This Supplemental Operating and Financial Data should be read in connection with the company's second quarter 2019 earnings press release (included as Exhibit 99.2 of the company's Current Report on Form 8-K, filed on August 7, 2019) as certain disclosures, definitions and reconciliations in such announcement have not been included in this Supplemental Operating and Financial Data.

Company Highlights

Company Overview

Corporate Profile

Mack-Cali (CLI) is a fully integrated REIT with a dual asset platform comprised of core office and growing residential holdings. We are geographically focused on the high barrier-to-entry Hudson River waterfront targeting cash flow growth through all economic cycles.

Company Objectives

Mack-Cali's office portfolio strives to achieve the highest possible rents in select markets with a continuous focus on improving the quality of our portfolio.

Mack-Cali's residential portfolio, via our Roseland Residential platform, is a market-leading residential developer and owner of class A properties. We expect continued growth and cash flow contribution from our Roseland holdings as our development pipeline of active construction projects and planned starts is put into service.

District Kitchen, Harborside 2 & 3
Jersey City, NJ

Notes:

(1) 2Q 2019 metrics include the recently stabilized 145 Front Street.

Company Achievements

2Q 2019 Performance Highlights

- Achieved Core FFO of \$40.0 million, or \$0.40 per share
- Produced AFFO of \$29.5 million
- Office: Leased 226,646 square feet of office space; finished 2Q 2019 at 79.7% leased
- Residential: The operating portfolio, including the recently stabilized 145 Front Street, finished 2Q at 97.7% leased

2Q 2019 Office Leasing Activity

- Completed 18,781 square feet of waterfront office leasing, including a new deal with New Jersey Institute of Technology
- Completed 195,383 square feet of leasing in the class A suburban and suburban portfolios, including an extension and renewal with Ferrero U.S.A. Inc.
- Completed 12,482 square feet of leasing in the non-core portfolio

2Q 2019 Development Activity

- Subsequent to quarter-end, commenced operations at the Envue Hotel an Autograph Collection Hotel in Port Imperial, completing the dual-flag hotel development in Weehawken, NJ
- As of June 30, 2019, 145 Front Street was 99.2% leased; the property stabilized in 2Q and is currently 99.5% leased

2Q 2019 Transaction Activity

- On April 1, 2019, the Company acquired Soho Lofts, a 377-unit residential community in Jersey City, NJ, for \$264 million. On June 24, 2019, the Company secured a \$160 million mortgage on the newly acquired asset
- On May 10, 2019, the Company completed the acquisition of land at 107 Morgan in Jersey City, NJ, for \$67 million. At closing, the note on the land was retired for \$46 million; \$21 million was funded from open 1031 exchanges and other sources
- On June 18, 2019, the Company executed the disposition of 650 From Road, a 349,000 square foot office building in Paramus, NJ, for a gross value of \$42 million
- On June 28, 2019, the Company closed on a follow-on investment with the Rockpoint Group for up to \$200 million in additional equity, \$100 million of which was funded at closing
- On June 28, 2019, the Company secured a \$30 million mortgage on Riverwatch, a 200-unit residential community in New Brunswick, NJ
- Subsequent to quarter-end, the Company secured a \$150 million mortgage on its 111 River office asset in Hoboken, NJ
- Subsequent to quarter-end, the Company paid off the construction loan on Signature Place at Morris Plains with proceeds from a \$43 million permanent loan

One River Centre, Middletown, NJ

Notes: Net Asset Value

(Unaudited)

