

Norwegian Cruise Line Holdings Reports Third Quarter 2019 Financial Results

Revenue Outperformance Drives Third Quarter Earnings Above Expectations Despite Impacts from Hurricane Dorian

Full Year 2020 Bookings Ahead of this Year's Record Levels in Occupancy and Pricing

Company Executes \$150 Million in Share Repurchases in the Quarter

Company's Newest and Most Innovative Ship, Norwegian Encore, Joins Fleet

MIAMI, Nov. 07, 2019 (GLOBE NEWSWIRE) -- Norwegian Cruise Line Holdings Ltd. (NYSE: NCLH) (together with NCL Corporation Ltd., "Norwegian Cruise Line Holdings", "Norwegian" or the "Company") today reported financial results for the third quarter ended September 30, 2019, as well as provided guidance for the fourth quarter and full year 2019.

Highlights

- The Company generated GAAP net income of \$450.6 million or EPS of \$2.09 compared to \$470.4 million or \$2.11 in the prior year. Adjusted Net Income was \$481.5 million or Adjusted EPS of \$2.23 compared to \$506.4 million or \$2.27 in the prior year. These results include a \$0.06 per share impact from voyage cancellations, itinerary modifications and relief efforts related to Hurricane Dorian.
- Total revenue increased 3.0% to \$1.9 billion on a decrease in Capacity Days of 1.8%. Gross Yield increased 4.8%. Net Yield increased 3.9% on a Constant Currency basis, outperforming August guidance by 215 basis points.
- Full year Adjusted EPS is in line with the midpoint of August guidance and is expected to be approximately \$5.05, inclusive of a \$0.15 per share adverse impact from Hurricane Dorian. Without this headwind, the Company's full year outlook would have exceeded the high-end of its August guidance range, primarily as a result of revenue outperformance in the third quarter, coupled with a stronger revenue outlook for the fourth quarter driven primarily by outperformance in the core Caribbean.
- Strong demand in the Company's core markets more than offset the approximately 25 basis point impact on full year Net Yield growth from Hurricane Dorian, leading the Company to raise its outlook for Net Yield growth to approximately 3.0% on a Constant Currency basis.
- Company is on solid trajectory to achieve its Full Speed Ahead 2020 targets provided at its 2018 Investor Day.
- The Company's environmental stewardship efforts to reduce the use of single-use plastics took another step forward when Norwegian Cruise Line announced it will become the first major cruise line to eliminate all single-use plastic water bottles which is expected to eliminate over six million plastic bottles each year.

"The underlying fundamentals of our business remain as strong as ever, allowing us to post another solid quarter of financial results despite the impacts from Hurricane Dorian. The top line exceeded expectations and we recorded the highest quarterly revenue in our history," said Frank Del Rio, president and chief executive officer of Norwegian Cruise Line Holdings Ltd. "We are on track to deliver yet another record-breaking year in 2019, and the positive momentum for our global brands is carrying over into 2020, as demand, occupancy and pricing continue to outpace 2019 record levels, buoyed by the addition of Norwegian Encore and Seven Seas Splendor."

Third Quarter 2019 Results

GAAP net income was \$450.6 million or EPS of \$2.09 compared to \$470.4 million or \$2.11 in the prior year. The Company generated Adjusted Net Income of \$481.5 million or Adjusted EPS of \$2.23 compared to \$506.4 million or \$2.27 in the prior year. These results include a \$0.06 per share adverse impact from voyage cancellations, itinerary modifications and relief efforts related to Hurricane Dorian.

Revenue increased 3.0% to \$1.9 billion on a decrease in Capacity Days of 1.8% compared to slightly less than \$1.9 billion in 2018. This increase was primarily due to an increase in Net Yield driven by the repositioning of Norwegian Joy to North America, robust onboard spending along with strong growth in organic pricing across all core markets. Gross Yield increased 4.8%. Net Yield increased 3.9% on a Constant Currency basis and 3.3% on an as reported basis.

Total cruise operating expense increased 6.7% in 2019 compared to 2018, primarily due to continuing effects from the redeployment of Norwegian Joy during the second quarter of 2019 and incremental direct costs related to air promotions. Gross Cruise Costs per Capacity Day increased 8.9%. Adjusted Net Cruise Cost Excluding Fuel per Capacity Day increased 11.0% on a Constant Currency basis and 10.2% on an as reported basis.

