

WiSA Technologies to Demonstrate WiSA E 5GHz Multichannel Audio Software at CES 2023

Demonstration shows six channels of high-performance audio running on a Realtek Ameba Smart (RTL8730E) IoT chip platform

BEAVERTON, Ore.--(BUSINESS WIRE)-- [WiSA Technologies, Inc.](https://www.wisatechnologies.com) (NASDAQ: WISA), a leading provider of immersive, wireless sound technology for intelligent devices and next-generation home entertainment systems, will be demonstrating its latest Wi-Fi-compatible multichannel WiSA E embedded software audio technology at CES 2023. Using the 5GHz portion of the Wi-Fi band, WiSA E offers high-performance, high-quality wireless audio transmission and reception at an affordable price.

The WiSA E demonstration at CES will feature a six-channel, 5.1 immersive audio configuration transmitting uncompressed 24-bit 48kHz audio with a fixed latency of 20 milliseconds and tight channel synchronization using the 5GHz Wi-Fi band. WiSA E production-ready modules using the Realtek Ameba Smart (RTL8730E) are expected to be available before the end of Q2 2023.

“WiSA E is our highest performing IP solution designed to work robustly in today’s congested world of Wi-Fi,” said Tony Parker, Vice President of Business Development and Strategy. “Consumers are demanding more immersive 3D audio experiences and WiSA E is designed to wirelessly deliver just that. The feature set of the WiSA E module will continue to grow over time, with software updates delivering higher channel counts (up to 10) and higher sample rates while preserving consumer interoperability. WiSA E is a versatile technology for any product designed to create an immersive audio experience.”

WiSA E Demonstration at CES 2023

WiSA Technologies will be demonstrating WiSA E at CES 2023 in Las Vegas at the Embassy Suites by Hilton Convention Center. Demonstrations are by appointment only and will be available January 5 – 8, 2023. To schedule a product demonstration, please contact James Cheng, VP Sales, at jcheng@wisatechnologies.com. Safe Harbor Statement

This press release contains forward-looking statements, which are not historical facts, within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Our actual results, performance or achievements may differ materially from those expressed or implied by these forward-looking statements. In some cases, you can identify forward-looking statements by the use of words such as “may,” “could,” “expect,” “intend,” “plan,” “seek,” “anticipate,” “believe,” “estimate,” “predict,” “potential,” “continue,” “likely,” “will,” “would” and variations of these terms and similar expressions, or the negative of these terms or similar expressions. Such forward-looking statements, including statements herein regarding revenue growth, production, stores and launches, are necessarily based upon estimates and assumptions that, while considered reasonable by us and our management, are inherently uncertain. As a result, readers are cautioned not to place undue reliance on these forward-looking statements. Actual results may differ materially from those indicated by these forward-looking statements as a result of risks and uncertainties impacting WiSA Technologies’ business, including the interoperability of WiSA E software, current macroeconomic uncertainties associated with the COVID-19 pandemic; our inability to predict or measure supply chain disruptions resulting from the COVID-19 pandemic and other drivers; our ability to predict the timing of design wins entering production and the potential future revenue associated with our design wins; our success in porting WiSA E software to various platforms; our rate of growth; our ability to predict direct and indirect customer demand for our existing and future products and to secure adequate manufacturing capacity; our ability to hire, retain and motivate employees; the effects of competition, including price competition within our industry segment; technological, regulatory and legal developments that uniquely or disproportionately impact our industry segment; developments in the economy and financial markets and other risks detailed from time to time in WiSA Technologies’ filings with the Securities and Exchange Commission.
