

First Quarter 2024

Earnings Conference Call

April 16, 2024

Cautionary Statement

Regarding Forward-Looking and non-GAAP Financial Information

Our earnings conference call presentation is not intended as a full business or financial review and should be viewed in the context of all of the information made available by PNC in its SEC filings and on our corporate website.

The presentation contains forward-looking statements regarding our outlook for financial performance, such as earnings, revenues, expenses, tax rates, capital and liquidity levels and ratios, asset levels, asset quality, financial position, and other matters regarding or affecting PNC and its future business and operations, including sustainability strategy. Forward-looking statements are necessarily subject to numerous assumptions, risks and uncertainties, which change over time. The forward-looking statements in this presentation are qualified by the factors affecting forward-looking statements identified in the more detailed Cautionary Statement included in the Appendix. We provide greater detail regarding these as well as other factors in our 2023 Form 10-K, and our subsequent SEC filings. Our forward-looking statements may also be subject to risks and uncertainties including those we may discuss in this presentation or in our SEC filings. Future events or circumstances may change our outlook and may also affect the nature of the assumptions, risks and uncertainties to which our forward-looking statements are subject. Forward-looking statements in this presentation speak only as of the date of this presentation. We do not assume any duty and do not undertake any obligation to update those statements. Actual results or future events could differ, possibly materially, from those anticipated in forward-looking statements, as well as from historical performance. As a result, we caution against placing undue reliance on any forward-looking statements.

We include non-GAAP financial information in this presentation. Reconciliations for such financial information may be found in our presentation, in these slides, including the Appendix, in other materials on our corporate website, and in our SEC filings. This information supplements our results as reported in accordance with GAAP and should not be viewed in isolation from, or as a substitute for, our GAAP results. We believe that this information and the related reconciliations may be useful to investors, analysts, regulators and others to help understand and evaluate our financial results, and with respect to adjusted metrics, because we believe they better reflect the ongoing financial results and trends of our businesses and increase comparability of period-to-period results. We may also use annualized, pro forma, estimated or third party numbers for illustrative or comparative purposes only. These may not reflect actual results.

References to our corporate website are to www.pnc.com under “About Us - Investor Relations.” Our SEC filings are available both on our corporate website and on the SEC’s website at www.sec.gov. We include web addresses here as inactive textual references only. Information on these websites is not part of this presentation.

Appendix: Cautionary Statement

Regarding Forward-Looking Information

We make statements in this presentation, and we may from time to time make other statements, regarding our outlook for financial performance, such as earnings, revenues, expenses, tax rates, capital and liquidity levels and ratios, asset levels, asset quality, financial position, and other matters regarding or affecting us and our future business and operations, including our sustainability strategy, that are forward-looking statements within the meaning of the Private Securities Litigation Reform Act. Forward-looking statements are typically identified by words such as “believe,” “plan,” “expect,” “anticipate,” “see,” “look,” “intend,” “outlook,” “project,” “forecast,” “estimate,” “goal,” “will,” “should” and other similar words and expressions.

Forward-looking statements are necessarily subject to numerous assumptions, risks and uncertainties, which change over time. Future events or circumstances may change our outlook and may also affect the nature of the assumptions, risks and uncertainties to which our forward-looking statements are subject. Forward-looking statements speak only as of the date made. We do not assume any duty and do not undertake any obligation to update forward-looking statements. Actual results or future events could differ, possibly materially, from those anticipated in forward-looking statements, as well as from historical performance. As a result, we caution against placing undue reliance on any forward-looking statements.

Our forward-looking statements are subject to the following principal risks and uncertainties.

- Our businesses, financial results and balance sheet values are affected by business and economic conditions, including:
 - Changes in interest rates and valuations in debt, equity and other financial markets,
 - Disruptions in the U.S. and global financial markets,
 - Actions by the Federal Reserve Board, U.S. Treasury and other government agencies, including those that impact money supply, market interest rates and inflation,
 - Changes in customer behavior due to changing business and economic conditions or legislative or regulatory initiatives,
 - Changes in customers', suppliers' and other counterparties' performance and creditworthiness,
 - Impacts of sanctions, tariffs and other trade policies of the U.S. and its global trading partners,
 - Impacts of changes in federal, state and local governmental policy, including on the regulatory landscape, capital markets, taxes, infrastructure spending and social programs,
 - Our ability to attract, recruit and retain skilled employees, and
 - Commodity price volatility.