- 1) Reflects 2Q 2019 Annualized Cash NOI for office assets; projected 12-month NOI for stabilized residential assets and the projected stabilized NOI for residential assets in-construction and lease-up. See Information About Net Operating Income on page 45.
- 2) NAV is generally arrived at by calculating the estimated gross asset values for each of the Company's real estate properties, investments and other significant assets and interests, and then deducting from such amounts the corresponding net debt and third parties' interests in the assets. Gross asset values for stabilized operating multi-family real estate properties are calculated using the direct capitalization method by dividing projected net operating income for the next one year period by an estimated market capitalization rate for each property. Gross asset values for operating office properties are presented by dividing projected net operating income for the next one year period by an estimated year one imputed capitalization rate for each property. See Footnote 4 for a more detailed description of the methodology used by management to estimate gross asset values for its operating office properties. Management projects net operating income that it expects to receive for future periods from a combination of in-place lease contracts, prospective renewals of expiring leases and prospective lease-up of vacant space. Market capitalization rates are estimated for each property based on its asset class and geographic location and are based on information from recent property sale transactions as well as from publicly available information regarding unrelated third party property transactions.
- 3) The value range is determined by adding or subtracting 0.50% to the year 1 cap rate for office properties and 0.25% to the year 1 cap rate for residential properties. Property cash flows have been reduced by credit loss reserves, leasing and base building capital expenditures, including Harborside renovations. The Waterfront valuation includes \$80 million in capital for the Harborside renovations. Additionally, the analysis includes approximately \$88 million in base building capital during the first three years of the five year discounted cash flow. The capital is allocated to physical building improvements and is estimated \$40 million at the Waterfront, \$28 million in the Class A Suburban, and \$20 million in the Suburban portfolio's, respectively. Furthermore, the analysis includes \$10 million in leasing capital budgeted in each of the Waterfront, Class A Suburban and Suburban portfolios. This is in addition to the tenant improvements, leasing commissions and capital reserves budgeted.

4)

	Rentable Area (MSF)	2Q 2019 Annualized Cash NOI	Year 1 Cap Rate	In-Place Rent PSF	Market Rent PSF	Stabilized Occupancy Rate	Stabilized Cap Rate	Unlevered IRR	Value	\$ PSF
<u>Office</u>										
Hudson Waterfront	4.908	\$78.7	4.4%	\$38.92	\$46.62	93.0%	6.0%	7.0%	\$1,780	\$363
Class A Suburban	2.155	46.4	7.2%	38.06	40.70	92.0%	7.0%	8.0%	643	298
Suburban	<u>4.147</u>	<u>47.4</u>	8.0%	<u>28.61</u>	<u>30.85</u>	86.0%	8.0%	9.0%	<u>590</u>	<u>142</u>
Subtotal	11.210	\$172.5		\$34.94	\$39.65				\$3,013	\$269

The year one cap rate, applied to the 2Q 2019 Annualized Cash NOI, is derived from the present value of periodic cash flows over five years and a terminal value based on stabilized income and a market cap rate, all discounted at an unlevered internal rate of return. See Information About Net Operating Income on page 45.

The Company calculates estimated gross asset values for each of its operating office assets by taking the sum of (i) the present value of periodic cash flows over five years and (ii) a terminal value based on estimated stabilized income and a market capitalization rate at stabilization, all discounted at an unlevered internal rate of return. This value, divided by the projected net operating income for a one year period yields the year one imputed capitalization rate. Management projects the periodic cash flows over five years and the stabilized income from a combination of in-place lease contracts, prospective renewals of expiring leases and prospective lease-up of vacant space. Factors considered by management in projecting releasing and lease-up of vacant space and estimating the applicable market rental rates include: identification of leases currently being negotiated by management; historical annual leasing volumes for such property types; and comparable leases that have been executed for properties within the Company's portfolio and for competitor buildings in similar locations.

- 5) Valuations for non-core assets, which are those assets being considered for sale or disposal, or in the active marketing process, are generally based on recent contract prices for similar properties in the process of being sold, letters of intent and ongoing negotiations for properties. Wegman's \$35 million asset value calculated using \$1.56 million projected 2019 cash NOI capped at 4.5%. 24 Hour Fitness \$21 million asset value calculated using \$1.06 million projected 2019 cash NOI capped at 5%. See Information About Net Operating Income on page 45. Valuations for properties planned for or undergoing a repositioning or repurposing utilize a projected stabilized net operating income for the asset upon completion of the repositioning/repurposing activities. After applying an estimated capitalization rate to a projected stabilized net operating income, the capitalized value is next discounted back based on the projected number of periods to re-stabilize the asset. The discount rate applied is determined based on a risk assessment of the repositioning/repurposing activities and comparable target returns in the marketplace, and further validated by outside market sources, when available for that market. Additionally, adjustments are made to the estimated value by deducting any estimated future costs necessary to complete the planned activities, as well as adding back the discounted projected interim operating cash flows expected to be generated by the property until re-stabilization has been achieved.

