Coda Octopus Group, Inc. Announces Stock Ticker Symbol Change to COGI

Coda Octopus Group, Inc. (CODA) (CDOC) today announced that FINRA has approved a change of the Company's stock ticker symbol. Effective today, the Company's common shares will commence trading on the OTCQX under the trading symbol "COGI" (OTC:COGI). The previous trading symbol was "CDOC" (CDOC).

Annmarie Gayle, CODA's CEO commented, "Today we are excited to extend the branding of the Coda Octopus Group with the change of our stock symbol to COGI. This acronym ticker symbol better reflects our three group companies: Coda Octopus Products, Coda Octopus Colmek, and Coda Octopus Martech."

All CODA filings and market related information will be reported under the new symbol COGI effective today. The CUSIP for the Company's common stock will remain unchanged. Outstanding stock certificates are not affected by the ticker symbol change and do not need to be exchanged.

About Coda Octopus Group, Inc.

Originally founded in 1994 as Coda Technologies, the Coda Octopus Group is now headquartered in Lakeland, Florida.

The Group consists of a Marine Products business located in Lakeland, Florida, Edinburgh, Scotland, Perth, Australia, and Bergen, Norway, and engineering businesses, Coda Octopus Colmek in Salt Lake City, Utah and Coda Octopus Martech in Weymouth, England. Each of the Group companies are technology innovators with a particularly high level of sonar expertise. The Group has facilities in Florida, Utah, the UK, Australia, and Norway.

Alongside providing bespoke engineering and development for defense applications one of the Group's key products is the patented Coda Echoscope® - the first real time 3D sub-sea sonar which is used in oil and gas, underwater construction, search and rescue operations and port and harbor security and constructions. The top end software which runs on the Echoscope® (Underwater Survey Explorer) is also proprietary to Coda Octopus. The Echoscope® is also at the heart of the Underwater Inspection System which is being adopted for port and harbor security, and other applications globally. We have a number of products which are based on our real time 3D technology (Echoscope®, Underwater Inspection System and Dimension® (the latter being a forward looking real time sonar targeted at ROV applications)).

With this patented revolutionizing sub-sea visualization capability, and the existing systems integration skills within Coda Octopus Colmek, Inc. and Coda Octopus Martech Ltd., the Coda Octopus Group believes it can become a world leading integrated sonar technology supplier.