Appendix: Cautionary Statement

Regarding Forward-Looking Information

- Our forward-looking financial statements are subject to the risk that economic and financial market conditions will be substantially different than those we are currently expecting and do not take into account potential legal and regulatory contingencies. These statements are based on our views that:
 - PNC’s baseline forecast is for slower economic growth in 2024 as consumer spending growth slows and higher interest rates remain a drag on the economy. The ongoing strength of the labor market will continue to support consumer spending. The Federal Open Market Committee is indicating that it will start to cut the federal funds rate later this year, with rate cuts supporting economic growth toward the end of 2024.
 - GDP growth this year will be close to trend at below 2%, and the unemployment rate will increase modestly to somewhat above 4% by the end of 2024. Inflation will continue to slow as wage pressures abate, moving back to the Federal Reserve’s 2% long-term objective by the first half of 2025.
 - PNC expects the federal funds rate to remain unchanged in the first part of 2024, between 5.25% and 5.50%, with federal funds rate cuts starting in mid-2024 with easing inflationary pressures. PNC expects two federal funds rate cuts in 2024, with the rate ending this year in a range between 4.75% and 5.00%.
- PNC’s ability to take certain capital actions, including returning capital to shareholders, is subject to PNC meeting or exceeding minimum capital levels, including a stress capital buffer established by the Federal Reserve Board in connection with the Federal Reserve Board’s Comprehensive Capital Analysis and Review (CCAR) process.
- PNC’s regulatory capital ratios in the future will depend on, among other things, PNC’s financial performance, the scope and terms of final capital regulations then in effect and management actions affecting the composition of PNC’s balance sheet. In addition, PNC’s ability to determine, evaluate and forecast regulatory capital ratios, and to take actions (such as capital distributions) based on actual or forecasted capital ratios, will be dependent at least in part on the development, validation and regulatory review of related models and the reliability of and risks resulting from extensive use of such models.
- Legal and regulatory developments could have an impact on our ability to operate our businesses, financial condition, results of operations, competitive position, reputation, or pursuit of attractive acquisition opportunities. Reputational impacts could affect matters such as business generation and retention, liquidity, funding, and ability to attract and retain employees. These developments could include:
 - Changes to laws and regulations, including changes affecting oversight of the financial services industry, changes in the enforcement and interpretation of such laws and regulations, and changes in accounting and reporting standards.
 - Unfavorable resolution of legal proceedings or other claims and regulatory and other governmental investigations or other inquiries resulting in monetary losses, costs, or alterations in our business practices, and potentially causing reputational harm to PNC.
 - Results of the regulatory examination and supervision process, including our failure to satisfy requirements of agreements with governmental agencies.
 - Costs associated with obtaining rights in intellectual property claimed by others and of adequacy of our intellectual property protection in general.

Appendix: Cautionary Statement

Regarding Forward-Looking Information

- Business and operating results are affected by our ability to identify and effectively manage risks inherent in our businesses, including, where appropriate, through effective use of systems and controls, third-party insurance, derivatives, and capital management techniques, and to meet evolving regulatory capital and liquidity standards.
- Our reputation and business and operating results may be affected by our ability to appropriately meet or address environmental, social or governance targets, goals, commitments or concerns that may arise.
- We grow our business in part through acquisitions and new strategic initiatives. Risks and uncertainties include those presented by the nature of the business acquired and strategic initiative, including in some cases those associated with our entry into new businesses or new geographic or other markets and risks resulting from our inexperience in those new areas, as well as risks and uncertainties related to the acquisition transactions themselves, regulatory issues, the integration of the acquired businesses into PNC after closing or any failure to execute strategic or operational plans.
- Competition can have an impact on customer acquisition, growth and retention and on credit spreads and product pricing, which can affect market share, deposits and revenues. Our ability to anticipate and respond to technological changes can also impact our ability to respond to customer needs and meet competitive demands.
- Business and operating results can also be affected by widespread manmade, natural and other disasters (including severe weather events), health emergencies, dislocations, geopolitical instabilities or events, terrorist activities, system failures or disruptions, security breaches, cyberattacks, international hostilities, or other extraordinary events beyond PNC's control through impacts on the economy and financial markets generally or on us or our counterparties, customers or third-party vendors and service providers specifically.

