EzFill Celebrates Educators on Teachers Appreciation Day with The Gift of Fuel

Mizrahi Torah Academy in Plantation, Florida surprises teachers with free gas fill-ups from EzFill, a leader in the fast-growing mobile fuel industry

MIAMI, FL, May 10, 2022 (GLOBE NEWSWIRE) -- EzFill Holdings, Inc. ("[EzFill](#)" or the "Company") (NASDAQ: EZFL), a pioneer and emerging leader in the on-demand mobile fuel industry, celebrated educators on Teachers Appreciation Day at Mizrahi Torah Academy in Plantation, Florida last week with free gas fill-ups for every teacher.

The school, which educates boys and girls in kindergarten through elementary and middle school, surprised its staff on Teachers Appreciation Day with the EzFill Gift of Fuel. As an additional reward for their hard work and dedication to students, the Company provided every teacher with a discount on their next EzFill fill-up.

"With fuel costs near an all-time high, the Gift of Fuel is an especially helpful and timely way for the Mizrahi Torah Academy to say thank you to its educators on Teachers Appreciation Day," said Mike McConnell, CEO of EzFill. "By bringing gas directly to their place of work, EzFill enables people to avoid driving around searching for the best place to purchase gas, and waiting in long lines to fill up their tanks when they finally find a suitable location."

The [EzFill App](#) allows consumers to fill up their vehicles without leaving the comfort and safety of their home or workplace. Customers simply need to open the app on their mobile device, provide their location, and schedule a delivery time for one of the Company's trained drivers to fuel their vehicle.

With the number of gas stations in the U.S. continuing to decline, corporate giants like Shell, Exxon, GM, Bridgestone, Enterprise, and Mitsubishi have recognized the increasing shift in commercial and consumer behavior and are investing in the fast growing on-demand mobile fueling industry. As the only company to provide fuel delivery in three vertical segments - consumer, commercial, and specialty including marinas - EzFill is well positioned to capitalize on the growing demand for convenient and cost-efficient mobile fueling options.

About EzFill

EzFill is a leader in the fast-growing mobile fuel industry, with the largest market share in its home state of Florida. Its mission is to disrupt the gas station fueling model by providing consumers and businesses with the convenience, safety, and touch-free benefits of on-demand fueling services brought directly to their locations. For commercial and specialty customers, at-site delivery during downtimes enables operators to begin their daily operations with fully fueled vehicles. For more information, visit www.ezfl.com.

Forward Looking Statements

This press release contains “forward-looking statements” Forward-looking statements reflect our current view about future events. When used in this press release, the words “anticipate,” “believe,” “estimate,” “expect,” “future,” “intend,” “plan,” or the negative of these terms and similar expressions, as they relate to us or our management, identify forward-looking statements. Such statements, include, but are not limited to, statements contained in this press release relating to our business strategy, our future operating results and liquidity and capital resources outlook. Forward-looking statements are based on our current expectations and assumptions regarding our business, the economy and other future conditions. Because forward-looking statements relate to the future, they are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict. Our actual results may differ materially from those contemplated by the forward-looking statements. They are neither statements of historical fact nor guarantees of assurance of future performance. We caution you therefore against relying on any of these forward-looking statements. Important factors that could cause actual results to differ materially from those in the forward-looking statements include, without limitation, our ability to raise capital to fund continuing operations; our ability to protect our intellectual property rights; the impact of any infringement actions or other litigation brought against us; competition from other providers and products; our ability to develop and commercialize products and services; changes in government regulation; our ability to complete capital raising transactions; and other factors relating to our industry, our operations and results of operations. Actual results may differ significantly from those anticipated, believed, estimated, expected, intended or planned.

Factors or events that could cause our actual results to differ may emerge from time to time, and it is not possible for us to predict all of them. We cannot guarantee future results, levels of activity, performance or achievements. The Company assumes no obligation to update any forward-looking statements in order to reflect any event or circumstance that may arise after the date of this release.