Notes: Net Asset Value

(Unaudited)

- 6) Includes the Company's ownership interests in the Hyatt Regency Jersey City and two office joint venture properties.
- 7) The value of land is based on a combination of recent or pending transactions for land parcels within our relevant markets and unrelated third parties, and sometimes may utilize land appraisals for certain markets, if available for other purposes, such as for transaction financing. Further, we consider what a land parcel's value would need to be when combined with all other development costs to yield what we believe to be an appropriate target rate of return for a development project. The per apartment unit or per square foot office space values are derived by dividing the aggregate land value by the number of potential apartment units or square feet of office space the land can accommodate. The number of potential units or square feet of office space a land parcel can accommodate is most commonly governed by either in-place governmental approvals or density regulations set forth by existing zoning guidelines.
- 8) Joint venture investments are generally valued by: applying a capitalization rate to projected NOI for the joint venture's asset (which is similar to the process for valuing those assets wholly owned by the Company, as described above and previously), and deducting any joint venture level debt and any value allocable to joint venture partners' interests. Includes Roseland's last residential subordinate interest (Metropolitan at 40 Park) and commercial subordinate interests.
- 9) The valuation approach for assets in-construction or lease-up are similar to that applied to assets undergoing repositioning/repurposing, as described above. After applying an estimated capitalization rate, currently ranging from 4.5% to 5.25%, to a projected stabilized net operating income, estimated to total approximately \$46.6 million upon completion of the construction or lease-up activities, the Company deducts any estimated future costs totaling \$565.9 million required to complete construction of the asset to arrive at an estimated value attributable to the asset. The Company then discounts the capitalized value back based on the projected number of periods to reach stabilization. The discount rate applied, currently ranging from 7% to 9.75%, is determined based on a risk assessment of the development activities and comparable target returns in the marketplace. The Company then adds back the discounted projected interim cash flows expected to be generated during the projected lease-up period to reach stabilization.
- 10) Represents the discount to stabilized value applied to assets that have not yet achieved their respective Projected Stabilized NOI due to construction, lease-up or renovation. See Information About Net Operating Income on page 44.
- 11) The residential valuation analysis totals to a Roseland NAV of \$2,194,000,000, with the company's share of this NAV of \$1,750,000,000 ("MCRC Share"). This latter amount represents the company's share of Roseland NAV, net of the \$444,000,000 attributable to Rockpoint's noncontrolling interest.
- 12) The decrease in the approximate NAV per share of \$0.15 from March 31, 2019 to June 30, 2019 is due primarily to a reduction in the stabilized occupancy of the Suburban portfolio from 88% to 86%.

Information About Net Asset Value (NAV)

Overall, NAV is arrived at by calculating the estimated gross asset values for each of their real estate properties, investments and other significant assets and interests, and then deducting from such amounts the corresponding net debt and third parties' interests in the assets. Gross asset values for the operating real estate properties are calculated using the direct capitalization method by dividing projected net operating income for a one year period by an estimated current capitalization rate for each property. For each operating property, management projects net operating income that it expects to receive for future periods from a combination of in-place lease contracts, prospective renewals of expiring leases and prospective lease-up of vacant space. Factors considered by management in projecting releasing and lease-up of vacant space and estimating the applicable market rental rates include: identification of leases currently being negotiated by management; historical annual leasing volumes for such property types; and comparable leases that have been executed for properties within the Registrants' portfolio and for competitor buildings in similar locations. A capitalization rate is estimated for each property based on its asset class and geographic location. Estimates of capitalization rates are based on information from recent property sale transactions as well as from publicly available information regarding unrelated third party property transactions.

