BrainChip to attend 30th Annual ROTH Conference

SAN FRANCISCO, Feb. 26, 2018 (GLOBE NEWSWIRE) -- BrainChip Holdings Ltd. ("BrainChip" or the "Company") (ASX:BRN), a leading developer of software and hardware accelerated solutions for advanced artificial intelligence (AI) and machine learning applications today announced that Louis DiNardo, CEO and Ryan Benton, CFO will present at the 30th Annual ROTH Conference on Monday March 12, 2018 at the Ritz Carlton, Laguna Niguel, in Dana Point, California.

The Company's presentation will include a discussion of current business opportunities and new product developments, as well as industry trends in advanced artificial intelligence.

The ROTH Conference is one of the leading investment conferences for small and mid-cap companies and attracts close to 550 participating companies and over 4,700 attendees including institutional investors, private equity investors, venture capital firms and service providers.

The conference will feature presentations from public and private companies in a variety of sectors including technology, healthcare, resources and consumer sectors.

BrainChip will also host one-on-one meetings with interested investors throughout the day.

About BrainChip Holdings Ltd (ASX:BRN)

BrainChip Holdings Ltd. is a leading provider of software and hardware-accelerated solutions for Advanced Artificial Intelligence and Machine Learning applications. The Company has developed a revolutionary new spiking neural network technology that can learn autonomously, evolve and associate information just like the human brain. The technology, which is proprietary, is fast, completely digital and consumes very low power. The Company provides software and hardware solutions that address the high-performance requirements in civil surveillance, gaming, facial recognition and visual inspection systems. www.brainchipinc.com.