Fuel price per metric ton, net of hedges decreased to \$504 from \$510 in 2018. The Company reported fuel expense of \$98.9 million in the period.

Interest expense, net decreased to \$60.2 million in 2019 from \$69.5 million in 2018. The decrease reflects lower outstanding debt balances and lower margins associated with recent refinancings, partially offset by newbuild financings.

Other income, net was income of \$10.3 million in 2019 compared to income of \$0.1 million in 2018. In 2019 the income primarily related to gains on foreign currency exchange.

Outlook

"We accelerated returns to shareholders to take advantage of current valuations and executed \$150 million in share repurchases in the quarter, bringing our total capital returns since January 2018 to \$1 billion," said Mark A. Kempa, executive vice president and chief financial officer of Norwegian Cruise Line Holdings Ltd. "The combination of the continued robust demand environment and the building excitement for the launches of Norwegian Encore and Seven Seas Splendor are setting up 2020 to be another milestone year."

2019 Guidance and Sensitivities

In addition to announcing the results for the third quarter 2019, the Company also provided guidance for the fourth quarter and full year 2019, along with accompanying sensitivities. The Company does not provide guidance on a GAAP basis because the Company is unable to predict, with reasonable certainty, the future movement of foreign exchange rates or the future impact of certain gains and charges. These items are uncertain and will depend on several

factors, including industry conditions, and could be material to the Company's results computed in accordance with GAAP. The Company has not provided reconciliations between the Company's 2019 guidance and the most directly comparable GAAP measures because it would be too difficult to prepare a reliable U.S. GAAP quantitative reconciliation without unreasonable effort.

	Fourth Quarter 2019		Full Year 2019	
	As Reported	Constant Currency	As Reported	Constant Currency
Net Yield	Approx. (1.0%)	Flat	Approx. 2.4%	Approx. 3.0%

Average Gasoil Price / Barrel	\$82.71 ⁽²⁾	\$84.18 ⁽³⁾	\$80.61	\$75.31

(1) Includes 14% of hedged consumption through a collar with a call strike of \$87.25 and a put strike of \$81.07.

(2) Represents a blended rate that includes a \$1.1 million benefit from 2019 Brent hedges that were replaced with Gasoil hedges in the first quarter of 2019. Does not reflect impact of collar.

(3) Represents a blended rate that includes a \$7.4 million benefit from 2020 Brent hedges that were replaced with Gasoil hedges in the third quarter of 2018.

The following reflects the foreign currency exchange rates the Company used in its fourth quarter and full year 2019 guidance.

	Current Guidance – November	Prior Guidance - August
Euro	\$1.10	\$1.11
British pound	\$1.26	\$1.22
Australian Dollar	\$0.68	\$0.68
Canadian Dollar	\$0.76	\$0.76

Future capital commitments consist of contracted commitments, including ship construction contracts, and future expected capital expenditures necessary for operations as well as our ship revitalization projects and other strategic investments. As of September 30, 2019, anticipated capital expenditures were \$1.0 billion for the remainder of 2019, \$1.2 billion and \$0.8 billion for the years ending December 31, 2020 and 2021, respectively. We have export credit financing in place for the anticipated expenditures related to ship construction contracts of \$0.7 billion for the remainder of 2019, \$0.5 billion and \$0.2 billion for the years ended December 31, 2020 and 2021, respectively.

Company Updates and Other Business Highlights

Norwegian Cruise Line Holdings Announced Organizational Changes at the Norwegian Cruise Line Brand

In October, the Company announced organizational changes at the Norwegian Cruise Line brand. These changes include the planned departure of Andy Stuart, President and Chief Executive Officer of Norwegian Cruise Line, following the launch of Norwegian Encore and the appointment of Harry Sommer, current President, International for Norwegian Cruise Line Holdings, as Stuart's successor. Stuart will step down from his role on December 31, 2019 and remain with the Company as Senior Advisor through March 31, 2020 to ensure a smooth transition.

Over the last several years, the Company's management and Board of Directors have worked closely on a comprehensive succession plan that leveraged the considerable bench strength across the organization. Sommer's breadth of knowledge and extensive experience in the industry and Company will enable him to build off the strong position the brand holds today and chart the strategy for the next phase of the Norwegian brand's journey.