The use of NAV as a measure of value is subject to certain inherent limitations. The assessment of the estimated NAV of a particular property is subjective in that it involves estimates and assumptions and can be calculated using various acceptable methods. The Company's methods of determining NAV may differ from the methods used by other companies. Accordingly, the Company's estimated NAV may not be comparable to measures used by other companies. As with any valuation methodology, the methodologies utilized by the Company in estimating NAV are based upon a number of estimates, assumptions, judgments or opinions that may or may not prove to be correct. Capitalization rates obtained from publicly available sources also are critical to the NAV calculation and are subject to the sources selected and variability of market conditions at the time. Investors in the Company are cautioned that NAV does not represent (i) the amount at which the Company's securities would trade at a national securities exchange, (ii) the amount that a security holder would obtain if he or she tried to sell his or her securities, (iii) the amount that a security holder would receive if the Company liquidated its assets and distributed the proceeds after paying all of their expenses and liabilities or (iv) the book value of the Company's real estate, which is generally based on the amortized cost of the property, subject to certain adjustments.

FFO, Core FFO & AFFO (Notes)

Notes

- (1) Includes the Company's share from unconsolidated joint ventures, and adjustments for noncontrolling interest, of \$3,025 and \$4,903 for the three months ended June 30, 2019 and 2018, respectively, and \$5,686 and \$9,718 for the six months ended June 30, 2019 and 2018, respectively. Excludes non-real estate-related depreciation and amortization of \$511 and \$535 for the three months ended June 30, 2019 and 2018, respectively, and \$1,050 and \$1,046 for the six months ended June 30, 2019 and 2018, respectively.
- (2) Funds from operations is calculated in accordance with the definition of FFO of the National Association of Real Estate Investment Trusts (NAREIT). See "Information About FFO, Core FFO and AFFO" below.
- (3) Includes free rent of \$5,410 and \$2,099 for the three months ended June 30, 2019 and 2018, respectively, and \$10,242 and \$8,474 for the six months ended June 30, 2019 and 2018, respectively. Also includes the Company's share from unconsolidated joint ventures of (\$96) and (\$256) for the three months ended June 30, 2019 and 2018, respectively, and (\$325) and (\$694) for the six months ended June 30, 2019 and 2018, respectively.
- (4) Includes the Company's share from unconsolidated joint ventures of \$0 and \$27 for the three months ended June 30, 2019 and 2018, respectively, and \$0 and \$107 for the six months ended June 30, 2019 and 2018, respectively.
- (5) Excludes expenditures for tenant spaces in properties that have not been owned by the Company for at least a year.
- (6) 1Q 2018 includes \$2.6 million of the Company's share of its first annual sale of an economic tax credit certificate associated with the Urby Harborside joint venture from the State of New Jersey to a third party.
- (7) Net Debt calculated by taking the sum of senior unsecured notes, unsecured revolving credit facility, and mortgages, loans payable and other obligations, and deducting cash and cash equivalents and restricted cash, all at period end.
- (8) Calculated based on weighted average common shares outstanding, assuming redemption of Operating Partnership common units into common shares (9,866 and 10,213 for the three months ended June 30, 2019 and 2018, respectively, and 10,014 and 10,227 for the six months ended June 30, 2019 and 2018, respectively).

Information About FFO, Core FFO and AFFO

Funds from operations ("FFO") is defined as net income (loss) before noncontrolling interests of unitholders, computed in accordance with generally accepted accounting principles ("GAAP"), excluding gains or losses from depreciable rental property transactions (including both acquisitions and dispositions), and impairments related to depreciable rental property, plus real estate-related depreciation and amortization. The Company believes that FFO per share is helpful to investors as one of several measures of the performance of an equity REIT. The Company further believes that as FFO per share excludes the effect of depreciation, gains (or losses) from property transactions and impairments related to depreciable rental property (all of which are based on historical costs which may be of limited relevance in evaluating current performance), FFO per share can facilitate comparison of operating performance between equity REITs.

FFO per share should not be considered as an alternative to net income available to common shareholders per share as an indication of the Company's performance or to cash flows as a measure of liquidity. FFO per share presented herein is not necessarily comparable to FFO per share presented by other real estate companies due to the fact that not all real estate companies use the same definition. However, the Company's FFO per share is comparable to the FFO per share of real estate companies that use the current definition of the National Association of Real Estate Investment Trusts ("NAREIT"). A reconciliation of net income per share to FFO per share is included in the financial tables above.

