not place undue reliance on these forward-looking statements. Forward-looking statements speak only as of the date on which they are made, and we undertake no obligation to update or revise any forward-looking statements.

In addition to those factors described in our Annual Report on Form 10-K and our Quarterly Reports on Form 10-Q under “Risk Factors”, among the factors that could cause actual results to differ materially from past and projected future results are the following: fluctuations in demand for our products and services, competing technological developments, issues relating to research and development, the availability of incentives, rebates, and tax benefits relating to our products and services, changes in the regulatory environment relating to our products and services, integration of acquired business operations, and the ability to obtain financing on favorable terms to fund existing operations and anticipated growth.