Norwegian Cruise Line Takes Delivery of its Most Innovative Ship, Norwegian Encore

On October 30, the Company took delivery of its newest, most innovative ship, Norwegian Encore, the final Breakaway Plus Class Ship, the most successful ship class in Norwegian Cruise Line's history. Taking the brand's exclusive, stand-out attractions and entertainment on board to the next level, Norwegian Encore will feature the world's longest race track at sea at

1,100 feet with four high-speed curves extending up to 13 feet over the side of the ship; the largest outdoor laser tag arena at nearly 10,000 square feet with the addition of augmented reality elements; and new immersive escape room and interactive theatre experiences in the 10,000-square-foot Galaxy Pavilion; and Tony Award®-winning musical, “Kinky Boots” will headline the world-class entertainment on board. In addition to featuring many of the brand’s highly rated restaurants and lounges, Norwegian Encore will debut a new elevated Italian dining experience, Onda by Scarpetta.

GRAMMY award-winning artist and superstar Kelly Clarkson has been named godmother to Norwegian Encore. As godmother, she will perform at the christening ceremony in Miami on Thursday, November 21, as well as fulfill the longstanding maritime tradition of blessing and officially naming the beautiful Norwegian Encore. To celebrate her new title as godmother, Clarkson and Norwegian Cruise Line recognized and awarded 20 deserving music educators on “The Kelly Clarkson Show” with a seven-day cruise, showcasing the mutual appreciation for education and travel as a powerful tool that connects people and promotes awareness and understanding around the world.

Environment, Safety & Corporate Governance (ESG) Highlights

Norwegian Cruise Line to Eliminate Single-Use Plastic Water Bottles

Norwegian Cruise Line will become the first major global cruise company to become plastic water bottle free with its recently announced partnership with JUST® Goods, Inc., global consumer goods company dedicated to producing responsibly sourced products, contained in sustainable packaging. By January 1, 2020, the cruise line will replace all single-use plastic water bottles across its fleet with JUST Water, 100% spring water in a plant-based carton that is refillable and recyclable, beginning with its newest innovative ship, Norwegian Encore. The brand expects to eliminate over six million plastic bottles each year as part of its effort towards providing guests with more sustainable options at sea. The decision is the latest sustainable step forward for Norwegian Cruise Line. In 2018, the Company eliminated single-use plastic straws across its 17-ship fleet and private destinations which is expected to eliminate over 50 million plastic straws each year. The transition away from single-use plastics across the Company’s fleet and island destinations builds upon the Company’s Sail & Sustain Environmental Program.

Company Relaunched Hope Starts Here Campaign, Contributing \$[3] Million to Hurricane Relief in the Bahamas

In September, the Company relaunched its Hope Starts Here hurricane relief campaign in partnership with All Hands and Hearts to provide immediate short-term relief for those affected by Hurricane Dorian. In less than one month, the program received donations from the Company’s valued team members, loyal guests, as well as travel and business partners, which the Company matched with a [\$2 million cash contribution as well as nearly \$1 million for in kind donations] to assist All Hands and Hearts with emergency response efforts across the Bahamas, including debris cleanup and removal, and the rebuilding of community infrastructure such as houses or schools. In addition, the Company coordinated with local Bahamian authorities to bring needed provisions to the affected areas, and on September 5, Norwegian Breakaway departed Miami with hurricane relief supplies donated by Company employees, in addition to items collected by the City of Miami and other local organizations, which were delivered to Nassau, and the Company’s private island Great Stirrup Cay, Bahamas.

Company Honored for Advancing Gender Parity in the Boardroom

The Company was honored today by the Women's Forum of New York at their fifth biennial Breakfast of Corporate Champions in New York City. This event recognizes the S&P 500/Fortune 1000 companies which have achieved 30 percent or greater female representation on their corporate boards. This benchmark event brings together more than 600 thought leaders and change-makers including CEOs, board directors and government officials in support of the shared goal of gender parity in the boardroom by 2025. Norwegian's board is committed to seeking out directors and management leadership with diverse backgrounds and has actively recruited women and members of minority groups to where today its board is comprised of 30% women and 60% members with diverse backgrounds.

