Kiora Pharmaceuticals Announces Closing of \$6.0 Million Underwritten Public Offering and Full Exercise of Over-Allotment Option

Salt Lake City, Utah--(Newsfile Corp. - July 26, 2022) - Kiora Pharmaceuticals, Inc. (NASDAQ: KPRX), ("Kiora" or the "Company") today announced the closing of an underwritten public offering for gross proceeds of approximately \$6.0 million, which includes full exercise of the underwriter's over-allotment option to purchase additional shares and warrants, prior to deducting underwriting discounts and commissions and offering expenses.

The offering was comprised of (i) 23,695,697 shares of common stock, (ii) 1,280 shares of Series E Convertible Preferred Stock, (iii) 30,095,697 Class A Warrants with an exercise price of \$0.20 per share and a term of one year following the initial exercise date, and (iv) 30,095,697 Class B Warrants with an exercise price of \$0.20 per share and a term of five years following the initial exercise date. The price per share of common stock, Class A Warrant and Class B Warrant was \$0.20. The price per share of Series E Convertible Preferred Stock, Class A Warrant to purchase 5,000 shares of common stock and Class B Warrant to purchase 5,000 shares of common stock was \$1,000.00. The warrants issued in this transaction are fixed priced and do not contain any variable pricing features. The warrants will be exercisable beginning on the effective date of a reverse stock split in an amount sufficient to permit the exercise in full of the warrants, contingent upon stockholder approval of such reverse stock split and of the exercisability of the warrants. The shareholder meetings will be held on or before September 23, 2022.

Ladenburg Thalmann & Co. Inc. acted as sole book-running manager in connection with this offering.

The securities issued at closing include 3,925,525 shares of common stock, Class A Warrants to purchase up to 3,925,525 shares of common stock and additional Class B Warrants to purchase up to 3,925,525 shares of common stock, issued upon the full exercise of the over-allotment option. The securities were offered pursuant to a registration statement on Form S-1 (File No. 333-264641), which was declared effective by the United States Securities and Exchange Commission ("SEC") on July 21, 2022.

This press release does not constitute an offer to sell or the solicitation of an offer to buy, nor will there be any sales of these securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of such jurisdiction. A final prospectus relating to this offering was filed by Kiora with the SEC on July 25, 2022. About Kiora Pharmaceuticals

Kiora Pharmaceuticals is a clinical-stage biotechnology company developing and commercializing products for the treatment of ophthalmic diseases. KIO-301 is being developed for the treatment of retinitis pigmentosa. It is a molecular photoswitch that has the potential to restore vision in patients with inherited and/or age-related retinal degeneration. KIO-101 is being developed for the treatment of the Ocular Presentation of Rheumatoid Arthritis ("OPRA"). It is a next-generation, non-steroidal, immuno-modulatory and small molecule inhibitor of Dihydroorotate Dehydrogenase ("DHODH") with what Kiora believes is best-in-class picomolar potency and a validated immune modulating mechanism (blocks T cell proliferation and proinflammatory cytokine release) designed to overcome the off-target side effects and safety issues associated with commercially available DHODH inhibitors. In addition, Kiora is developing KIO-201, a modified form of the natural polymer hyaluronic acid, designed to accelerate corneal wound healing.