Core FFO is defined as FFO, as adjusted for items that may distort the comparative measurement of the Company's performance over time. Adjusted FFO ("AFFO") is defined as Core FFO less (i) recurring tenant improvements, leasing commissions and capital expenditures, (ii) straight-line rents and amortization of acquired below-market leases, net, and (iii) other non-cash income, plus (iv) other non-cash charges. Core FFO and AFFO are both non-GAAP financial measures that are not intended to represent cash flow and are not indicative of cash flows provided by operating activities as determined in accordance with GAAP. Core FFO and AFFO are presented solely as supplemental disclosures that the Company's management believes provides useful information regarding the Company's operating performance and its ability to fund its dividends. There are not generally accepted definitions established for Core FFO or AFFO. Therefore, the Company's measures of Core FFO and AFFO may not be comparable to the Core FFO and AFFO reported by other REITs. A reconciliation of net income to Core FFO and AFFO are included in the financial tables above.

Information About EBITDAre

EBITDAre is a non-GAAP financial measure. The Company computes EBITDAre in accordance with standards established by the National Association of Real Estate Investment Trusts, or NAREIT, which may not be comparable to EBITDAre reported by other REITs that do not compute EBITDAre in accordance with the NAREIT definition, or that interpret the NAREIT definition differently than the Company does. The White Paper on EBITDAre approved by the Board of Governors of NAREIT in September 2017 defines EBITDAre as net income (loss) (computed in accordance with Generally Accepted Accounting Principles, or GAAP), plus interest expense, plus income tax expense, plus depreciation and amortization, plus (minus) losses and gains on the disposition of depreciated property, plus impairment write-downs of depreciated property and investments in unconsolidated joint ventures, plus adjustments to reflect the entity's share of EBITDAre of unconsolidated joint ventures. The Company presents EBITDAre, because the Company believes that EBITDAre, along with cash flow from operating activities, investing activities and financing activities, provides investors with an additional indicator of the Company's ability to incur and service debt. EBITDAre should not be considered as an alternative to net income (determined in accordance with GAAP), as an indication of the Company's financial performance, as an alternative to net cash flows from operating activities (determined in accordance with GAAP), or as a measure of the Company's liquidity.

Appendix

\$ in thousands

Key Financial Metrics - (Page 6)

- (1) Funds from operations ("FFO") is calculated in accordance with the definition of the National Association of Real Estate Investment Trusts (NAREIT). See p.15 "Information About FFO, Core FFO & AFFO".
- (2) Includes any outstanding preferred units presented on a converted basis into common units, noncontrolling interests in consolidated joint ventures and redeemable noncontrolling interests.

Balance Sheet - (Page 11)

- (1) Includes mark-to-market lease intangible net assets of \$94,598 and mark-to-market lease intangible net liabilities of \$41,189 as of 2Q 2019.

Debt Summary & Maturity Schedule - (Page 19)

- (1) 2016 term loan, maturing on January 7, 2019, has three year term with two 1-year extension options available. The Company executed its first extension option on January 7, 2019. 2017 term loan, maturing on January 25, 2020, has three year term with two 1-year extension options available.
- (2) The actual weighted average LIBOR rate for the Company's outstanding variable rate debt was 2.50 percent as of March 31, 2019, plus the applicable spread.
- (3) Excludes amortized deferred financing costs primarily pertaining to the Company's unsecured revolving credit facility which amounted to \$857 thousand for the three months ended March 31, 2019.

Debt Profile - (Page 20)

- (1) Effective rate of debt, including deferred financing costs, comprised of the cost of terminated treasury lock agreements (if any), debt initiation costs, mark-to-market adjustment of acquired debt and other transaction costs, as applicable.
- (2) Senior unsecured debt is rated BB-/Ba2/BB by S&P, Moody's and Fitch respectively.
- (3) Cost of terminated treasury lock agreements (if any), offering and other transaction costs and the discount/premium on the notes, as applicable.
- (4) The Company has a 1-year extension option available. 2017 term loan, maturing on January 25, 2020, has three year term with two 1-year extension options available.
- (5) On June 28, 2019, the Company paid down \$30 million on the construction loan with proceeds from the financing of Riverwatch Commons.
- (6) Subsequent to quarter-end, the Company paid off the construction loan on Signature Place at Morris Plains with proceeds from a \$43 million permanent loan.