In 2017, Norwegian appointed its first female director to its board, Ms. Stella David, former chief executive officer of William Grant & Sons Limited. In 2018, retired U.S. Coast Guard Rear Admiral, Ms. Mary Landry, and Ms. Pamela Thomas-Graham, Founder and Chief Executive Officer of Dandelion Chandelier LLC were appointed as new directors to the Company's board.

Terminology

Acquisition of Prestige. In November 2014, we acquired Prestige in a cash and stock transaction for total consideration of \$3.025 billion, including the assumption of debt.

Adjusted Depreciation and Amortization. Depreciation and amortization adjusted to exclude amortization of intangible assets related to the Acquisition of Prestige and a one-time, non-cash write-off for revitalizations to Norwegian Joy associated with her redeployment to North America.

Adjusted EBITDA. EBITDA adjusted for other income, net and other supplemental adjustments.

Adjusted EPS. Adjusted Net Income divided by the number of diluted weighted-average shares outstanding.

Adjusted Interest Expense. Interest expense adjusted to exclude write-offs of deferred financing fees related to the refinancing of certain of our credit facilities.

Adjusted Net Cruise Cost Excluding Fuel. Net Cruise Cost less fuel expense adjusted for supplemental adjustments.

Adjusted Net Income. Net income adjusted for supplemental adjustments.

Adjusted ROIC. Adjusted EBITDA less Adjusted Depreciation and Amortization divided by debt and shareholders' equity, averaged for four quarters.

Berths. Double occupancy capacity per cabin (single occupancy per studio cabin) even though many cabins can accommodate three or more passengers.

Breakaway Plus Class Ships. Norwegian Escape, Norwegian Joy, Norwegian Bliss and Norwegian Encore.

Capacity Days. Available Berths multiplied by the number of cruise days for the period.

Constant Currency. A calculation whereby foreign currency-denominated revenues and expenses in a period are converted at the U.S. dollar exchange rate of a comparable period in order to eliminate the effects of foreign exchange fluctuations.

Dry-dock. A process whereby a ship is positioned in a large basin where all of the fresh/sea water is pumped out in order to carry out cleaning and repairs of those parts of a ship which are below the water line.

EBITDA. Earnings before interest, taxes, and depreciation and amortization.

EPS. Diluted earnings per share.

Full Speed Ahead 2020 Targets. The Full Speed Ahead 2020 Targets refer to long-term financial targets announced at the Company's 2018 Investor Day. These targets are (i) double-digit three-year Adjusted EPS CAGR (2018 to 2020), Adjusted ROIC of approximately 12% in 2020, Net Leverage of approximately 2.5x to 2.75x by the end of 2020 and approximately \$1.0 to \$1.5

billion of cash available for potential shareholders returns from 2018 to 2020. The Company does not provide targets on a GAAP basis because the Company is unable to predict, with reasonable certainty, the future movement of foreign exchange rates or the future impact of certain gains and charges. These items are uncertain and will depend on several factors, including industry conditions, and could be material to the Company's results computed in accordance with GAAP. The Company has not provided reconciliations between the Company's targets and the most directly comparable GAAP measures because it would be too difficult to prepare a reliable U.S. GAAP quantitative reconciliation without unreasonable effort. Any determination to pay dividends or repurchase shares in the future will be entirely at the discretion of the Board of Directors or management, respectively, and will depend upon our results of operations, cash requirements, financial condition, business operations, contractual restrictions, restrictions imposed by applicable law and other factors that the Board of Directors or management deems relevant.

GAAP. Generally accepted accounting principles in the U.S.

Gross Cruise Cost. The sum of total cruise operating expense and marketing, general and administrative expense.

Gross Yield. Total revenue per Capacity Day.

Net Cruise Cost. Gross Cruise Cost less commissions, transportation and other expense and onboard and other expense.

Net Cruise Cost Excluding Fuel. Net Cruise Cost less fuel expense.

Net Leverage. Long-term debt, including current portion, less cash and cash equivalents divided by Adjusted EBITDA.

Net Revenue. Total revenue less commissions, transportation and other expense and onboard and other expense.

Net Yield. Net Revenue per Capacity Day.

Occupancy Percentage or Load Factor. The ratio of Passenger Cruise Days to Capacity Days. A percentage in excess of 100% indicates that three or more passengers occupied some cabins.

Passenger Cruise Days. The number of passengers carried for the period, multiplied by the number of days in their respective cruises.

Project Leonardo. The next generation of ships for our Norwegian brand.

