# Byrna Technologies Expands Presence in Argentina, Adding Airport Security Deployment

ANDOVER, Mass., Sept. 19, 2024 (GLOBE NEWSWIRE) -- [Byrna Technologies Inc.](#) ("**Byrna**" or the "**Company**") (Nasdaq: **BYRN**), a technology company specializing in the development, manufacture, and sale of innovative less-lethal personal security solutions, today announced a 1,000 launcher order from Argentina's Policía de Seguridad Aeroportuaria ("PSA"), the federal agency responsible for airport security across the country.

The PSA initially purchased Byrna's less-lethal pistols and rifles in April. Since then, the agency has been training officers to use the launchers and has recently begun deploying them in airports across the nation.

"This latest deployment of Byrna launchers with the PSA further highlights our expanding presence in Argentina and the increasing normalization of less-lethal solutions in both the country and the region broadly," said Bryan Ganz, CEO of Byrna Technologies. "As our international footprint continues to grow, we are gaining strong traction with law enforcement agencies that are embracing less-lethal alternatives. These deployments reinforce our

leadership in the evolving landscape of public safety, and we are looking forward to seeing the positive impact Byrna has across Argentina.”

This order is another significant step in Byrna’s expansion across Argentina. Earlier this year, Byrna [secured a 10,000 launcher order](#) with the Córdoba Provincial Police. The police departments of Lanús, Tigre, and Ezeiza, municipalities near Buenos Aires, Argentina have also been using Byrna launchers and ammunition in their units.

### **About Byrna Technologies Inc.**

Byrna is a technology company specializing in the development, manufacture, and sale of innovative less-lethal personal security solutions. For more information on the Company, please visit the corporate website [here](#) or the Company's investor relations site [here](#). ### **Forward-Looking Statements**

*This news release contains “forward-looking statements” within the meaning of the securities laws. All statements contained in this news release, other than statements of current and historical fact, are forward-looking. Often, but not always, forward-looking statements can be identified by the use of words such as “plans,” “expects,” “intends,” “anticipates,” and “believes” and statements that certain actions, events or results “may,” “could,” “would,” “should,” “might,” “occur,” “be achieved,” or “will be taken.” Forward-looking statements include descriptions of currently occurring matters which may continue in the future. Forward-looking statements in this news release include, but are not limited to, our statements related to the fulfillment of orders, trends in acceptance of less-lethal solutions in Argentina and regionally, and growth in the Company’s international presence. Forward-looking statements are not, and cannot be, a guarantee of future results or events. Forward-looking statements are based on, among other things, opinions, assumptions, estimates, and analyses that, while considered reasonable by the Company at the date the forward-looking information is provided, inherently are subject to significant risks, uncertainties, contingencies, and other factors that may cause actual results and events to be materially different from those expressed or implied.*

*Any number of risk factors could affect our actual results and cause them to differ materially from those expressed or implied by the forward-looking statements in this news release, including, but not limited to, disruption of our supply chain; disruption or delays in new product development; inventory constraints; increased shipping costs or delayed shipments; prototype, parts and material shortages; determinations by third party controlled distribution channels not to carry or reduce inventory of the Company's products; determinations by advertisers to prohibit marketing of some or all Byrna products; the loss of marketing partners; product design defects or recalls; litigation, enforcement proceedings or other regulatory or legal developments; changes in consumer or political sentiment affecting product demand; delays in planned operations related to licensing, registration or permit requirements; and future restrictions on the Company's cash resources, increased costs and other events that could potentially reduce demand for the Company's products or result in order cancellations. The order in which these factors appear should not be construed to*

*indicate their relative importance or priority. We caution that these factors may not be exhaustive; accordingly, any forward-looking statements contained herein should not be relied upon as a prediction of actual results. Investors should carefully consider these and other relevant factors, including those risk factors in Part I, Item 1A, ("Risk Factors") in the Company's most recent Form 10-K, should understand it is impossible to predict or identify all such factors or risks, should not consider the foregoing list, or the risks identified in the Company's SEC filings, to be a complete discussion of all potential risks or uncertainties, and should not place undue reliance on forward-looking information. The Company assumes no obligation to update or revise any forward-looking information, except as required by applicable law.*