2019/2020 Debt Maturities - (Page 21)

- (1) Construction loan LTVs are calculated using the respective maximum loan balance.
- (2) Subsequent to quarter-end, the Company paid off the construction loan on Signature Place at Morris Plains with proceeds from a \$43 million permanent loan.
- (3) In 1Q 2019, the Company executed the first of two 1-year extension options.

Unconsolidated Joint Ventures - (Page 22)

- (1) Amounts represent the Company's share based on ownership percentage.
- (2) On January 31, 2019, the Company acquired Prudential's 50% ownership interest in M2, consolidating the asset on the Company's balance sheet. Amounts represent joint venture activity prior to the Company's consolidation. On February 28, 2019, the Company disposed of its 50% interest in Red Bank Corporate Plaza.
- (3) Unconsolidated Joint Venture reconciliation is as follows:

	<u>2Q 2019</u>
Equity in Earnings of Unconsolidated Joint Ventures	\$88
Unconsolidated Joint Venture Funds from Operations	4,360
Joint Venture Share of Add-Back of Real Estate-Related Depreciation	4,448
Minority Interest in Consolidated Joint Venture Share of Depreciation	<u>(1,424)</u>
EBITDA Depreciation Add-Back	<u>\$3,020</u>

Property Listing - (Page 25)

- (1) Includes annualized base rental revenue plus escalations for square footage leased to commercial and retail tenants only. Excludes leases for amenity, parking and month-to-month tenants. Annualized base rental revenue plus escalations is based on actual June 2019 billings times 12. For leases whose rent commences after July 1, 2019 annualized base rental revenue is based on the first full month's billing times 12. As annualized base rental revenue is not derived from historical GAAP results, historical results may differ from those set forth above.
- (2) Harborside Plaza 1 is being removed from service in 2019.
- (3) Average base rents + escalations reflect rental values on a triple net basis.
- (4) Excludes non-core holdings targeted for sale at 158,235 SF; excludes consolidated repositionings taken offline totaling 218,454 SF. Total consolidated office portfolio of 11,368,931 SF.

Appendix - Continued

Top 15 Tenants - (Page 29)

- (1) Annualized base rental revenue is based on actual June 2019 billings times 12. For leases whose rent commences after July 1, 2019, annualized base rental revenue is based on the first full month's billing times 12. As annualized base rental revenue is not derived from historical GAAP results, historical results may differ from those set forth above.
- (2) Represents the percentage of space leased and annual base rental revenue to commercial tenants only.
- (3) 9,356 square feet expire in 2019; 33,363 square feet expire in 2021; 388,207 square feet expire in 2027.
- (4) 24,607 square feet expire in 2019; 237,350 square feet expire in 2029.
- (5) 66,606 square feet expire in 2024; 54,341 square feet expire in 2026.
- (6) 5,256 square feet expire in 2022; 82,936 square feet expire in 2026; 56,360 square feet expire in 2030.
- (7) 17,855 square feet expire in 2021; 38,930 square feet expire in 2023; 45,042 square feet expire in 2024; 20,395 square feet expire in 2026; 15,408 square feet expire in 2027.

Expirations - (Pages 30-31)

- (1) Includes office & standalone retail property tenants only. Excludes leases for amenity, retail, parking & month-to-month tenants. Some tenants have multiple leases.
- (2) Reconciliation to Company's total net rentable square footage is as follows:

	<u>Square Feet</u>
Square footage leased to commercial tenants	8,738,650
Square footage used for corporate offices, management offices, building use, retail tenants, food services, other ancillary service tenants and occupancy adjustments	327,652
Square footage unleased	<u>2,302,629</u>
Total net rentable square footage (excluding ground leases)	11,368,931

- (3) Annualized base rental revenue is based on actual June 2019 billings times 12. For leases whose rent commences after July 1, 2019 annualized base rental revenue is based on the first full month's billing times 12. As annualized base rental revenue is not derived from historical GAAP results, historical results may differ from those set forth above.
- (4) Includes leases in effect as of the period end date, some of which have commencement dates in the future, and leases expiring June 30, 2019 aggregating 18,432 square feet and representing annualized base rent of \$570,850 for which no new leases were signed.

