## **About Twin Vee PowerCats Co.**

Twin Vee is a designer, manufacturer, distributor, and marketer of recreational and commercial power catamaran boats. Founded in 1996, the Company has been an innovator in the recreational and commercial power catamaran industry. The Company currently has eleven (11) gas-powered models in production ranging in size from its 24-foot, dual engine, center console to its newly designed 40-foot offshore 400 GFX. The Company's twin-hull catamaran running surface, known as a symmetrical catamaran hull design, adds to the Twin Vee ride quality by reducing drag, increasing fuel efficiency, and offering users a stable riding boat. Twin Vee's home base of operations is a 7.5-acre facility in Fort Pierce, Florida. Learn more at <https://twinvee.com/>. Twin Vee is one of the most recognizable brand names in the power catamaran category and is known as the "Best Riding Boat on the Water™."