We provide greater detail regarding these as well as other factors in our 2023 Form 10-K, including in the Risk Factors and Risk Management sections and the Legal Proceedings and Commitments Notes of the Notes To Consolidated Financial Statements in that report, and in our subsequent SEC filings. Our forward-looking statements may also be subject to other risks and uncertainties, including those we may discuss elsewhere in this news release or in our SEC filings, accessible on the SEC's website at www.sec.gov and on our corporate website at www.pnc.com/secfilings. We have included these web addresses as inactive textual references only. Information on these websites is not part of this document.

Estimated Additional Impact from Threshold Deductions, Basel III Endgame	(0.3)		
Common equity Tier 1 capital, Basel III Endgame	\$35.7		
Common equity Tier 1 ratio	10.1%		
Common equity Tier 1 ratio, including AOCI (non-GAAP)	8.5%		
Common equity Tier 1 ratio, fully phased-in ERBA, Basel III Endgame (non-GAAP)	8.3%		

Note: Totals may not sum due to rounding. As permitted, PNC has elected to exclude AOCI related to both available for sale securities and pension and other post-retirement plans from CET1 capital. CET1 ratio, including AOCI, is a non-GAAP measure and is calculated based on common equity Tier 1 capital, inclusive of AOCI adjustments, divided by risk-weighted assets, inclusive of AOCI adjustments. AOCI adjustments include ASC 320 Investments – Debt Securities and ASC 815 Derivatives and Hedging, ASC 715 Compensation – Retirement Benefits, as well as changes related to deferred taxes. We believe this non-GAAP measure shows, among other things, the impact of adding back net unrealized gains and subtracting net unrealized losses on AFS / HTM securities and the subsequent impact to our CET1 ratio. CET1 ratio, Basel III Endgame, is a non-GAAP measure and is calculated based on common equity Tier 1 capital, inclusive of AOCI and additional Basel III Endgame adjustments, divided by risk-weighted assets, inclusive of AOCI and additional Basel III Endgame adjustments. Additional Basel III Endgame adjustments include MSR threshold deductions, as well as adjustments related to credit risk, operational risk, credit valuation adjustments, and market risk. We believe this non-GAAP measure shows, among other things, the full impact of the Basel III Endgame NPR and the subsequent impact to our CET1 ratio.

Core Noninterest Expense (non-GAAP)

<i>\$ millions</i>	For the three months ended			For the year ended
	Mar. 31, 2024	Dec. 31, 2023	Mar. 31, 2023	Dec. 31, 2023
Total noninterest expense	\$3,334	\$4,074	\$3,321	\$14,012
Workforce reduction charge		(150)		(150)
FDIC special assessment	(130)	(515)		(515)

Core noninterest expense (non-GAAP)	\$3,204	\$3,409	\$3,321	\$13,347

We believe this non-GAAP measure to be a useful tool for comparison of operating expenses incurred during the normal course of business. The exclusion of FDIC special assessment costs and workforce reduction charges increases comparability across periods, demonstrates the impact of significant items and provides a useful measure for determining PNC's expenses that are core to our business operations and expected to recur over time.

Adjusted net income attributable to diluted common shareholders (non-GAAP)	\$1,343	\$3.36	\$1,265	\$3.16
Average diluted common shares outstanding	400		401	

Note: Total non-core noninterest expense adjustments are taxed at the statutory rate of 21%.

We believe this non-GAAP measure serves as a useful tool in understanding PNC's results by providing greater comparability between periods, as well as demonstrating the effect of significant items.

Pretax, Pre-Provision Earnings, as adjusted (non-GAAP)

<i>\$ millions</i>	For the three months ended		
	Mar. 31, 2024	Dec. 31, 2023	Mar. 31, 2023
Total Revenue	\$5,145	\$5,361	\$5,603
Total noninterest expense	\$3,334	\$4,074	\$3,321
Non-core noninterest expense	(130)	(665)	
Core noninterest expense (non-GAAP)	\$3,204	\$3,409	\$3,321
Pretax, pre-provision earnings (non-GAAP)	\$1,811	\$1,287	\$2,282
Pretax, pre-provision earnings, as adjusted (non-GAAP)	\$1,941	\$1,952	\$2,282

We believe that pretax, pre-provision earnings is a useful tool to help evaluate the ability to provide for credit costs through operations and provides an additional basis to compare results between periods by isolating the impact of provision for (recapture of) credit losses, which can vary significantly between periods.