Operating & Recently Stabilized Communities - (Page 33)

- (1) Soho Lofts was contributed to Roseland on June 28, 2019. As a result, \$2,931 of the total NOI (\$3,031) for 2Q 2019 is attributable directly to Mack-Cali and \$100 of the total NOI (\$3,031) is attributable to Roseland.
- (2) Unconsolidated joint venture income represented at 100% venture NOI. See Information on Net Operating Income (NOI) on page 44.
- (3) As of June 30, 2019, Priority Capital included Metropolitan at \$20,914,422 (Prudential).
- (4) Excludes approximately 83,083 SF of ground floor retail.

In-Construction Communities - (Page 35)

- (1) Represents maximum loan proceeds.
- (2) Represents development costs funded with debt or capital as of June 30, 2019.
- (3) On June 28, 2019, the Company paid down \$30 million on the construction loan with proceeds from the financing of Riverwatch Commons. Subsequent to quarter-end, the Company commenced operations at the Envue Hotel an Autograph Collection Hotel in Port Imperial, completing the dual-flag hotel development in Weehawken, NJ.
- (4) Sitework commenced 4Q 2018, though official commencement 1Q 2019. The maximum loan balance presented is the anticipated debt and as no formal agreement has been signed, which may be subject to change.
- (5) Projected stabilized yield without the Marriott Hotels at Port Imperial is 6.07 percent.

Future Start Communities - (Page 36)

- (1) Currently approved for approximately 290,000 square feet of office space.
- (2) Freehold: Roseland has signed an acquisition agreement, subject to certain conditions.

Global Definitions

Average Revenue Per Home: Calculated as total apartment revenue for the quarter ended September 30, divided by the average percent occupied for the quarter ended September 30, 2018, divided by the number of apartments and divided by three.

Consolidated Operating Communities: Wholly owned communities and communities whereby the Company has a controlling interest.

Class A Suburban: Long-term hold office properties in targeted submarkets; formerly defined as Urban Core.

Flex Parks: Primarily office/flex properties, including any office buildings located within the respective park.

Future Development: Represents land inventory currently owned or controlled by the Company.

Identified Repurposing Communities: Communities not currently owned by RRT, which have been identified for transfer from Mack-Cali to RRT for residential repurposing.

In-Construction Communities: Communities that are under construction and have not yet commenced initial leasing activities.

Lease-Up Communities: Communities that have commenced initial operations but have not yet achieved Project Stabilization.

MCRC Capital: Represents cash equity that the Company has contributed or has a future obligation to contribute to a project.

Net Asset Value (NAV): The metric represents the net projected value of the Company's interest after accounting for all priority debt and equity payments. The metric includes capital invested by the Company.

Non-Core: Properties designated for eventual sale/disposition or repositioning/redevelopment.

Operating Communities: Communities that have achieved Project Stabilization.

Predevelopment Communities: Communities where the Company has commenced predevelopment activities that have a near-term projected project start.

Project Completion: As evidenced by a certificate of completion by a certified architect or issuance of a final or temporary certificate of occupancy.

Project Stabilization: Lease-Up communities that have achieved over 95 percentage leased for six consecutive weeks.

Projected Stabilized Yield: Represents Projected Stabilized Residential NOI divided by Total Costs. See following page for "Projected Stabilized Residential NOI" definition.

Repurposing Communities: Commercial holdings of the Company which have been targeted for rezoning from their existing office to new multi-family use and have a likelihood of achieving desired rezoning and project approvals.

Subordinated Joint Ventures: Joint Venture communities where the Company's ownership distributions are subordinate to payment of priority capital preferred returns.

Suburban: Long-term hold office properties (excluding Class A Suburban and Waterfront locations); formerly defined as Suburban Core

Third Party Capital: Capital invested by third parties and not Mack-Cali.

Total Costs: Represents full project budget, including land and developer fees, and interest expense through Project Completion.

Waterfront: Office assets located on NJ Hudson River waterfront.

