1. Fundamental to this Policy is the expectation that all personnel decisions will be made on the basis of qualifications, experience and job performance. To ensure that qualified individuals have an opportunity to be considered when personnel decisions are made, Vestis actively recruits for employment and promotion members of those groups in society who have traditionally experienced discrimination or who have been excluded from the workforce. Consistent with its obligations as a federal government contractor, it is Vestis’s policy to take affirmative action to ensure that minority group members, women, veterans, and individuals with disabilities are utilized in all levels of the workforce.

2. Recognizing that equal employment opportunity can best be achieved through demonstrated leadership and aggressive implementation of a viable Affirmative Action program, Vestis’s policy is to maintain Affirmative Action Plans that set forth the specific affirmative action and equal employment opportunity responsibilities for its officers, managers, and supervisors in accordance with the laws applicable to federal government contractors. These management teammates, with the assistance of certain designated Departments, are expected to make reasonable efforts to carry out their affirmative action responsibilities to ensure that equal employment opportunity is available to all.