Taxable-Equivalent Net Interest Income (non-GAAP)

<i>\$ millions</i>	For the three months ended		
	Mar. 31, 2024	Dec. 31, 2023	Mar. 31, 2023
Net interest income	\$3,264	\$3,403	\$3,585
Taxable-equivalent adjustments	34	36	38
Net interest income - fully taxable-equivalent (non-GAAP)	\$3,298	\$3,439	\$3,623

The interest income earned on certain earning assets is completely or partially exempt from federal income tax. As such, these tax-exempt instruments typically yield lower returns than taxable investments. To provide more meaningful comparisons of net interest income, we use interest income on a taxable-equivalent basis by increasing the interest income earned on tax-exempt assets to make it fully equivalent to interest income earned on taxable investments. This adjustment is not permitted under GAAP. Taxable-equivalent net interest income is only used for calculating net interest margin. Net interest income shown elsewhere in this presentation is GAAP net interest income.

Tangible Book Value per Common Share (non-GAAP)

<i>\$ millions, except per share data</i>	For the three months ended		
	Mar. 31, 2024	Dec. 31, 2023	Mar. 31, 2023
Book value per common share	\$113.30	\$112.72	\$104.76
Tangible book value per common share			
Common shareholders' equity	\$45,097	\$44,864	\$41,809
Goodwill and other intangible assets	(11,225)	(11,244)	(11,378)
Deferred tax liabilities on goodwill and other intangible assets	242	244	260
Tangible common shareholders' equity	\$34,114	\$33,864	\$30,691
Period-end common shares outstanding <i>(in millions)</i>	398	398	399
Tangible book value per common share (non-GAAP)	\$85.70	\$85.08	\$76.90

Tangible book value per common share is a non-GAAP measure and is calculated based on tangible common shareholders' equity divided by period-end common shares outstanding. We believe this non-GAAP measure serves as a useful tool to help evaluate the strength and discipline of a company's capital management strategies and as an additional, conservative measure of total company value.

Tangible Common Equity Ratio (non-GAAP)

<i>\$ millions</i>	For the three months ended		
	Mar. 31, 2024	Dec. 31, 2023	Mar. 31, 2023
Tangible common shareholders' equity			
Common shareholders' equity	\$45,097	\$44,864	\$41,809
Goodwill and other intangible assets	(11,225)	(11,244)	(11,378)
Deferred tax liabilities on goodwill and other intangible assets	242	244	260
Tangible common shareholders' equity	\$34,114	\$33,864	\$30,691
Tangible assets			
Total assets	\$566,162	\$561,580	\$561,777
Goodwill and other intangible assets	(11,225)	(11,244)	(11,378)
Deferred tax liabilities on goodwill and other intangible assets	242	244	260
Tangible assets	\$555,179	\$550,580	\$550,659
Tangible common equity ratio (non-GAAP)	6.14%	6.15%	5.57%

Tangible common equity ratio is a non-GAAP measure and is calculated based on tangible common shareholders' equity divided by tangible assets. We believe this non-GAAP measure to be a key financial metric in assessing capital adequacy.

Return On Average Tangible Common Equity (non-GAAP)

<i>\$ millions</i>	For the three months ended		
	Mar. 31, 2024	Dec. 31, 2023	Mar. 31, 2023
Return on average common shareholders' equity	11.39%	6.93%	16.11%
Average common shareholders' equity	\$44,421	\$42,564	\$40,462
Average goodwill and other intangible assets	(11,235)	(11,323)	(11,390)
Average deferred tax liabilities on goodwill and other intangible assets	243	249	261
Average tangible common equity	\$33,429	\$31,490	\$29,333
Net income attributable to common shareholders	\$1,247	\$744	\$1,607
Net income attributable to common shareholders, if annualized	\$5,058	\$2,951	\$6,518
Return on average tangible common equity (non-GAAP)	15.13%	9.37%	22.22%

Return on average tangible common equity is a non-GAAP financial measure and is calculated based on annualized net income attributable to common shareholders divided by tangible common equity. We believe that return on average tangible common equity is useful as a tool to help measure and assess a company's use of common equity.

Appendix: Expectations for Preferred Dividends

Preferred Dividends

<i>\$ millions</i>	For the three months ended		
	Jun. 30, 2024	Sept. 30, 2024	Dec. 31, 2024
Preferred dividends	\$95	\$81	\$94

The above represents our current estimate for preferred dividends over the course of the next 3 quarters for currently outstanding series. This estimate is based on the forward curve as of March 31, 2024, and assumes that current preferred stock remains outstanding.