Definition of: Net Operating Income (NOI)

NOI represents total revenues less total operating expenses, as reconciled to net income above. The Company considers NOI to be a meaningful non-GAAP financial measure for making decisions and assessing unlevered performance of its property types and markets, as it relates to total return on assets, as opposed to levered return on equity. As properties are considered for sale and acquisition based on NOI estimates and projections, the Company utilizes this measure to make investment decisions, as well as compare the performance of its assets to those of its peers. NOI should not be considered a substitute for net income, and the Company's use of NOI may not be comparable to similarly titled measures used by other companies. The Company calculates NOI before any allocations to noncontrolling interests, as those interests do not effect the overall performance of the individual assets being measured and assessed.

DISCLOSURE REGARDING FORWARD-LOOKING STATEMENTS

The Company considers portions of this information, including the documents incorporated by reference, to be forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended. The Company intends such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in Section 21E of such act. Such forward-looking statements relate to, without limitation, our future economic performance, plans and objectives for future operations and projections of revenue and other financial items. Forward-looking statements can be identified by the use of words such as “may,” “will,” “plan,” “potential,” “projected,” “should,” “expect,” “anticipate,” “estimate,” “target,” “continue” or comparable terminology. Forward-looking statements are inherently subject to certain risks, trends and uncertainties, many of which we cannot predict with accuracy and some of which we might not even anticipate. Although the Company believes that the expectations reflected in such forward-looking statements are based upon reasonable assumptions at the time made, the Company can give no assurance that such expectations will be achieved. Future events and actual results, financial and otherwise, may differ materially from the results discussed in the forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements.

Among the factors about which the Company has made assumptions are:

- risks and uncertainties affecting the general economic climate and conditions, which in turn may have a negative effect on the fundamentals of the Company’s business and the financial condition of the Company’s tenants and residents;
- the value of the Company’s real estate assets, which may limit the Company’s ability to dispose of assets at attractive prices or obtain or maintain debt financing secured by our properties or on an unsecured basis;
- the extent of any tenant bankruptcies or of any early lease terminations;
- The Company’s ability to lease or re-lease space at current or anticipated rents;
- changes in the supply of and demand for the Company’s properties;
- changes in interest rate levels and volatility in the securities markets;
- The Company’s ability to complete construction and development activities on time and within budget, including without limitation obtaining regulatory permits and the availability and cost of materials, labor and equipment;
- forward-looking financial and operational information, including information relating to future development projects, potential acquisitions or dispositions, leasing activities, capitalization rates and projected revenue and income;
- changes in operating costs;
- The Company’s ability to obtain adequate insurance, including coverage for terrorist acts;
- The Company’s credit worthiness and the availability of financing on attractive terms or at all, which may adversely impact our ability to pursue acquisition and development opportunities and refinance existing debt and the Company’s future interest expense;
- changes in governmental regulation, tax rates and similar matters; and
- other risks associated with the development and acquisition of properties, including risks that the development may not be completed on schedule, that the tenants or residents will not take occupancy or pay rent, or that development or operating costs may be greater than anticipated.

For further information on factors which could impact us and the statements contained herein, see Item 1A: Risk Factors in MCRC’s Annual Report on Form 10-K for the Year ended December 31, 2018. We assume no obligation to update and supplement forward-looking statements that become untrue because of subsequent events, new information or otherwise.

This Supplemental Operating and Financial Data is not an offer to sell or solicitation to buy any securities of the Mack-Cali Reality Corporation (“MCRC”). Any offers to sell or solicitations of the MCRC shall be made by means of a prospectus. The information in this Supplemental Package must be read in conjunction with, and is modified in its entirety by, the Quarterly Report on Form 10-Q (the “10-Q”) filed by the MCRC for the same period with the Securities and Exchange Commission (the “SEC”) and all of the MCRC’s other public filings with the SEC (the “Public Filings”). In particular, the financial information contained herein is subject to and qualified by reference to the financial statements contained in the 10-Q, the footnotes thereto and the limitations set forth therein. Investors may not rely on the Supplemental Package without reference to the 10-Q and the Public Filings. Any investors’ receipt of, or access to, the information contained herein is subject to this qualification.