Secondary Equity Offering(s). Secondary public offering(s) of NCLH's ordinary shares in December 2018, March 2018, November 2017, August 2017, December 2015, August 2015, May 2015, March 2015, March 2014, December 2013 and August 2013.

Non-GAAP Financial Measures

We use certain non-GAAP financial measures, such as Net Revenue, Net Yield, Net Cruise Cost, Adjusted Net Cruise Cost Excluding Fuel, Adjusted EBITDA, Adjusted ROIC, Net Leverage, Adjusted Net Income and Adjusted EPS, to enable us to analyze our performance. See "Terminology" for the definitions of these non-GAAP financial measures. We utilize Net Revenue and Net Yield to manage our business on a day-to-day basis and believe that they are the most relevant measures of our revenue performance because they reflect the revenue earned by us net of significant variable costs. In measuring our ability to control costs in a

manner that positively impacts net income, we believe changes in Net Cruise Cost and Adjusted Net Cruise Cost Excluding Fuel to be the most relevant indicators of our performance.

As our business includes the sourcing of passengers and deployment of vessels outside of the U.S., a portion of our revenue and expenses are denominated in foreign currencies, particularly British pound, Canadian dollar, euro and Australian dollar, which are subject to fluctuations in currency exchange rates versus our reporting currency, the U.S. dollar. In order to monitor results excluding these fluctuations, we calculate certain non-GAAP measures on a Constant Currency basis whereby current period revenue and expenses denominated in foreign currencies are converted to U.S. dollars using currency exchange rates of the comparable period. We believe that presenting these non-GAAP measures on both a reported and Constant Currency basis is useful in providing a more comprehensive view of trends in our business.

We believe that Adjusted EBITDA is appropriate as a supplemental financial measure as it is used by management to assess operating performance. We also believe that Adjusted EBITDA is a useful measure in determining our performance as it reflects certain operating drivers of our business, such as sales growth, operating costs, marketing, general and administrative expense and other operating income and expense. Adjusted EBITDA is not a defined term under GAAP nor is it intended to be a measure of liquidity or cash flows from operations or a measure comparable to net income, as it does not take into account certain requirements such as capital expenditures and related depreciation, principal and interest payments and tax payments and it includes other supplemental adjustments.

Net Leverage is a performance measure that we believe provides management and investors a more complete understanding of our leverage position and borrowing capacity after factoring in cash and cash equivalents. Adjusted Net Income and Adjusted EPS are non-GAAP financial measures that exclude certain amounts and are used to supplement GAAP net income and EPS. We use Adjusted Net Income and Adjusted EPS as key performance measures of our earnings performance. We believe that both management and investors benefit from referring to these non-GAAP financial measures in assessing our performance and when planning, forecasting and analyzing future periods. These non-GAAP financial measures also facilitate management's internal comparison to our historical performance. Our management believes the presentation of Adjusted ROIC provides a useful performance metric to both management and investors for evaluating our effective use of capital. In addition, management uses Adjusted EPS and Adjusted ROIC as performance measures for our incentive compensation. The amounts excluded in the presentation of these non-GAAP financial measures may vary from period to period; accordingly, our presentation of Adjusted Net Income and Adjusted EPS, Adjusted EBITDA, Adjusted ROIC and Net Leverage may not be indicative of future adjustments or results. For example, for the nine months ended September 30, 2018, we incurred \$0.5 million related to Secondary Equity Offering expenses. We included this as an adjustment in the reconciliation of Adjusted Net Income since the offering expenses are not representative of our day-to-day operations and we have included similar adjustments in prior periods; however, this adjustment did not occur and is not included in the comparative period presented within this release.

You are encouraged to evaluate each adjustment used in calculating our non-GAAP financial measures and the reasons we consider our non-GAAP financial measures appropriate for supplemental analysis. In evaluating our non-GAAP financial measures, you should be aware that in the future we may incur expenses similar to the adjustments in our presentation. Our non-GAAP financial measures have limitations as analytical tools, and you should not consider these measures in isolation or as a substitute for analysis of our results as reported under GAAP. Our presentation of our non-GAAP financial measures should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items. Our non-GAAP financial measures may not be comparable to other companies. Please see a historical

reconciliation of these measures to the most comparable GAAP measure presented in our consolidated financial statements below.
