3DIcon Board Member Becomes Chairman of Business Advisory Board

TULSA, OK -- (Marketwired) -- 04/05/13 -- 3DIcon Corporation (OTCBB: TDCP), a developer of volumetric, three-dimensional display technologies, announced today that Sidney Aroesty, currently a board member of 3DIcon Corporation ("3DIcon"), will be stepping down effective April 15, 2013. Mr. Aroesty will become Chairman of a newly formed Business Advisory Board of 3DIcon and will act as a consultant on an as needed basis. Mr. Aroesty retired as Executive Vice President and Chief Operating Officer of Siemens Medical Solutions Diagnostics, a division of Siemens AG in 2007 and joined 3DIcon's board in 2012. This move is in keeping with his long term retirement plans and reduction of business activities. The Company appreciates the efforts of Mr. Aroesty and looks forward to a continuing relationship as his leadership and business acumen have provided 3DIcon with immeasurable value.

About 3DIcon Corporation

3DIcon Corporation is a developer of groundbreaking 3D projection and display technologies that are designed to produce full color, high-resolution, 360-degree volumetric images, a development many consider to be the next step in 3D display technology. CSpace creates both dense and translucent images for use in mission critical functions including healthcare, security and defense. CSpace enables viewing inside organs, cargo containers, and baggage, as well as large-scale terrain such as oceans and mountains, all of which are beyond the capabilities of other current display methodologies. The company also offers a software product, [Pixel Precision®](#), which targets the R&D market for developers using Texas Instruments' DLP® line of products.
